## प्राक्कथन

एनएसएसओ द्वारा असमाविष्ट गैर-कृषि उद्यमों पर किए गए सर्वेक्षण राष्ट्रीय और राज्य स्तर पर विनिर्माण, व्यापार और अन्य सेवा क्षेत्रों (निर्माण को छोड़कर) में इस प्रकार के उद्यमों की आर्थिक और प्रचालनात्मक विशेषताओं के विभिन्न संकेतकों संबंधी आंकड़ों का प्राथमिक स्रोत है । इनका प्रयोग योजना बनाने, नीति-निर्माण और निर्णय लेने में सहायता हेतु तथा विभिन्न सरकारी संगठनों, शिक्षाविदों, शोधकर्ताओं तथा विद्वानों द्वारा आगे के आर्थिक और सांख्यिकीय विश्लेषण हेतु आवश्यक इनपुट के रूप में किया जाता है। 73वें दौर (जुलाई 2015 से जून 2016) के दौरान एनएसएसओ ने विनिर्माण, व्यापार, गैर-बाधित विद्युत उत्पादन और प्रसारण और अन्य सेवा क्षेत्रों (निर्माण को छोड़कर) में असमाविष्ट गैर-कृषि उद्यमों पर एक अखिल भारतीय सर्वेक्षण किया । इन्हीं विषयों पर पिछला सर्वेक्षण राष्ट्रीय प्रतिदर्श सर्वेक्षण के 67वें दौर (जुलाई 2010- जून 2011) के दौरान किया गया था ।

2. एनएसएसओ का निरंतर यह प्रयास रहा है कि सर्वेक्षण के क्षेत्र कार्य के समापन के एक वर्ष के भीतर अपने सर्वेक्षण के आधार पर मुख्य संकेतकों को जारी किया जाए ताकि प्रयोगकर्ताओं की आवश्यकताओं की समय रहते पूर्ति की जा सके । इस उद्देश्य को ध्यान में रखते हुए, एनएसएसओ द्वारा केंद्रीय प्रतिदर्श आंकड़ों पर आधारित दस्तावेज 'भारत में असमाविष्ट गैर-कृषि उद्यमों (निर्माण को छोड़कर) के प्रमुख संकेतक', जिसमें सर्वेक्षण के मुख्य परिणामों को उपलब्ध कराया गया है, को प्रकाशित किया गया तथा इकाई स्तरीय आंकड़े भी जून 2017 में जारी किए गए । इसके अलावा, असमाविष्ट गैर-कृषि उद्यमों के विभिन्न पहलुओं पर दो विस्तृत रिपोर्टें भी जारी करने की योजना है । वर्तमान रिपोर्ट, इस श्रृंखला में जारी की जाने वाली दो रिपोर्टों में से पहली रिपोर्ट है, भारत में असमाविष्ट गैर-कृषि उद्यमों के कुछ प्रचालनात्मक और आर्थिक विशेषताएं प्रस्तुत करती है ।

3. सर्वेक्षण अभिकल्प तथा अनुसंधान प्रभाग (एसडीआरडी) ने सर्वेक्षण-साधन विकसित करने तथा इस रिपोर्ट को तैयार करने का कार्य किया । क्षेत्र संकार्य प्रभाग (एफओडी) द्वारा सर्वेक्षण का क्षेत्र कार्य किया गया तथा आंकड़ा विधायन तथा सारणीयन कार्य समंक विधायन प्रभाग (डीपीडी) द्वारा किया गया था । समन्वय एवं प्रकाशन प्रभाग (सीपीडी) ने सर्वेक्षण संबंधी विभिन्न कार्यकलापों में समन्वयन का कार्य किया ।

4. मैं सर्वेक्षण के विभिन्न चरणों में बहुमूल्य मार्गदर्शन प्रदान करने हेतु राष्ट्रीय प्रतिदर्श सर्वेक्षण के 73 वें दौर के कार्य दल एवं राष्ट्रीय सांख्यिकी आयोग (एनएससी) के अध्यक्ष और सदस्यों का अत्यंत आभारी हूँ। मैं इस दस्तावेज को तैयार करने में शामिल एनएसएसओ के विभिन्न प्रभागों के अधिकारियों द्वारा किये गये प्रयासों की भी सराहना करता हूँ ।

5. मैं आशा करता हूँ कि यह रिपोर्ट योजनाकारों, नीति-निर्माताओं, शिक्षाविदों और शोधकर्ताओं के लिए उपयोगी सिद्ध होगी। इस दस्तावेज की विषयवस्तु, अभिन्यास और दस्तावेज के किसी अन्य पहलू में सुधार के लिये सुझावों का स्वागत है।

# Preface

Surveys on unincorporated non-agricultural enterprises conducted by NSSO are the primary source of data on various indicators of economic and operational characteristics of such enterprises in manufacturing, trade and other services sector (excluding construction) at the national and state level. These are used for planning, policy formulation, decision support and as input for further economic and statistical analysis by various Government organizations, academicians, researchers and scholars. During the 73rd round (July 2015 to June 2016), NSSO carried out an all-India survey on unincorporated non-agricultural enterprises in manufacturing, trade, non-captive electricity generation & transmission and other service sector (excluding construction). The previous survey on the similar subjects was conducted during the NSS 67th round (July 2010- June 2011).

2. It has been the persistent endeavour of NSSO to bring out Key Indicators based on its survey within one year of completion of field work of the survey to meet the requirements of its users. With this aim in mind, NSSO brought out 'Key Indicators of Unincorporated Non-Agricultural Enterprises (excluding Construction) in India', giving the salient results of the survey and also released the unit level data in June 2017 based on the Central sample data of the survey. Apart from this, two detailed reports are planned for release on various aspects of the unincorporated non-agricultural enterprises. This report, first one of these two detailed reports, presents some operational and economic characteristics of the unincorporated non-agricultural enterprises.

3. Survey Design and Research Division (SDRD) undertook the development of survey instruments and the preparation of this document. Field work of the survey was carried out by the Field Operations Division (FOD) and the data processing and tabulation work was done by the Data Processing Division (DPD). Coordination and Publication Division (CPD) coordinated various activities pertaining to the survey.

4. I am highly thankful to the Chairman and Members of the Working Group of NSS 73rd round and National Statistical Commission (NSC) for providing their valuable guidance at various stages of the survey. I would also like to appreciate efforts made by the officers of the different Divisions of NSSO involved in preparation of this document.

5. I hope this report will be useful to planners, policy makers, academicians and researchers. Suggestions for improvement in content, layout and other aspects of this document will be highly appreciated.

# मुख्य बातें

यह रिपोर्ट रा.प्र.स. के 73वें दौर में जुलाई 2015 से जून 2016 के दौरान असमाविष्ट गैर-कृषि उद्यमों (निर्माण को छोड़कर) पर किए गए सर्वेक्षण पर आधारित है। यह सर्वेक्षण, 290113 उद्यमों के एक प्रतिदर्श को लेकर (8488 ग्रामों से 143179 उद्यम एवं 7860 नगरीय ई.बी./यू.एफ.एस. खण्डों से 146934 उद्यम) पूरे भारतीय संघ में किया गया। इस सर्वेक्षण से प्राप्त असमाविष्ट गैर-कृषि उद्यमों (निर्माण को छोड़कर) की प्रचालनात्मक विशिष्टताओं से संबंधित कुछ मुख्य आकलन नीचे प्रस्तुत किए गए हैं:

- ✓ वर्ष 2015-16 के दौरान, 6.34 करोड़ असमाविष्ट गैर-कृषि उद्यमों (निर्माण को छोड़कर) को अखिल भारतीय स्तर पर आकलित किया गया। इनमें से 31% उद्यम विनिर्माण में, 36% उद्यम व्यापार में और 33% सेवा क्षेत्र में कार्यरत थे।

  [पैरा 3.3.1]

- ✓ आकलित असमाविष्ट गैर-कृषि उद्यमों की कुल संख्या में से लगभग 51% ग्रामीण क्षेत्रों में स्थित थे।

  [पैरा 3.3.1]

- ✓ सर्वेक्षण व्याप्ति के अन्तर्गत 84% असमाविष्ट गैर-कृषि उद्यम स्व-कार्यरत उद्यम थे। अखिल - भारतीय स्तर पर, स्व-कार्यरत अधिष्ठानों का प्रतिशत तीनों विस्तृत कार्यकलाप श्रेणियों यथा 'विनिर्माण' (86%) 'व्यापार' (85%) एवं 'अन्य सेवायें' (83%) के अधिष्ठानों से अधिक था।

  [ फिगर 1]

- ✓ असमाविष्ट गैर-कृषि उद्यमों की कुल संख्या उत्तर प्रदेश का हिस्सा सबसे अधिक (14.2%) था, उसके पश्चात् पश्चिम बंगाल (14.0%), तमिलनाडु (7.8%), महाराष्ट्र (7.5%), और कर्नाटक (6.1%) थे। अखिल भारतीय स्तर पर इन पांचों राज्यों की हिस्सेदारी असमाविष्ट गैर-कृषि उद्यमों की लगभग आधी थी।

  [स्टेटमेंट 3.0]

- ✓ वर्ष 2015-16 के दौरान लगभग 11.13 करोड़ कामगार असमाविष्ट गैर-कृषि उद्यम कार्यकलापों (निर्माण को छोड़कर) में संलग्न थे। कुल आकलित कामगारों की संख्या में से 55% कामगार नगरीय क्षेत्रों में स्थित थे।

  [पैरा 3.4.2]

- ✓ 'व्यापार' वर्ग के अंतर्गत कामगारों का सबसे अधिक प्रतिशत नगरीय क्षेत्र (36.9%) और संयुक्त क्षेत्र (34.8%) था। ग्रामीण क्षेत्र में कामगारों का सबसे अधिक प्रतिशत (37.4%) 'विनिर्माण' में था ।

  [स्टेटमेंट 4.3]

- ✓ कामगारों की कुल संख्या में उत्तर प्रदेश का हिस्सा सबसे अधिक (14.9%) था, जिसके पश्चात् पश्चिम बंगाल (12.2%), तमिलनाडु (8.7%), महाराष्ट्र (8.2%), एवं कर्नाटक (6.4%) था। इन पाँचों राज्यों की हिस्सेदारी असमाविष्ट गैर-कृषि क्षेत्र (निर्माण को छोड़कर) के कुल कामगारों की लगभग आधी थी।

[स्टेटमेंट 6.0]

- ✓ असमाविष्ट गैर-कृषि उद्यमों में सबसे अधिक हिस्सा (96%) मालिकाना उद्यमों (अर्थात्, एक एकल परिवार द्वारा धारित उद्यम ) का था । इनमें से लगभग 20% का स्वामित्व महिलाओं के पास था। केवल 2% उद्यम साझेदारी आधार पर चल रहे थे।

