**Subject:** 2<sup>nd</sup> One year Management Programme in Public Policy (MPPP) at Indian School of Business, Hyderabad/ Mohali- Regarding.

Sir/Madam,

The Training Division of Department of Personnel & Training is sponsoring one year 'Management Programme in Public Policy' (MPPP) by Indian School of Business (ISB), the 2<sup>nd</sup> batch of which is scheduled to commence from 15<sup>th</sup> April, 2017. The course is entirely a domestic long term programme without any foreign component and will be carried out at ISB's Mohali & Hyderabad campuses.

**Course pedagogy:**

2. Unlike the existing Long Term Domestic Programmes of this department, which have full time components of institutional attachment, as well as international exposure embedded in them, the MPPP has been conceptualized as an officer friendly domestic training programme on public policy without any international component. The advantage being that unlike other long term programmes, this programme is structured with minimal dislocation of officers from their work places, thereby allowing them to continue with their current assignment/posting during the duration of the course. The programme uses latest communication technology to bridge the distance and reduce the need for face-to-face classroom-based course delivery.

3. The course shall consist of three terms, to be delivered via a hybrid model with domestic residencies involving intensive classroom sessions, distance and e-learning module, online preparatory and follow up sessions. The details in this regard may be ascertained from the web site of Indian School of Business, Hyderabad/Mohali.

L

4. The programme is open to officers belonging to All India Services (Indian Administrative Service, Indian Police Service and Indian Forest Service), Central Civil Services (Group 'A'), faculty members of State Administrative Training Institutes (ATIs) and Central Training Institutes (CTIs) and also Officers of the State Civil Services (Group 'A') subject to the eligibility conditions as enclosed.

## About the Indian School of Business

The Indian School of Business is a research-driven, world-class business school in India. The School has grown at a rapid pace since its inception and already has several notable accomplishments to its credit – the youngest School ever to consistently rank among the top Global MBA programmes, the first institution in South Asia to receive the prestigious AACSB accreditation, and one of the largest providers of Executive Education in Asia.

The School offers a one-year full-time Post Graduate Programme; a 15-month part-time Post Graduate Programme in Management for Senior Executives (PGPMAX); a 15-month part-time Management Programme for Family Business (MFAB); an 18-month weekend Post Graduate Programme in Management in Hyderabad and Delhi/NCR (PGPpro), the doctoral offering, and high-powered Executive Education programmes for senior, mid, junior and top management.

The original and distinctive research of our faculty members ensures that our programme content is contemporary and global in its perspective, and develops our students' understanding of modern management opportunities and challenges.

In 2012, ISB opened its second campus in Mohali. It features four specialised institutes in Healthcare, Infrastructure, Manufacturing and Public Policy.

**“In an era of increasingly volatile economic conditions, disruptive technologies, intensifying globalisation, stressed infrastructure and the rise of social media-aided regime changes around the world, policymaking is becoming more complex. Given the dynamic environment, the shifting landscape and the diversity in the needs of multiple stakeholders such as business, government, society and media, the public policy decision-makers must deal with complexity in a fact-based, interdisciplinary and scientific approach.”**

- Education

The Institute works closely with ISB's partner school, The Fletcher School of Law and Diplomacy, Tufts University, USA. It is funded by the Bharti Foundation.

Since its inception, the Institute has partnered with UNICEF to deliver a programme on Impact Evaluation that attracts evaluation professionals from the government and private sectors, as well as students from the UN and various other multilateral agencies in Asia and Africa.

The Institute has also created Public Policy specialisation in ISB's Post Graduate Programme. The specialisation comprises a carefully chosen set of courses that imparts necessary skills in the fast-changing world of policy to B-school graduates, as well as create an exposure to the practices and challenges of the policy world.

The team at the Institute, along with its associated ISB faculty members, undertakes policy-relevant research with outputs including books, working papers with policy recommendations aimed at publication in reputed scholarly journals, and more accessible policy papers providing analysis and commentary on contemporary policy challenges. The Institute also undertakes commissioned projects from the government and multilateral agencies. It has already engaged with organisations such as the UNDP, the UNICEF and the World Bank.

“With an aim to impact the area of Public Policy, the Bharti Institute conducts cutting-edge research, and applies it to education, grooming future leaders. The Management Programme in Public Policy brings together the best of faculty from ISB and around the world, to help participants understand the challenges and opportunities in Public Policy in India, and learn global best practices in the field.”

Public Policy is a cross-disciplinary field – spanning Education, Health, Urban Planning, Skill Development, Financial Policy, Energy Security, Environment and many other areas. In today’s interconnected and globalised world, governments, international organisations, civil society and the private sector increasingly require policy experts who have the skills to work under these complex circumstances.

The MPPP is tailor-made for mid-career professionals, both in the public and the private sectors. Its uniqueness is rooted in the rigorous and interdisciplinary learning experience designed for high-performing civil servants and private

sector professionals. The MPPP aims at equipping students with useful skill-sets and the latest in policy thinking and implementation around the world, while facilitating a cross-border and cross-cultural knowledge exchange between the private and the public sectors.

The programme has been developed by the Bharti Institute of Public Policy at ISB, in consultation with one of the world’s leading Public Policy schools – The Fletcher School of Law and Diplomacy, Tufts University. The programme is being delivered in collaboration with ISB’s Centre for Executive Education.

## Highlights of the Programme

### For Mid and Senior-Level Students

The MPPP is designed specifically to address the needs of mid-career and senior-level professionals from government, public and private sectors, global organisations and NGOs.

### Delivery via Hybrid Model

The course will be delivered via a unique hybrid model with six, five-day residencies, involving intensive classroom sessions, spread over a year, interspersed with online interaction and group work – the first of its kind in India. *The modular residency format facilitates the acquisition of knowledge and skill-sets without requiring students to take a break from their regular jobs.*

### Duration

It is a one-year programme, comprising three terms. Each term comprises 17 weeks and has two residencies.

### Residencies

The terms are divided into two residencies each, held in either of the two ISB campuses – Hyderabad or Mohali. Students have the opportunity to engage with the faculty on the subject and can discuss the content in depth during these residencies. A high profile guest faculty pool complements the courses and further enhances learning. The residencies allow students to network with one another and build lasting relationships.

### Technology-Assisted Learning

The Technology-Assisted Learning component of the course is distributed over 11 weeks and will be delivered via a combination of the following tools, depending on the needs of that particular module and the concerned faculty.

*Dean Rajendra Srivastava and Mr. Rakesh Bharti Mittal handing over a memento to the Honourable President of India at Rashtrapati Bhavan*

- Live webcast/pre-recorded video
- Lectures/Online tutorials (web-based)
- Audio recordings of discussions, readings and case studies
- Online quizzes (either graded or otherwise)
- Online (either live chat or email-based) Q & A sessions
- Weekly assignments – submission and review of work done by each team of students (typically a group of five)
- Any additional write-ups, journals, articles or pre-reads as prescribed by faculty

### Experiential Learning

In addition to working with world-class faculty and peers to gain strong conceptual grounding through classroom and Technology-Assisted Learning, the programme also provides the opportunity for students to evaluate policies in action, and encourages them to write policy white papers in the area of their interest. The experiential learning exercises mentioned below are mentored and evaluated by a pool of senior Public Policy experts.
