Central Statistical  
Organisation  
Ministry of Statistics and  
Programme  
Implementation  
Government of India

The Central Statistical Organization in collaboration with the Directorates of Economics and Statistics of various States/UT Governments conducted the 5<sup>th</sup> Economic Census throughout the country in 2005 with a view to collect broad information for both organized sector and unorganized sector, and to prepare a frame of agricultural and non-agricultural establishments, except crop production and plantation according to 4-digit of NIC-2004, for taking up follow-up census and surveys to collect detailed information on various parameters relating to the organized and unorganized sectors of the economy.

While the All India report is being published separately, this Fact Sheet presents the key indicators for the UT of A & N Islands along with the all India comparable figures.

The results of the 5<sup>th</sup> Economic Census conducted in Andaman & Nicobar Islands reveal that in the year 2005 there were 13,488 establishments of which 119 are agricultural establishments and 13,369 are non-agricultural establishments. When compared with the results of the Fourth Economic Census conducted in 1998, the compound annual growth rate of establishments during the period 1998-2005 was of the order of -0.25%. The number of persons engaged in these 13,488 establishments was of the order of 53,214 of which 661 are in agricultural establishments and 52,553 are in the non-agricultural establishments. Employment grew at the rate of -2.30% per annum during the period 1998-2005. Details of rural, urban break-up both for the year 1998 and 2005 are given in the table on the next page.