[स्टेटमेंट 7.0]

- ✓ अखिल भारतीय स्तर पर, 19.5% मालिकाना उद्यम एक महिला द्वारा संचालित किए गये। महिलाओं द्वारा संचालित मालिकाना उद्यमों का अंश विनिर्माण 45%, व्यापार 8.7% और अन्य सेवाओं में 7.4% था।

[स्टेटमेंट 8.0 & 8.1 ]

- ✓ बारहमासी उद्यम वे उद्यम हैं, जो पूरे वर्ष कमोबेश नियमित आधार पर काम करते हैं। कुल असमाविष्ट गैर-कृषि उद्यमों के लगभग 98% उद्यम बारहमासी थे जबकि मौसमी और आकस्मिक उद्यमों का कुल मिलाकर प्रतिशत कुल उद्यमों की संख्या के 1.7% से थोड़ा अधिक था ।

[स्टेटमेंट 9.0]

- ✓ लगभग 93% असमाविष्ट गैर-कृषि उद्यमों ने पिछले 365 दिनों के दौरान 9 महीनों से अधिक कार्य किया, जबकि सर्वेक्षण व्याप्ति के अधीन लगभग 2% उद्यमों ने उसी अवधि में एक चौथाई से भी कम अवधि के लिए कार्य किया ।

[स्टेटमेंट 10.0]

- ✓ असमाविष्ट गैर-कृषि उद्यमों के लगभग 65% उद्यमों ने एक दिन में सामान्यत: 8 घंटे या उससे अधिक कार्य किया। नगरीय क्षेत्रों में 74% असमाविष्ट गैर-कृषि उद्यमों ने एक दिन में 8 घंटे या उससे अधिक काम किया जबकि ग्रामीण क्षेत्रों में उनके लगभग 56% ने एक दिन में 8 घंटे या उससे अधिक का कार्य किया। असमाविष्ट गैर-कृषि उद्यमों के केवल लगभग 5% ने एक सामान्य कार्य दिवस में चार घंटे से कम का कार्य किया।

[स्टेटमेंट 11.0]

- ✓ असमाविष्ट गैर-कृषि उद्यमों के लगभग 87% उद्यमों ने अपना व्यवसाय एक स्थायी स्थान पर, या तो अपने मकान के परिसर में या परिसर से बाहर संचालित किया एवं लगभग 13% ने अपना व्यवसाय बगैर किसी स्थायी स्थान के किया। सर्वेक्षण व्याप्ति के अन्तर्गत लगभग 2% उद्यमों ने

अपना व्यवसाय बगैर किसी संरचना के संचालित किया लेकिन उनका स्थान निश्चित था, जबकि लगभग 9% असमाविष्ट गैर-कृषि उद्यमों ने राह -विक्रेताओं (स्ट्रीट वेंडरों) के रूप में काम किया और 4.4% ने गमनशील (मोबाइल) मार्केट में अपना व्यवसाय संचालित किया।

[स्टेटमेंट 12.0]

- ✓ अखिल भारतीय स्तर पर, लगभग 88% असमाविष्ट गैर-कृषि उद्यम किसी भी प्रकार के बही खाते का रख-रखाव नहीं कर रहे थे। यह अनुपात स्व-कार्यरत उद्यमों के लिए 93% और अधिष्ठानों के लिए 64% था।

[स्टेटमेंट 14.0]

- ✓ लगभग 66% असमाविष्ट गैर-कृषि उद्यमों का स्वामित्व अनुसूचित जन-जातियों (एस.टी.), अनुसूचित जातियों (एस.सी.) और अन्य पिछड़ा वर्ग (ओ.बी.सी.) में शामिल व्यक्तियों के पास था। यह अनुपात अधिष्ठानों (52%) की तुलना में स्व-कार्यरत उद्यमों (69%) में अधिक था। पुन: स्व-कार्यरत उद्यमों में पिछड़े वर्गों के उद्यमियों द्वारा ग्रामीण क्षेत्रों में 75% स्व-कार्यरत उद्यम संचालित किए गए, जो कि नगरीय क्षेत्रों में संचालित स्व-कार्यरत उद्यमों (62%) से अधिक थे।

[स्टेटमेंट 15.0]

- ✓ सर्वेक्षण व्याप्ति के अंतर्गत सभी उद्यमों के लगभग 31% उद्यम किसी भी अधिनियम या किसी भी पंजीकरण प्राधिकारी के अधीन पंजीकृत थे। सर्वेक्षण व्याप्ति के अन्तर्गत पंजीकृत उद्यमों का समग्र अनुपात नगरीय क्षेत्रों में (41.4%), ग्रामीण क्षेत्रों में (20.9%) की तुलना में अधिक था। "विनिर्माण क्षेत्र" (84.9%) के अंतर्गत अपंजीकृत उद्यमों का प्रतिशत सबसे ज्यादा था, उसके बाद "व्यापार" (63.1%) एवं "अन्य सेवाएं" (60.7%) का स्थान था।

[स्टेटमेंट 16.0]

- ✓ सभी असमाविष्ट गैर-कृषि उद्यमों के लगभग 61% उद्यमों ने अपने दैनिक कार्य में किसी भी प्रकार की समस्या का सामना नहीं करने की सूचना दी। "मांग का कम होना या उसमें गिरावट" (16.8%) एवं "वित्तीय बकायों की वसूली न होना" (9.5%) उद्यमों की दो प्रमुख समस्याएं थी।

[स्टेटमेंट 17.0]

- ✓ केवल 10% असमाविष्ट गैर-कृषि उद्यमों ने संविदा आधार पर कम से कम कुछ कार्य किया। यह प्रतिशत विनिर्माण उद्यमों के लिए अधिक (31.1%) था।

[स्टेटमेंट 19.0]

- ✓ लगभग 46% असमाविष्ट गैर-कृषि उद्यमों में कार्यस्थल पर शौचालय की सुविधा नहीं थी । यह प्रतिशत नगरीय क्षेत्रों (36.7%) की तुलना में ग्रामीण क्षेत्रों (55.1%) में अधिक था।

[स्टेटमेंट 20.0]

- ✓ असमाविष्ट गैर-कृषि उद्यमों के लगभग पाँचवे हिस्से ने अपने संचालन कार्य में किसी प्रकार का ठोस अवशिष्ट उत्पन्न नहीं किया। लगभग 35% उद्यमों के पास ठोस अवशिष्ट प्रबंधन का प्रावधान था एवं शेष 45% के पास ठोस अवशिष्ट प्रबंधन का कोई प्रावधान नहीं था।

[स्टेटमेंट 21.0]

- ✓ लगभग तीन चौथाई असमाविष्ट गैर-कृषि उद्यमों ने अपने संचालन कार्य के दौरान किसी भी प्रकार का तरल अवशिष्ट उत्पन्न नहीं किया। केवल लगभग 1% उद्यमों के पास तरल अवशिष्ट प्रबंधन का कुछ प्रावधान था ।

[स्टेटमेंट 21.0]

- ✓ लगभग 3% असमाविष्ट गैर-कृषि उद्यमों ने मिश्रित क्रियाकलाप किया । इनमें से लगभग 79% "स्व-कार्यरत" उद्यम थे। मिश्रित क्रियाकलाप करने वाले "अन्य सेवाएं" उद्यमों का प्रतिशत विनिर्माण और व्यापार उद्यमों की तुलना में अधिक था।

[स्टेटमेंट 22.0]

- ✓ लगभग 2% असमाविष्ट गैर-कृषि उद्यमों ने सरकार से कुछ सहायता प्राप्त करने की सूचना दी। लगभग 1% असमाविष्ट गैर-कृषि उद्यमों ने वित्तीय ऋणों के रूप में सरकार से सहायता प्राप्त की ।

[स्टेटमेंट 23.0]

- ✓ अखिल भारतीय स्तर पर, पिछले 365 दिनों/उनके संचालन के वर्ष के दौरान उद्यमी कार्यकलाप के लिए 5% उद्यमों ने कम्प्यूटर प्रयोग करने की सूचना दी एवं 4% उद्यमों ने इन्टरनेट का प्रयोग किया ।

[स्टेटमेंट 24.0]

# HIGHLIGHTS

This report is based on the Survey on Unincorporated Non-Agricultural Enterprises (Excluding Construction) conducted in the 73rd round of NSS during July 2015 to June 2016. The survey, conducted in the whole Indian Union, with a sample of 290113 enterprises (143179 enterprises from 8488 villages and 146934 enterprises from 7860 urban EBs/ UFS blocks). Some of the key estimates related to the operational characteristics of the unincorporated non-agricultural enterprises (excluding construction) as obtained from the survey are presented here:

- ✓ During 2015-16, 6.34 crore[1] unincorporated non-agricultural enterprises excluding construction were estimated at the all-India level. Out of them, 31% enterprises were engaged in manufacturing, 36% enterprises were in trading and 33% enterprises were in service sector.

  [Para 3.3.1]

- ✓ Of the total number of unincorporated non-agricultural enterprises estimated, about 51 per cent were located in rural areas.

  [Para 3.3.1]

- ✓ About 84% of unincorporated non-agricultural enterprises under survey coverage were own account enterprises (OAEs). At all-India level, OAEs outnumber establishments in all the three broad activity categories namely 'Manufacturing' (86%), 'Trade' (85%) and 'Other Services' (83%).

  [Figure 1]

- ✓ Uttar Pradesh had the highest share (14.2%) in total number of unincorporated non-agricultural enterprises followed by West Bengal (14.0%), Tamil Nadu (7.8%), Maharashtra (7.5%) and Karnataka (6.1%). These five states accounted for nearly half of the unincorporated non-agricultural enterprises at all-India level.

  [Statement 3.0]

- ✓ About 11.13 crore workers were engaged in unincorporated non-agricultural enterprise activities excluding construction during 2015-16. Out of the total estimated number of workers, 55% were located in urban areas.

  [Para 3.4.2]

[1] (1 crore = $10^7$)

- ✓ The category 'trading' had highest percentage of workers for urban (36.9%) and combined sector (34.8%). In the rural sector 'manufacturing' had the highest percentage of workers (37.4%)

[Statement 4.3]

- ✓ Uttar Pradesh had the highest share in total number of workers (14.9%) followed by West Bengal (12.2%), Tamil Nadu (8.7%) Maharashtra (8.2%) and Karnataka (6.4%). These five states accounted for nearly half of the total workers of the unincorporated non-agricultural sector excluding construction.

[Statement 6.0]

- ✓ Proprietary enterprises (i.e. enterprises owned by a single household) had the highest share (96%) of unincorporated non-agricultural enterprises. Nearly 20% of these were owned by females. Only 2% of enterprises were operated on a partnership basis.

[Statement 7.0]

- ✓ At all-India level, 19.5% of the proprietary enterprises were headed by a female. The share of female headed proprietary enterprises was 45% in manufacturing, 8.7% in trading and 7.4% in other services

[Statements 8.0 & 8.1]

- ✓ The perennial enterprises are those which worked more or less regularly throughout the year. About 98% of the total unincorporated non-agricultural enterprises were perennial while the seasonal and casual enterprises together constituted a little more than 1.7% of the total number of enterprises.

[Statement 9.0]

- ✓ About 93 percent of the unincorporated non-agricultural enterprises had worked more than 9 months during the last 365 days while about 2% of the enterprises under survey coverage had operated for less than a quarter of the same period.

[Statement 10.0]

- ✓ About 65% of all unincorporated non-agricultural enterprises had normally worked 8 hours or more in a day. In urban areas 74% of unincorporated non-agricultural enterprises worked 8 hours or more in a day while in rural area, nearly 56% of them worked 8 hours or more a day. Only about 5% of unincorporated non-agricultural enterprises had worked less than 4 hours in a normal day.

[Statement 11.0]

- ✓ About 87% unincorporated non-agricultural enterprises run the business at fixed location either within the household premises or outside and about 13% operated their business without any fixed location. Around 2% of the enterprises under survey coverage operated without any structure but had a fixed location while about 9% unincorporated non-agricultural enterprises were operated as street vendors and 4.4% were operated in mobile market.

  [Statement 12.0]

- ✓ At all-India level, about 88% of unincorporated non-agricultural enterprises were not maintaining any sort of accounts. This proportion was nearly 93% for OAEs and 64% for establishments.

  [Statement 14.0]

- ✓ About 66% of unincorporated non-agricultural enterprises were owned by persons belonging to Scheduled Tribes (ST), Scheduled Castes (SC) and Other Backward Classes (OBC). This proportion was more in case of OAEs (69%) than establishments (52%). Again, more OAEs in the rural areas (75%) were run by entrepreneurs from the backward sections than OAEs in urban areas (62%).

  [Statement 15.0]

- ✓ About 31% of all enterprises under survey coverage were registered under some Act or with some registration authority. The overall proportion of registered enterprises under survey coverage was higher in urban areas (41.4%) as compared to rural areas (20.9%). 'Manufacturing' sector (84.9%) had the highest percentage of unregistered enterprises followed by 'Trade' (63.1%) and 'Other Services' (60.7%).

  [Statement 16.0]

- ✓ About 61% of all unincorporated non-agricultural enterprises reported not having faced any specific problem in their day-to-day operation. 'Shrinking or fall of demand' (16.8%) and 'non recovery of financial dues' (9.5%) were the two main problems faced by the enterprises.

  [Statement 17.0]

- ✓ Only 10 percent of unincorporated non-agricultural enterprises had undertaken at least some work on contract basis. This percentage was higher for manufacturing enterprises (31.1%).

  [Statement 19.0]

- ✓ About 46% of the unincorporated non-agricultural enterprises did not have toilet facility at workplace. This percentage was higher in rural areas (55.1%) than in urban areas (36.7%)

[Statement 20.0]

- ✓ About one-fifth of the unincorporated non-agricultural enterprises did not generate any type of solid waste as part of their operation. About 35% of the enterprises had provision for solid waste management and the remaining 45% did not have any provision for solid waste management.

[Statement 21.0]

- ✓ About three-fourth of the unincorporated non-agricultural enterprises did not generate any liquid waste during their operation. Only about 1%of the enterprises had some provision for liquid waste management

[Statement 21.0]

- ✓ About 3% of unincorporated non-agricultural enterprises pursued mixed activities. Among these, about 79% were OAEs. Percentage of 'other services' enterprises pursuing mixed activities was more in comparison to manufacturing and trading enterprises.

[Statement 22.0]

- ✓ About 2% of unincorporated non-agricultural enterprises had reported receiving some assistance from government. About 1% of unincorporated non-agricultural enterprises received assistance from the government in the form of financial loans.

[Statement 23.0]

- ✓ At all India level, 5% of the enterprises reported having used computer and 4% of the enterprises used internet for entrepreneurial activities during the previous 365 days/ year of their operation

✓ [Statement 24.0]

# Chapter 1

## Introduction

# CHAPTER ONE

# INTRODUCTION

## 1.1 Background

1.1.1 The unincorporated sector in the Indian economy has prime importance. Besides its contribution to GDP, the sector is important on account of the number of enterprises in this sector and the very large number of persons depended on it for their employment. The sector comprises of a large number of enterprises of varying size and spread. The most growing categories of Indian economy like construction, trade, transport and business services are dominated by unincorporated units. This unincorporated segment of Indian economy is, characterized by the proprietary and partnership enterprises.

1.1.2 The National Sample Survey Office (NSSO), Ministry of Statistics and Programme Implementation (MOSPI), Government of India, since its inception in 1950 has been conducting nationwide integrated large scale sample surveys, employing scientific sampling methods, to generate data and statistical indicators on diverse socio-economic aspects. Along with the household based socio-economic surveys, *Enterprise surveys* as follow up surveys of Economic Census (EC) are also being conducted by NSSO, periodically, since the first Economic Census in the year 1977. So far 15 such follow up surveys on non-agricultural enterprises have been conducted by NSSO starting from the survey on *Unorganised Manufacturing - Non-Directory Establishments and Own-Account Enterprises* during NSS 33rd round (July 1978 – June 1979) to the Survey on *Unincorporated Non-Agricultural Enterprises (Excluding Construction)* of NSS 73rd round (July 2015- June 2016).

## 1.2 Objective of the Survey

1.2.1 The survey on Unincorporated Non-Agricultural Enterprises (Excluding Construction) of NSS 73rd round (July 2015- June 2016) was conducted as a repeat survey of NSS 67th round (July 2010 –June 2011) survey on the same subject. NSS 67th round was the first NSS round which covered the entire unincorporated non-agricultural sector (excluding construction) in a ***focused*** way as a follow-up survey of 5th EC[1]. In this round different industry sectors were covered in an integrated approach instead of covering them in isolation as done in previous NSS rounds. The survey was designed to generate estimates of various operational and economic characteristics of the unincorporated non-agricultural enterprises in manufacturing, trade and other services (excluding construction) at more disaggregated *activity category* level as required by Central Statistics Office (CSO) which is also one of the prime users of the survey results.

1.2.2 To make use of the survey results in preparation of Supply-Use Table in National Accounts Division (NAD), a specially designed three digit product classification was introduced for the first time in the enterprise schedule of this round. Additionally, provision for collecting information related to availability of skilled manpower, access to toilet

[1] *Though NSS 55th Round also covered the entire unincorporated sector including construction (termed as 'informal sector'), it being a quinquennial round, the focus was not entirely on the Enterprise survey.*

facilities, waste management system in the unincorporated non-agricultural sector were included in the survey to generate estimates related to some major focus of the government such as Skill Development and *Swachh Bharat Abhiyan*. The Survey also collected information on original investment in plant and machinery/ equipment based on which the unincorporated enterprises could be classified as Micro, Small and Medium Enterprises (MSMEs) and others.

## 1.3 Comparability of results of NSS 73rd round with other sources of data on unincorporated sector Enterprises

1.3.1 In India, indicators related to the unincorporated sector enterprises are available from multiple sources, enterprise surveys of NSSO and Economic Census conducted by CSO being the two main official sources. However, the estimates obtained from these sources are not directly comparable due to some differences in coverage and concepts and definitions adopted.

### 1.3.2 NSS 73rd round and NSS 67th round

1.3.2.1 NSS Surveys on unorganised/ unincorporated sector enterprises are designed to have information on the operational and economic characteristics of this sector for effective policy formulation. At the same time, they are also intended for generating periodic economic indicators that could be used in National Accounts. Accordingly, coverage of NSS enterprise surveys generally is restricted to the sectors for which no other official data source is available. Similarly, certain concepts and definitions also undergo periodic changes in an attempt to make them consistent with the latest System of National Accounts (SNA). As a result, estimates obtained from NSS surveys on same topic conducted over different time points may not be directly comparable with each other.

1.3.2.2 The survey of unincorporated non-agricultural enterprises (excluding construction) of NSS 73rd round was planned as a repeat survey of the survey on same topic conducted during NSS 67th round (July 2010- June 2011). However, while deciding the coverage of NSS 73rd round survey, the following changes were made:

- *Activities related to Non captive electric power generation, transmission and distribution by units not registered with the Central Electricity Authority (CEA) under NIC 2008 codes 35103, 35105, 35106, 35107, 35109, which were not covered in NSS 67th round are included in the coverage of NSS 73rd round.* It was observed that this activity, which was not covered in previous NSS enterprise surveys and no alternative data source was available, needs to be brought into the coverage of NSS 73rd round.
- *Two additional special codes, namely, 64193: Chit funds and 64921: Investment club are introduced under NIC 2008 Div.64: Financial service activities other than insurance and pension funding.* These special codes were introduced to capture detailed information on some important financial activities which were understood to have a sizable presence in the unincorporated sector.
- *NIC 2008 Div.65: Insurance, reinsurance and pension funding, except compulsory social security and NIC 2008 code 6622: Activities of insurance agents is excluded*

*from the coverage of NSS 73rd round*: Since Insurance companies in the country are only present in the incorporated sector, the inclusion of this activity did not carry much meaning, which was also clear from the analysis of data of NSS 67th round. Further, data on activities of insurance agents is available from Insurance Regulatory and Development Authority of India (IRDAI).

1.3.2.3 In addition to the difference in activity coverage, the following changes in the concepts and definitions followed for collecting the information and presenting estimates were also introduced in NSS 73rd round as a deviation from NSS 67th round:

- The office bearers of Self Help Groups (SHGs) and the active members (i.e. those members of SHG who regularly participates in the meetings) were treated as working owners and were included in estimates of workers generated from the results of NSS 67th round. The active members of SHGs were not considered as working owners (and therefore workers) in NSS 73rd round. However, information on active members of SHGs was separately collected in this round to have a comparable study with 67th round, if needed.
- The purchase value of the goods sold in the same condition as purchased and the sale value of goods sold in the same condition as purchased were included respectively in the estimates of operating expenses and receipts in the results released from NSS 67th round survey. Whereas in NSS 73rd round tabulation, adopting the SNA recommendations for such activities, the purchase value of traded goods were excluded from the operating expenses and the trade margin (instead of entire sale value) was included in the receipt side wherever possible[2].
- As a deviation from the approach followed in NSS 67th round, the procedure used for calculation of receipts, expenditure and Gross Value Added (GVA) for financial enterprises in NSS 73rd round were rectified by (a) excluding the interest payment from the expenses part and (b) not directly taking the interest receipt in the output/receipt calculation of the financial enterprise. Instead, the output / receipt of the financial enterprise was worked out using the formula 'FISIM[3] + Actual Receipts' using the FISIM formula with a reference rate of 7.71 percent for the period 2015-16. The GVA was also accordingly changed. (FISIM is computed, as per SNA 2008, on loans and deposits using Reference Rates (RR) approach. Denoting LR/ DR as interest rates for Lending/Deposit, FISIM = (LR-RR) * Av. stock of Loans + (RR-DR) * Av. Stock of Deposits. RR which is taken as harmonic mean of lending and deposit rate for banking sector was provided by NAD, CSO as 7.71 percent for the year 2015-16 and the same was used in calculation. Also in unorganized/ informal banking activities, which are mainly Money lenders, second factor in the FISIM formula would be absent.)

[2] *In case of food services activities, though receipt from traded goods like bread bakery products, dairy products, alcoholic and non-alcoholic beverages were collected separately, separate expense figures for these items are not available and therefore, the adjustment could not be made.*

[3] *FISIM- Financial Intermediation Services Indirectly Measured*

- For Non Profit Institutions Serving Households (NPISH) and other enterprises engaged in non-market production, output is calculated by cost approach using the formula:

  *Output of NPISH = Intermediate consumption (IC) + compensation of employees (CE) + consumption of fixed capital (CFC) + other taxes (less subsidies) on production.*

  GVA for NPISH is calculated by the formula *Net Value Added (NVA) + Consumption of Fixed Capital (CFC)* where *NVA* being *Output – IC (*which is equal to CE. Since CFC and 'other taxes on production' for non-market producers are not available from the survey, the GVA could not be calculated for NPISH and other enterprises engaged in non-market production and instead, NVA is presented for such enterprises.

1.3.2.4 For presentation of estimates obtained from NSS 73rd round, the activity categories similar to those used in NSS 67th round survey reports are adopted. However, while comparing the estimates obtained from these two surveys, it is necessary to take into consideration the above mentioned differences in coverage, concepts and definitions.

### 1.3.3 NSS 73rd round and 6th Economic Census

1.3.3.1 The Survey on unincorporated non-agricultural enterprises of NSS 73rd round covered all (i) unorganised manufacturing units (ii) enterprises engaged in cotton ginning, cleaning and baling which are not covered by the Annual Survey of Industries (ASI) and (iii) units engaged in trading, non-captive electricity generation and transmission and other services activities. The ownership categories of enterprises that were under coverage of NSS 73rd round were proprietary and partnership enterprises, Trusts, Non Profit Institutions (NPIs), Self Help Groups (SHG), etc. The ownership categories (a) incorporated enterprises (i.e. those registered under Companies Act, 1956), (b) Government and public sector enterprises and (c) Cooperatives were not considered for inclusion in the survey.

1.3.3.2 While the 6th Economic Census covered all the unincorporated enterprises as included in the coverage of NSS 73rd round, it also covered all other units engaged in various agricultural and non-agricultural activities excluding crop production, plantation, public administration, defence and compulsory social security. While covering these activities, 6th Economic Census considered the following ownership categories for inclusion:

- Government/ PSU
- Proprietary and Partnership establishments
- Private Corporate Establishments (Companies)
- Non-Profit Institutions (NPIs)
- Trusts
- Cooperatives
- Self Help Groups(SHGs)

1.3.3.3 The SHGs, which were formed for engaging in financial intermediary services and later changed into some group based non-financial activity, were also considered as SHGs in

6th EC. In the NSS 73rd round, however, units formed as an SHG and engaged in non-financial activities were considered as a partnership enterprise with members not all from the same household. Further, all members of SHG who were regularly attending meetings or taking part in decision making procedure like secretary, treasurer, active committee member etc. were treated as working owners in 6th EC. In the NSS 73rd round, on the other hand, they were not considered as working owners (or workers).

1.3.3.4 While comparing the estimates of number of enterprises and number of workers obtained from NSS 73rd round with those of the 6th EC figures of number of enterprises and workers, the adjustments for the above mentioned differences in coverage and concepts need to be done.

### 1.3.4 Treatment of Active members of SHG in NSS 73rd round

1.3.4.1 With reference to the treatment of active members of SHG as working owners both in Economic Census as well as NSS 67th round survey, it was decided to adopt the following treatment in NSS 73rd round:

- Self-help groups (SHGs) principally carry out the activity of financial intermediation. The funds of the SHGs are created from individual members' deposits and loans taken from banks. The members of the SHGs undertake economic activities, either individually or collectively, using micro-credit from the respective SHGs. Some of the SHGs undertake collective economic activities (say stone-cutting, rice processing, running a ration shop, cooking mid-day meal etc.) based on group credit from the SHG and labour and management by members under the name of the SHG.
- Active members (i.e., office bearers and other members who regularly attend meetings, etc.) of SHGs that provide financial intermediation services only for its own members are not to be treated as "worker" of the SHG.
- However, a paid staff employed (full-time or part-time) by the SHG will be treated as a worker. Needless to say, a member running his/her own enterprise – whether individually or collectively – using micro-finance from the SHG will be treated as a worker of the enterprise, but not of the SHG. An enterprise run collectively by the members under the name of the SHG should be treated as a separate enterprise.

## 1.4 Features of the Survey

### 1.4.1 Schedule of Enquiry

1.4.1.1 The schedule of enquiry of survey on 'Unincorporated Non-Agricultural Enterprises (Excluding Construction)' (Schedule 2.34) was designed to collect information on the operational characteristics of the unincorporated non-agricultural enterprises such as their type of ownership, nature of operation, type of enterprise, their status of registration, problem faced in operation, government assistance received, employment particulars, use of Information and Communication Technology (ICT) etc. and their economic characteristics measured in terms of operating expenses and receipts, Gross Value Added, compensation to workers, owned and hired fixed assets, indebtedness status in terms of outstanding loans, etc.

Specific information was also collected to have some estimates related to skill development, Swachh Bharat Abhiyan and also to classify the unincorporated enterprises as MSMEs and others. Change in inventory during the accounting year/ last 365 days in respect of enterprises where information was collected from book of accounts and the loan amount advanced by enterprises engaged in financial activities were also collected.

### 1.4.2 Scope and Coverage

1.4.2.1 Geographical Coverage: The survey covered the whole of the Indian Union.

1.4.2.2 Subject Coverage: The coverage of NSS 73rd round (July 2015 – June 2016) was unincorporated non-agricultural enterprises belonging to three sectors viz., Manufacturing, Trade and Other Services (excluding construction).

The survey covered the following broad categories:

(a) Manufacturing enterprises excluding those registered under Sections 2m(i) and 2m(ii) of the Factories Act, 1948

(b) Manufacturing enterprises registered under Section 85 of Factories Act, 1948

(c) Enterprises engaged in cotton ginning, cleaning and baling (code 01632 of NIC-2008) excluding those registered under Factories Act, 1948

(d) Enterprises manufacturing beedi and cigar excluding those registered under beedi and cigar workers (conditions of employment) Act, 1966

(e) Non captive electric power generation, transmission and distribution by units not registered with the Central Electricity Authority (CEA)

(f) Trading enterprises

(g) Other Services sector enterprises excluding construction

Categories of enterprises under coverage in (a) to (g) above were:

(a) Proprietary and partnership enterprises [excluding Limited Liability Partnership (LLP) enterprises]

(b) Trusts, Self-Help Groups (SHGs), Non-Profit Institutions (NPIs), etc.

Following enterprises were excluded from the coverage:

(a) Enterprises which are incorporated i.e. registered under Companies Act, 1956

(b) The electricity units registered with the Central Electricity Authority (CEA)

(c) Government and public sector enterprises

(d) Cooperatives

**1.4.3 Survey Period**: The survey was conducted during the period July 2015- June 2016.

### 1.4.4 Reference period

1.4.4.1 *Last 30 days preceding the date of survey* or l*ast month* was used as the reference period to collect most of the data. Various items of receipts and expenses as well as data on employment, emoluments, rent, interest, net surplus and value added for the enterprises were collected for the above reference period only. However, for seasonal enterprises the reference period referred to the last 30 days (preceding the date of survey), if they have worked continuously for last 30 days or more (including scheduled holidays) in the season in which it was surveyed (current season). For seasonal enterprises which have worked for less than 30 days in the current season, last month will referred to an average month in the last working season.

1.4.4.2 For some of the items like value of fixed assets, amount of loan outstanding etc., the reference period was 'as on the date of survey'. For some other items like net additions to fixed assets, number of months operated, number of other economic activities taken up etc., the period of reference was the 'last 365 days preceding the date of survey'. For enterprises maintaining accounts and giving information from their books of accounts, reference year, 'last 30 days/ last month' and 'last date of the reference year' would respectively relate to 'last accounting year for which information is available', 'last month of the said accounting year' and 'last date of the accounting year'. If the information for the entire year was available from the book of accounts, the same was divided by '*the number of months worked*' to arrive at the monthly figures

### 1.4.5 Sample Size

1.4.5.1 First stage units: For rural India, the number of villages (Census Enumeration Blocks for Kerala) surveyed in the central sample was 8484 and the number of urban blocks/ Census Enumeration Blocks surveyed was 7839. In addition to this, a "State Sample" was also surveyed by the State/UT Governments who participated in this survey. The results presented in this document are, however, based on central sample alone.

1.4.5.2 Second Stage Units: The unincorporated non-agricultural enterprises were the ultimate sampling units in NSS 73$^{rd}$ round survey. At all India level a total of 290113 enterprises were surveyed (143179 enterprises in rural and 146934 enterprises in urban sector). Detailed information on the operational and economic characteristics was collected from each of these surveyed enterprises using Schedule 2.34. State-wise number of first stage units allocated and surveyed and the enterprises surveyed in the central sample are given in **Table A1.**

## 1.5 Reports of 73$^{rd}$ Round survey on Unincorporated Non-Agricultural Enterprises (Excluding Construction)

1.5.1 The estimates of NSS rounds are released in reports based on comprehensive tabulation of subject parameters and indicators in various cross classifications generated from the sample data. For the use in decision making, policy inferences and analysis, the key findings of the survey of unincorporated non-agricultural enterprises (excluding construction) of NSS 73$^{rd}$ round was brought out within a year of completion of field work in a document

titled '*Key Indicators of Unincorporated Non-agricultural Enterprises (Excluding Construction) in India'*. The detailed findings of the survey are planned for release in two other reports-covering 'operational characteristics' and 'economic characteristics' of unincorporated non-agricultural enterprises (excluding construction). Besides this present report titled "Operational *characteristics of Unincorporated Non-agricultural Enterprises (Excluding Construction) in India*", the tentative title of the other proposed report is:

1. Economic Characteristics of Unincorporated Non-Agricultural Enterprises (Excluding Construction) in India

## 1.6 Contents of this Report

1.6.1 This report brings out the operational characteristics like type of ownership, nature of operation, location, use of ICT, problems faced during operation, Government assistance received, status of registration, availability and access to toilet facility, provision for solid and liquid waste management, etc., of unincorporated non-agricultural enterprises emanating from survey of unincorporated non-agricultural enterprises (excluding construction) of NSS 73$^{rd}$ Round. It contains three Chapters and three Appendices. Chapter Two gives the concepts and definitions followed in the Survey. Summary of findings of the Survey related to the operational characteristics of unincorporated non-agricultural enterprises are presented in Chapter Three. The detailed tables are presented in Appendix A. Appendix B provides an outline of the sample design and estimation procedure for the survey. A copy of the schedule of enquiry –"Schedule -2.34" used in the survey are given in appendix – C.

1.6.2 The coverage of the survey in terms of NIC 2008 is given in Table A2 and notations used for different activities for presenting estimates in this report are given in Table A3 at the end of this chapter.

**Table A1: Number of first stage (village/ blocks) units allocated and surveyed by State / UT**

| State/UT | number of FSUs allocated | | | number of FSUs surveyed | | | number of enterprises surveyed | | |

# Chapter2

## Concepts and Definitions

# CHAPTER TWO

## CONCEPTS AND DEFINITIONS

2.1 Important concepts and definitions of some important terms used in the survey and relevant to this report are explained in the following paragraphs.

2.2 **Population coverage:** The following rules regarding the population/households covered were followed while visiting households for the purpose of listing of enterprises:

1. Under-trial prisoners in jails and indoor patients of hospitals, nursing homes etc., were excluded, but residential staff therein was included during listing. The persons of the first category were considered as normal members of their parent households. Convicted prisoners undergoing sentence were outside the coverage of the survey.
2. Floating population, i.e., persons without any normal residence were not considered. But households residing in open space, roadside shelter, under a bridge, etc., more or less regularly in the same place, were taken into account.
3. Foreign nationals were not considered, nor were their domestic servants, if by definition the latter belong to the foreign national's household. If, however, an enterprise was run by a member of such household located within the premises of the household or without any fixed premises, it was listed as an enterprise.
4. Persons residing in barracks of military and paramilitary forces (like police, BSF, etc.) was kept outside the survey coverage due to difficulty in conduct of survey therein. However, civilian population residing in their neighbourhood, including the family quarters of service personnel, were covered.
5. Orphanages, rescue homes, *ashrams* and vagrant houses were outside the survey coverage but enterprises run by them and located within the premises of those institutions were considered. However, persons staying in old age homes, students staying in *ashrams*/ hostels and the residential staff (other than monks/ nuns) of these ashrams were treated as forming households (as per the standing practice in NSS) for the purpose of identifying enterprises through such households. For orphanages, although orphans were not covered, the persons looking after them and staying there were considered as forming households.

2.3 **House:** Every structure, tent, shelter, etc. was considered as a house irrespective of its use. It might have been used for residential or non-residential purpose or both or even it might have been vacant.

2.4 **Household:** A group of persons who normally lived together and taking food from a common kitchen constituted a household. It included temporary stay-aways (those whose total period of absence from the household was expected to be less than 6 months) but excluded temporary visitors and guests (expected total period of stay less than 6 months).

Even though the determination of the actual composition of a household was left to the judgment of the head of the household, the following procedures were adopted as guidelines.

(i) Each inmate (including residential staff) of a hostel, mess, hotel, boarding and lodging house, etc., constituted a single-member household. If, however, a group of persons among them normally pool their income for spending, they were together treated as forming a single household. For example, a family living in a hotel was treated as a single household.

(ii) In deciding the composition of a household, more emphasis was given on 'normally living together' than on 'ordinarily taking food from a common kitchen'. In case the place of residence of a person was different from the place of boarding, he or she was treated as a member of the household with whom he or she resided.

(iii) A resident employee, or domestic servant, or a paying guest (but not just a tenant in the household) was considered as a member of the household with whom he or she resided even though he or she was not a member of the same family.

(iv) When a person sleeps in one place (say, in a shop or in a room in another house because of space shortage) but usually took food with his or her family, he or she was treated not as a single member household but as a member of the household in which other members of his or her family stayed.

(v) If a member of a family (say, a son or a daughter of the head of the family) stayed elsewhere (say, in hostel for studies or for any other reason), he/ she was not considered as a member of his/ her parent's household. However, he/ she were considered as a single member household if the hostel is listed.

2.5 **Enterprise:** An enterprise is an undertaking which is engaged in the production and/ or distribution of some goods and/ or services meant mainly for the purpose of sale, whether fully or partly. An enterprise may be owned and operated by a single household or by several households jointly, or by an institutional body.

2.6 **Non-agricultural enterprise:** All enterprises covered under Sections ‘C’ to ‘S’ of NIC-2008 are "non-agricultural enterprises". All non-agricultural enterprises will be henceforth referred to as NAE for this survey.

2.7 **Unincorporated non-agricultural enterprises:** Non-agricultural enterprises which are ‘not incorporated’ (i.e. not registered under Companies Act, 1956) were covered in the survey. Further, the domain of ‘unincorporated enterprises’ excluded (a) enterprises registered under Sections 2m(i) and 2m(ii) of the Factories Act, 1948 or bidi and cigar manufacturing enterprises registered under bidi and cigar workers (condition of employment) Act, 1966, (b) government/public sector enterprises and (c) cooperatives. Thus the coverage was restricted primarily to all household proprietary and partnership enterprises. In addition, Self Help groups (SHGs), Private Non-Profit Institutions (NPIs) including Non-Profit Institutions Serving Households (NPISH) and Trusts were also covered.

2.8 **Manufacturing Enterprise**: A manufacturing enterprise is a unit engaged in the physical or chemical transformation of materials, substances or components into new products. It covers units working for other concerns on materials supplied by them. The units primarily engaged in maintenance and repair of industrial, commercial and similar machinery and equipment, which were, in general, classified in the same class of manufacturing as those specialising in manufacturing the goods were also included. Thus all activities covered by NIC – 2008 divisions 10 to 33 of NIC- 2008 were considered as 'manufacturing' for the purpose of the survey. In addition, the activity of cotton ginning, cleaning and baling (NIC - 2008 code 01632) was covered in the present survey. However the production of goods for the sole purpose of domestic consumption was not covered in the survey. Non-captive electricity generation and transmission under NIC 2008 code 3510 (except 35101, 35102, and 35104) was also considered under manufacturing while collecting the data. However, the information collected under these codes was tabulated separately under the broad activity category: '*Non-captive electricity generation and transmission'*

2.9 **Trading Enterprise:** A trading enterprise is an undertaking engaged in trade. Trade is defined to be an act of purchase of goods and their disposal by way of sale without any intermediate physical transformation of the goods. Thus all the trading activities, both wholesale and retail (perennial, casual or seasonal) listed under NIC-08 divisions 45 to 47 was treated as trade in this survey. The activities of intermediaries who do not actually purchase or sell goods but only arrange their purchase and sale and earn remuneration by way of brokerage and commission were also treated as trade. The purchase and sale agents, brokers listed under NIC-08 division and auctioneers listed under NIC group were also covered in the survey.

2.10 **Servicing Enterprise**: A servicing enterprise or service sector enterprise is engaged in activities carried out for the benefit of a consuming unit and typically consists of changes in the condition of consuming units realized by the activities of servicing unit at the demand of the consuming unit. Some examples of changes that a producer of service brings about in the condition of consumers of service are:

a) Changes in the condition of consumer's goods: the producer works directly on goods owned by the consumer by transporting, cleaning, repairing or otherwise transforming them;
b) Changes in the physical condition of persons: the producer transports the persons, provides them with accommodation, provides them with medical or surgical treatments, improves their appearance etc;
c) Changes in the mental condition of persons: the producer provides education, information, advice, entertainment or similar services;
d) Changes in the general economic state of the institutional unit itself: the producer provides insurance, financial intermediation, protection, guarantees, etc.

All activities under NIC – 2008 Sections E – U except section F (Construction), G (trade) are considered as *service activities other than trade*. However, sections O (Public administration and defence; compulsory social security), T (Activities of households as employer;

undifferentiated goods and services producing activities of households for own use) and U (Activities of extraterritorial organisations and bodies) were excluded from coverage of this survey. Only unincorporated enterprises in the service sector under coverage as described in Table A2 of Chapter 1 and Para 2.7 were surveyed. Among these also**,** activities under certain NIC - 2008 codes, viz. 36 (water collection, treatment and supply), 491 (transport via railways), 49212 (urban or suburban tramways), 49213 (urban or suburban underground or elevated railways), 493 (transport via pipeline), 51 (air transport), 641 (monetary intermediation), 642 (activities of holding companies), 65 (insurance, reinsurance and pension funding), 6611 (Administration of financial markets**)**, 6622 (activities of insurance agents and brokers), 6629 (other activities auxiliary to insurance and pension funding), 774 (Leasing of nonfinancial intangible assets), 942 (activities of trade unions), 9491 (activities of religious organisations [although activities of individuals are covered] ), 9492 (activities of political organisations) were kept out of survey coverage.

2.11 **Household Enterprise:** A household enterprise is one which is run by one or more members of a household or run jointly by two or more households on partnership basis irrespective of whether the enterprise is located in the premises of the household(s) or not. In other words, all proprietary and partnership enterprises are household enterprises.

2.12 **Non-household Enterprise:** Non-household enterprises are those which are institutional i.e. owned and run by the public sector (Central or State Government, local self-governments, local bodies, government undertakings, etc.), corporate sector, co-operative societies, other type of societies, institutions, associations, trusts, etc.

2.13 **Own-account Enterprise (OAE)**: An enterprise, which is run without any hired worker employed on a fairly regular basis[1], is termed as an own account enterprise.

2.14 **Establishment**: An enterprise which is employing at least one hired worker on a fairly regular basis is termed as establishment. Paid or unpaid apprentices, paid household member/servant/resident worker in an enterprise are considered as hired workers.

2.15 **Perennial enterprise:** Enterprises that are run more or less regularly throughout the year are called perennial enterprises.

2.16 **Seasonal enterprise:** Seasonal enterprises are those, which are usually run in a particular season or fixed months of a year.

2.17 **Casual enterprise:** Enterprises that are run occasionally, for a total of at least 30 days in the last 365 days, are called ‘casual enterprises’.

2.18 **Classification of enterprises based on ownership**:

(i) *Proprietary*: When an individual is the sole owner of an enterprise it is a proprietary enterprise. Own account production of fixed assets for own use, when produced by a single member, was classified as proprietary enterprise.

[1] "fairly regular basis" means the major part of the period when operation(s) of an enterprise are carried out during a reference period.

(ii) *Partnership*: Partnership is defined as the 'relation between persons who have agreed to share the profits of a business carried on by all or any one of them acting for all'. There may be two or more owners, belonging to the same or different households, on a partnership basis, with or without formal registration (where there is a tacit understanding about the distribution of profit among the so-called partners). Own account production of fixed assets, when produced by two or more members belonging to the same or different households will be classified as partnership enterprises. Thus, own account production of fixed assets by a group of households for community use was classified as partnership enterprise. The partnership enterprises registered under Limited Liability Partnership (LLP) Act, 2008 were excluded from coverage of the survey. Also, partnership enterprises registered under Factories Act, 1948 was outside the survey coverage.

(iii) *Government/public Sector Enterprise*: An enterprise, which is wholly owned/ run/managed by Central or State governments, quasi-government institutions, local bodies like Panchayat, Zilla Parisad, City Corporation, Municipal authorities, etc., autonomous bodies like Universities, Education boards, and institutions like schools, libraries etc. set up by the government, panchayat, etc., was considered as public sector enterprise. Enterprises owned/ managed by a single or a group of private persons with no participation of the Government, local body etc. in it, both in terms of management and shares, was considered as private sector enterprises. An enterprise was not considered as a public sector enterprise if it is run on a loan granted by government, local body, etc.

(iv) *Private Limited Company*[2]: Private company means a company which by its articles:

(a) restricts the right to transfer its shares, if any,

(b) limits the number of its members to fifty not including-

(i) persons who are in the employment of the company, and

(ii) persons who, having been formerly in the employment of the company, were members of the company while in that employment and have continued to be members after the employment ceased; and

(c) prohibits any initiation to the public to subscribe for any share in, or debentures of, the company.

[2] *As per Companies Act, 2013 "private company" means a company having a minimum paid-up share capital of one lakh rupees or such higher paid-up share capital as may be prescribed, and which by its articles,—*
*(i) restricts the right to transfer its shares;*
*(ii) except in case of One Person Company, limits the number of its members to two hundred:*
*Provided that where two or more persons hold one or more shares in a company jointly, they shall, for the purposes of this clause, be treated as a single member: Provided further that—*
*(A) persons who are in the employment of the company; and*
*(B) persons who, having been formerly in the employment of the company, were members of the company while in that employment and have continued to be members after the employment ceased, shall not be included in the number of members; and*
*(iii) prohibits any invitation to the public to subscribe for any securities of the company*

Where two or more persons hold jointly one or more shares in a company, they were considered as a single member in this survey.

(v) *Public Limited Company*: A public limited company is defined as a company that is not a private company. As such public companies can have an unlimited number of members and can invite the public to subscribe to its shares and debentures. The minimum number of members required to form a public company is seven.

(vi) *Co-operative Society*: Co-operative society is one that is formed through the co-operation of a number of persons, recognised as members of the society to benefit themselves. In the process, the funds are raised by members' contributions/investments and the profits generated out of the society's activities are shared by the members. A government agency itself can also be a member or shareholder of a registered co-operative society but this fact cannot render the society into a public sector enterprise for the purpose of this survey.

(vii) *Trust*: An arrangement through which one set of people, the trustees, are the legal owners of property which is administered in the interest of another set, the beneficiaries. Trusts may be set up to provide support for individuals or families, to provide pensions, to run charities, to liquidate the property of the bankrupts for the benefit of their creditors, or for the safe keeping of securities bought by trusts with their investor's money. The assets, which trusts hold are regulated by law, must be administered in the interests of the beneficiaries, and not for the profit of the trustees.

(viii) **Non-Profit Institutions (NPI):** Non-profit institutions are legal or social entities created for the purpose of producing goods and services whose status does not permit them to be a source of income, profit or other financial gain for the units that establish, control or finance them.

2.19 **Enterprises engaged in non-market production**: Enterprises that provide most of their output to others free or at prices which are not economically significant, i.e., at prices which do not have a significant influence on the amounts the producers are willing to supply or on the amounts purchasers wish to buy. Their major income will be coming from grants and donations. NPISHs provide non-market goods and services to households financed mainly by transfers from non-governmental sources - households, corporations or non-residents. Non-Profit Institutions Serving Households (NPISHs) are examples of enterprises engaged in non-market production, which provide non-market goods and services to households financed mainly by transfers from non-governmental sources - households, corporations or non-residents.

2.20 **Self-help Groups**

2.20.1 A **self-help group** (**SHG**) is a financial intermediary usually composed of between 10-20 local persons.

Members make small regular savings contributions over a few months until there is enough capital in the group to begin lending. Funds are lent back to the members or at times to others. In India, many SHGs are 'linked' to banks for the hand delivery of microcredit.

The characteristic features of self-help groups may be summarised as follows:

- SHG is a small group generally comprising of people who are poor or economically weak, who have voluntarily come forward to form a group for improvement of the social and economic status of the members.
- It can be formal (registered) or informal.
- The concept underlines the principle of Thrift, Credit and Self Help.
- Members of SHG agree to save regularly and contribute to a common fund.
- The members agree to use this common fund and such other funds (like grants and loans from banks), which they may receive as a group, to give small loans to needy members as per the decision of the group.
- The ideal size of an SHG is 10 to 20 members. Also, legally it is required that an informal group should not be of more than 20 people. However, in difficult areas like deserts, hills and areas with scattered and sparse populations and in case of disabled persons, this number may be 5-20.
- The group need not be registered.
- From one family, only one person can become a member of an SHG. (More families can join SHGs this way).
- The group normally consists of either **only men** or **only women.**
- Members should be between the age group of 21-60 years.
- Members should be poor people [the term poor is in relation to the economic and living conditions and this has no relation to poverty line. People living above poverty line (APL) can also form SHG like people living below poverty line (BPL)].

### 2.19.2 **Activity of self-help groups**

Self-help groups are essentially engaged in the **financial intermediation** i.e. the activity of the SHG is focussed to provide loans to the members and the members can utilise the loan for the purposes - personal or entrepreneurial.

However, an SHG may be formed initially and later all or some members may be engaged in group-based non-financial activities. Examples of such group-based activities are given below:

i. Collective organization of marketing for the produce of **individual enterprises established using micro-credit**, particularly milk collection centres/ diary cooperatives at village level.

ii. Collective activities of SHGs **using group credit** to access larger natural assets for production e.g. leasing lands and ponds for cultivation and pisciculture.

iii. Other collective economic activities based on **group credit** that combines labour and management: stone-cutting, processing rice, managing a tent house etc.

iv. Management of government contracts such as running ration shops (as part of public distribution systems), cooking mid-day meal for school children, managing a subsidised fodder depot etc.

For **self-help groups engaged in financial intermediation** and also when **all or some members of the group run group based activities**, the following guidelines may be followed:

While listing an SHG the following three cases may be found:-

(a) SHG is engaged in financial activities only. In that case, it will be listed under financial intermediation.
(b) An SHG is formed and later all or some members of the group are engaged only in some non-financial activity under survey coverage. In that case, the members will be treated as running a partnership enterprise.
(c) An SHG is engaged in financial as well as non-financial activity. If accounts are separable, the SHG will be listed under financial intermediation for its financial activity. For the non-financial part, it will be treated as separate partnership enterprise. If separate accounts are not identifiable, the major activity will be decided based on the maximum turnover/employment.

### 2.19.3 **Determination of eligibility of an SHG**

An SHG will be considered as eligible enterprise for the purpose of survey if the total number of days of operation of that SHG in last 365 days is at least 15. Working days will include-

a) Days of meeting
b) Days of interaction with the bank for purpose of deposit/withdrawal/loan/repayment etc.
c) Days of performing other jobs related to SHG like maintenance of register

Generally, the SHG activities are coordinated by President/Secretary/Treasurer. In that case the SHG may be listed in the house of the President/Secretary/Treasurer. In case any such member is absent for an SHG it will be listed against the household of the member maintaining the accounts/records. If more than one person maintains the accounts/records, the SHG will be listed against the household of the senior-most member of the group.

### 2.19.4 **Determination of number of hired workers of an SHG**

In case of SHGs, if any member (including office bearers) performs the activities of the SHG by drawing remuneration, they will be treated as hired workers. Members of SHG who attend

meetings regularly or participate in the activities of the SHG including decision making process without taking any remuneration will not be treated as a worker for the purpose of this survey. Instead they will be considered as 'active members of SHG'.

2.20 **Investment Club:** Investment clubs are a group of people who pool their money to make investments. Usually, investment clubs are organized as partnerships members usually meet on periodic basis and study different investments, to make investment decisions as a group. The decisions on buying and selling (investment) are made through voting process. Club meetings may be educational and each member may actively participate in investment decisions. The income and losses of the club are passed through to its partners and are reported on their individual tax returns.

2.21 **Mixed Activity**:

There are enterprises that carry out a number of activities simultaneously. For example, a bakery may also sell cold drinks, a rice mill may sell sugar, a factory may run a hospital in its premises, etc. Each such activity was treated as a separate enterprise if information for them was separately available. If the accounts were not separable then the data pertaining to the enterprise as a whole was collected and the enterprise was classified as having mixed activities and the activities of such enterprises are generally a mixture of NIC's. The activities may be mixed at any level of NIC, but for the present survey an enterprise was considered to have mixed activities if its activities are different at 2-digit level of NIC-2008. The appropriate NIC in such cases was determined on the basis of major activity. Major activity refers to the activity which yields maximum income/turnover/employment. The above criteria are applied in the given order, i.e., income first, then turnover and then employment, to determine the major activity.

2.22 **Multiple Activities**:

Since many of the entrepreneurs belonging to the unorganised and informal sector operate at small or marginal levels, the phenomenon of carrying out more than one activity simultaneously or at different points of time is quite prevalent. If the activities were carried out at one point of time at the same location and the information was not separately available, then it was taken as "mixed activity". Carrying out of more than one economic activity by the entrepreneur during the reference year was called multiple activities. It differs from mixed activities in the sense that former is with respect to the entrepreneur whereas the latter is with respect to the enterprise. However, an entrepreneur of a manufacturing enterprise manufacturing woollen garments before winter and cotton clothes before summer was not considered as carrying out multiple activities.

2.23 **Reference period**

2.23.1 *Last 30 days preceding the date of survey* or l*ast month* was used as the reference period to collect most of the data. Various items of receipts and expenses as well as data on employment, emoluments, rent, interest, net surplus and value added for the enterprises were

collected for the above reference period only. However, for seasonal enterprises the reference period referred to the last 30 days (preceding the date of survey), if they have worked continuously for last 30 days or more (including scheduled holidays) in the season in which it was surveyed (current season). For seasonal enterprises which have worked for less than 30 days in the current season, last month will referred to an average month in the last working season.

2.23.2 For some of the items like value of fixed assets, amount of loan outstanding etc., the reference period was 'as on the date of survey'. For some other items like net additions to fixed assets, number of months operated, number of other economic activities taken up etc., the period of reference was the 'last 365 days preceding the date of survey'. For enterprises maintaining accounts and giving information from their books of accounts, reference year, 'last 30 days/ last month' and 'last date of the reference year' would respectively relate to 'last accounting year for which information is available', 'last month of the said accounting year' and 'last date of the accounting year'. If the information for the entire year was available from the book of accounts, the same was divided by '*the number of months worked*' to arrive at the monthly figures

2.24 **Worker**: For this survey, a worker was defined as all persons working within the premises of the enterprise who were in the payroll of the enterprise as also the working owners and unpaid family workers. The worker may serve the enterprise in any capacity - primary or supervisory. He/she may or may not receive wages/salaries in return to his/her work incidental to or connected with the entrepreneurial activity. Salespersons appointed by an enterprise for selling its services and apprentices, paid or unpaid were also treated as workers. A worker need not mean that the same person will be working continuously; it will only refer to a position. i.e., if one person is terminated and another person is appointed in his place, it will be counted as 1 and not 2. A worker engaged for more than half of the normal working hours of the enterprise will be treated as full time worker.

2.24.1 *Volunteers, who work without salary / honorarium, were not considered as workers*. Voluntary participation without remuneration in production of goods and services in philanthropic organisation/ institutions or in any other organisation/ institution or even in the individual capacity will not render one to be counted as worker/enterprise. Voluntary participation will mean that the person has performed these activities without coercion or obligation but has participated in his/ her own volition. Moreover, the voluntary participation in the work should be without remuneration, which means that the person does not become entitled to receive, in respect of the work performed by him/ her, any compensation including honorarium from the institution/ organisation. For the purpose of the survey, minor contingencies/ honorarium received from the institution/ organization against the voluntary work done may not be considered as remuneration. To determine 'minor', average daily wage received by the lowest paid full-time/part-time worker of that enterprise may be used as a guiding tool.

2.24.2 Some enterprises do not hire individuals like porters, sweepers, accountants, etc., on a fairly regular basis. These individuals can **work in one or more enterprises** in a locality, have some autonomy to determine the charges receivable by him depending upon volume of job performed and usually receive service charges as and when they render such services to the enterprise. Such persons were not considered as workers of the enterprise using their services. Instead, they were considered as independent OAEs.

2.24.3 If an enterprise has some contract with some other agency (e.g. security, cleaning, nursing, midwife), or persons (like CA, lawyer, etc.), the employees of the agency (or persons) who were working within the premises of the enterprise under survey (e.g. sweeper, guard, nurse, etc.) were not counted as the employee of the enterprise. Rather they were considered as the worker of the agency (or separate OAE, for persons).

2.25 **Working owner**. In the case of proprietary enterprises, if the owner himself/ herself works in the enterprise on a fairly regular basis, then he/she will be treated as working owner. In fact, in most of the own-account enterprises the owner himself/ herself manages all activities of the enterprise without help of anybody else (on fairly regular basis). In the case of partnership enterprises, if only one partner or some of the partners or all the partners work in the enterprise on a fairly regular basis then information for them shall be recorded.

2.26 **Formal hired worker**: A formal hired worker is one having continuity of job and eligible for paid annual leave and also eligible for social security benefits like provident fund or insurance provided by the employer.

2.27 **Informal hired worker:** An informal hired worker is not having continuity of job and/or not eligible for paid annual leave and/or not eligible for social security benefits like provident fund or insurance provided by the employer.

2.28 **Other worker/ helper:** This includes all persons belonging to the household of the proprietor or households of the partners who are working in or for the enterprise without regular salary or wages. Persons working as exchange labourer in the enterprise without salary or wages will also be covered in this category. All unpaid household workers / helpers who are associated with the activities of the enterprise during the reference month are considered in this category.

2.29 **Working on Contract**: The enterprises in the unorganised sector are mainly small units. In many cases, the enterprises are seen to be working as per orders from a bigger unit. In such cases, certain conditions are put on the servicing unit by the contractor or master unit. Conditions may pertain to sale of products, supply of raw materials, mode of payment etc. In many cases, the contractor specifies the design of the product to the servicing unit e.g. garment manufacturing, shoe manufacturing etc. If the surveyed enterprise had undertaken any work on contract during the reference year, it was considered as 'enterprises working on contract'.

2.30 **Information and Communication Technology:** The survey collected information on the use of Information and Communication Technology (ICT) by enterprises. Information regarding the use of Computer and Internet was collected from all the enterprises. The detailed information on the use of ICT like type of internet connection, availability of LAN, purpose for which ICT is used, average number of workers regularly using computer / internet etc. were collected from enterprises with 10 or more workers and reported the use of Computer/ Internet.

2.30.1 **Computer**: For the purpose of the survey, a computer referred to a desktop, laptop (portable computers such as notebook, netbook, etc.) or a tablet (or similar hand held computer). However, equipment with some embedded computing abilities such as mobile cellular phones, personal digital assistants (PDA) or TV sets and devices with telephony as their primary function such as smart phones were not considered as computers for reporting. Tablets were considered as computers whereas fablets were not considered as computers for the purpose of this survey. The computers could be either owned or hired.

2.30.2 **Internet**: The Internet is a worldwide public computer network. It provides access to a number of communication services including the World Wide Web and carries email, news, entertainment and data files, irrespective of the device used (not assumed to be only via a computer - it may also be by mobile phone, games machine, digital TV, etc.). Access can be via a fixed or mobile network. In case of proprietary and partnership enterprises, the owner/major partner may be using internet for their personal requirements. But only the use of internet for the activities of the enterprise will be considered for reporting of this item

2.31 **Broad Activity Categories**: The activities under coverage of the survey have been classified into four broad heads: Manufacturing, Non-captive electricity generation and transmission, Trade and Other Services.

# Chapter3

## Summary of Findings

# CHAPTER THREE

# SUMMARY OF FINDINGS

## 3.1 Introduction

3.1.1 The *Survey of Unincorporated Non-Agricultural Enterprises (Excluding Construction)* conducted in NSS 73rd round (July 2015 – June 2016) was designed as a repeat survey of the Enterprise survey of NSS 67th round (July 2010- June 2011) that exclusively covered all the unincorporated non-agricultural enterprises in manufacturing, trade and other services sector (excluding construction). The present survey also covered *non-captive* electricity generation and transmission under NIC 2008 group 351. Enterprises registered under Companies Act, 1956, the electricity units registered with the Central Electricity Authority (CEA), Government and public sector enterprises and Cooperatives were outside the coverage of the survey. From the selected enterprises, detailed data was collected on both their operational and economic characteristics.

3.1.2 This chapter presents distribution of unincorporated non-agricultural enterprises (excluding construction) by various operational characteristics such as type of ownership, their location, registration status, nature of operation etc. by activity category. State-wise estimates only for the top 22 States, which have a cumulative share of about 98% of the total Annual GVA, are presented and discussed in this chapter. However, estimates for all the States and UTs are available in the Summary tables given at the end of this Chapter and the detailed tables given in **Appendix A**. Estimates of some of the smaller states and UTs are based on very small sample sizes. Users may consult the *Relative Standard Error* (RSE) given in the detailed tables to determine the level of reliability before using such estimates.

3.1.3 The term 'enterprise' is used in general to represent Own Account Enterprises (OAEs) and also establishments as per the usual practice in NSS. In the statements, 'all' is used to denote all the enterprises taken together. A "-" has been used in the statements and tables if no enterprise of the relevant category was surveyed On the other hand, the figure "0" appears in some levels of disaggregation when the estimated number or quantity is zero or very low and has become "0" due to rounding off.

**3.2 Sample number of enterprises**: Information was collected from about 2.9 lakh[1] enterprises engaged in the manufacturing, non-captive electricity generation and transmission, trade and other services activities throughout the country. About 49% of these enterprises surveyed belonged to the rural sector (*refer Table 1 of Appendix A*). Moreover, 55% of the total surveyed enterprises were OAEs (*refer Table 4 of Appendix A*).

## 3.3 Estimated number of enterprises:

3.3.1 The survey estimated the number of unincorporated non-agricultural enterprises in the country during 2015-16 as 6.34 crore[2]. Out of the total number of enterprises 51.3% were in rural

[1] *(1 lakh=$10^5$)*
[2] *(1 crore =$10^7$)*

areas. Out of the total estimated number of enterprises at all-India level, 31% were engaged in manufacturing, 36.3% enterprises were in trading and 32.6% were in other services.

3.3.2 The enterprises engaged in non-captive electricity generation and transmission (*under NIC 2008 codes 35103, 35105, 35106, 35107, 35109* had a very low estimated share of about 0.005%. This category was represented in the sample by 19 units belonging to 7 states/UTs. Due to an extremely small sample size and very high relative standard error (RSE) for the estimates generated for the broad activity category 'non-captive electricity generation and transmission', only the estimates of number of enterprises and number of workers at all-India level are presented for this category. However, in all estimates presented in this document the figures against 'all enterprises' include enterprises belonging to this category also.

**Statement 1.0: Estimated number of enterprises by broad activity category**

**all- India**

| broad activity category | number of enterprises ('00) | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| | rural | | | urban | | | rural + urban | | |
| | OAE | estt. | all | OAE | estt. | all | OAE | estt. | all |
| (1) | (2) | (3) | (4) | (5) | (6) | (7) | (8) | (9) | (10) |
| manufacturing | 104975 | 9169 | 114144 | 63163 | 19341 | 82504 | 168139 | 28510 | 196649 |
| electricity* | 26 | 2 | 27 | 2 | 4 | 6 | 28 | 6 | 34 |
| trade | 101874 | 6837 | 108711 | 92829 | 28818 | 121648 | 194703 | 35655 | 230359 |
| other services | 90084 | 11930 | 102014 | 80639 | 24225 | 104865 | 170723 | 36156 | 206879 |
| **all** | **296959** | **27938** | **324897** | **236634** | **72389** | **309023** | **533593** | **100327** | **633920** |

**non-captive electricity generation and transmission*

*Reference: Table 6 of Appendix A*

3.3.3 Presence of 6.34 crore unincorporated non-agricultural enterprises (excluding construction) is a huge number even for a country with a population as large as that of India. The enormity of this segment of the economy and the extent of dependence of the population on it as a source of livelihood is comprehended better from the fact that there is one such enterprise for every 4.5 households in the country.

**Statement 1.1: Estimated number of enterprises in NSS 67th round and NSS 73rd round**

| NSS round/ year | number of enterprises (00) | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| | rural | | | urban | | | rural + urban | | |
| | OAE | estt. | all | OAE | estt. | all | OAE | estt. | all |
| (1) | (2) | (3) | (4) | (5) | (6) | (7) | (8) | (9) | (10) |
| 2015-16 (NSS 73rd round) | 296959 (91.4%) | 27938 (8.6%) | **324897** (100.0%) | 236634 (76.6%) | 72389 (23.4%) | **309023** (100.0%) | 533593 (84.2%) | 100327 (15.8%) | **633920** (100%) |
| 2010-11 (NSS 67th round) | 282460 (91.4%) | 26451 (8.6%) | **308911** (100.0%) | 205645 (76.8%) | 62177 (23.2%) | **267822** (100.0%) | 488105 (84.6%) | 88628 (15.4%) | **576733** (100%) |
| Growth rate (%) | 5.1% | 5.6% | **5.2%** | 15.1% | 16.4% | **15.4%** | 9.3% | 13.2% | **9.9%** |

*Reference: Table 6 of Appendix A and Report No.546 of NSS 67th round*

3.3.4 In comparison with the results obtained from the NSS 67th round (July 2010 – June 2011) survey on the same subject, the number of unincorporated non-agricultural enterprises (excluding

construction) has increased by 9.9% over the period with a growth rate of nearly 2% per annum. Much of the overall growth was brought about by higher growth rate in the number of *establishments* as clear from **Statement 1.1**. Strictly speaking, however, the estimates from the two surveys are not comparable. As mentioned in *para.1.3.2.2* of Chapter 1, the coverage of NSS 73rd round survey was different from NSS 67th round survey due to the *inclusion* of activities related to non-captive electricity generation and transmission (under NIC 2008 Div. 35), two additional codes, namely 64193: Chit funds and 64921: Investment club and *exclusion* of NIC 2008 Div.65: Insurance, reinsurance and pension funding, except compulsory social security and NIC 2008 code 6622: Activities of insurance agents.

3.3.5 So far as non-financial enterprises (other than the newly included non-captive electricity generation and transmission) are concerned, the estimates obtained from the two rounds are essentially comparable. Only comparability problem arises from the procedure of assigning non-financial activity codes to some SHGs adopted in the present round. In the NSS 67th round, the estimated number of SHGs pursuing financial activities (whether exclusively or not) was 1208851. Of these, an estimated number of 1134309 (94%) did not pursue any activity other than SHG activity. In the current round, all such SHGs reporting their main activity as a non-financial activity were assigned the NIC codes representing the non-financial activity. The comparison between the estimated numbers of enterprise obtained from the two rounds is marred only to that extent.

**Statement 1.2: Changes in number of enterprises in NSS 73rd round (2015 -16) over NSS 67th round (2010- 11)**

| industrial sector[3] | number of enterprises (00) | | | | | | growth rate (%) | | |
|---|---|---|---|---|---|---|---|---|---|
| | NSS 67th round (2010-11) | | | NSS 73rd round (2015-16) | | | | | |
| | rural | urban | rural + urban | rural | urban | rural + urban | rural | urban | rural + urban |
| (1) | (2) | (3) | (4) | (5) | (6) | (7) | (8) | (9) | (10) |
| Manufacturing industries | 101151 | 70952 | 172103 | 114144 | 82504 | 196649 | *12.9* | *16.3* | *14.3* |
| Non-captive electricity generation & transmission | - | - | - | 27 | 6 | 34 | - | - | - |
| Trade | 105646 | 101861 | 207507 | 108711 | 121648 | 230359 | *2.9* | *19.4* | *11.0* |
| Food and Accommodation | 13641 | 15037 | 28678 | 14002 | 16939 | 30941 | 2.7 | 12.6 | 7.9 |
| Transport and communication | 31449 | 26698 | 58147 | 32021 | 25941 | 57962 | 1.8 | -2.8 | -0.3 |
| Real estate, Renting and Business services | 2977 | 7653 | 10630 | 4077 | 11401 | 15477 | 36.9 | 49.0 | 45.6 |
| Financial activities | 12561 | 4139 | 16700 | 10361 | 2758 | 13118 | -17.5 | -33.4 | -21.4 |
| rest of the services activities | 41486 | 41484 | 82969 | 41553 | 47827 | 89380 | 0.2 | 15.3 | 7.7 |
| **Total(**excluding non-captive Electricity generation and transmission, and financial activities**)** | **296350** | **263683** | **560033** | **314509** | **306259** | **620768** | **6.1** | **16.1** | **10.8** |
| **Total** | **308911** | **267822** | **576733** | **324897** | **309023** | **633920** | **5.2** | **15.4** | **9.9** |

*Reference: Table 6 of Appendix A*

[3] Food and Accommodation: S1and S2, Transport and Communication: S3,S4, S5, S6 and S7, Real estate, renting and Business Services: S10 and S11, Financial activities: S8 and S9, rest of the services activities: S12, S13, S14 and S15

3.3.6 As elaborated in Para 1.3.2.2 of Chapter 1, NIC 2008 Div.65: Insurance and pension funding, except compulsory social security and NIC 2008 code 6622: Activities of insurance agents were excluded from the coverage of NSS 73rd round. As per the results of NSS 67th round, there were about 3.24 lakh enterprises engaged in these activities. The sharp decline in the number of financial enterprises is mainly due to the exclusion of these activities from the coverage. The additional special codes included in NSS 73rd round for Chit fund: 64193 and Investment club: 64921 had about 10000 units in the estimated number of enterprises. Having excluded non-captive electricity generation and transmission and financial activities from the domain, the comparison of the estimates from the two rounds reveals a growth rate of 10.8%. The growth in number of enterprises was appreciably higher in the urban areas than in the rural. Among the activity groups covered in the survey, 'real estate, renting and business services' grew at the fastest (45.6%) pace during this period whereas, 'transport and communication services' reported negative growth (-0.3%).

3.3.7 Changes in number of enterprises by broad industry groups are shown in **Statement 1.2.** For most of the broad industry groups, the estimates from the NSS 73rd round are exactly comparable with those of NSS 67th round. Only for the financial sector (under the survey coverage) and the group 'non-captive electricity generation and transmission' the estimates are not comparable. Thus, growths rates based on the estimated aggregates, excluding these two groups, are also provided as the measure of growth in the number of unincorporated non-financial non-agricultural enterprises.

**Statement 1.3: Percentage distribution of number of enterprises over broad industrial sector and share(%) of OAEs**

| industrial group | rural | | urban | | rural + urban | |
|---|---|---|---|---|---|---|
| | share in total (%) | % of OAEs | share in total (%) | % of OAEs | share in total (%) | % of OAEs |
| (1) | (2) | (3) | (4) | (5) | (6) | (7) |
| Manufacturing industries | 35.1 | 92.0 | 26.7 | 76.6 | 31.0 | 85.5 |
| Trade | 33.5 | 93.7 | 39.4 | 76.3 | 36.3 | 84.5 |
| Food and Accommodation | 4.3 | 83.7 | 5.5 | 64.8 | 4.9 | 73.4 |
| Transport and communication | 9.9 | 88.0 | 8.4 | 88.7 | 9.1 | 88.4 |
| Real estate, Renting and Business service | 1.3 | 91.3 | 3.7 | 80.6 | 2.4 | 83.4 |
| Financial activities | 3.2 | 98.5 | 0.9 | 84.4 | 2.1 | 95.5 |
| rest of the services activities | 12.8 | 87.2 | 15.5 | 73.5 | 14.1 | 79.9 |
| **Total*** | **100.0** | **91.4** | **100.0** | **76.6** | **100.0** | **84.2** |

*Reference: Table 6 of Appendix A*

*including non-captive electricity generation and transmission

3.3.8 Own Account Enterprises (OAEs) (i.e. enterprises that do not employ any hired worker on a *fairly regular* basis) had the major share in the unincorporated non-agricultural enterprises (excluding construction) in the country. At all-India level 84.2% of the estimated number of enterprises under coverage was OAEs. In other words, only about 16% of the unincorporated

non-agricultural enterprises in the country engaged hired workers on a *fairly regular* basis. The share of OAEs was 91.4% in the rural areas and 76.6% in the urban areas. The details are in **Statement 1.3**.

### 3.3.8 Composition of manufacturing sector

3.3.8.1 Out of the estimated 1.97 crore manufacturing enterprises, about 58% were located in rural areas. For the purpose of this report, entire manufacturing sector has been divided into 25 activity categories. **Statement 2.1** gives the percentage distribution of manufacturing enterprises and share of OAEs by activity category.

**Statement 2.1: Percentage distribution of Manufacturing enterprises and share(%) of OAEs by activity category**

| activity category | percentage of enterprises | | | | | |
|---|---|---|---|---|---|---|
| | rural | | urban | | rural + urban | |
| | share in total (%) | % of OAEs | share in total (%) | % of OAEs | share in total (%) | % of OAEs |
| (1) | (2) | (3) | (4) | (5) | (6) | (7) |
| M1 | 0.01 | 47.21 | 0.01 | 66.34 | 0.01 | 57.84 |
| M2 | 12.90 | 84.94 | 9.72 | 68.40 | 11.57 | 79.11 |
| M3 | 1.31 | 94.75 | 0.44 | 69.50 | 0.94 | 89.81 |
| M4 | 22.38 | 98.86 | 8.73 | 99.14 | 16.65 | 98.92 |
| M5 | 12.07 | 95.30 | 14.85 | 82.82 | 13.24 | 89.43 |
| M6 | 25.06 | 94.86 | 33.32 | 86.66 | 28.53 | 90.84 |
| M7 | 0.17 | 76.43 | 1.65 | 66.94 | 0.79 | 68.13 |
| M8 | 8.65 | 93.00 | 2.46 | 64.69 | 6.06 | 88.17 |
| M9 | 0.20 | 87.87 | 1.02 | 77.20 | 0.55 | 79.49 |
| M10 | 0.18 | 73.42 | 1.71 | 45.49 | 0.82 | 48.97 |

*Reference: Table 6 of Appendix A*

3.3.8.2 At all-India level, about 86% of the manufacturing enterprises were OAEs. The share of OAEs was about 92% among the rural manufacturing enterprises and 77% in their urban counterparts. The share of OAEs was as high as 99% in case of enterprises engaged in 'manufacture of tobacco products' (M4). In general, OAEs had a major share in most of the activity categories in the manufacturing sector. The 8 manufacturing activity categories in which establishments had a major share (>50%) constituted only less than 2% of the total number of enterprises.

3.3.8.3 out of the total number of manufacturing enterprises, 28.5% enterprises were engaged in 'Manufacture of wearing apparel' (M6) followed by 16.7% enterprises engaged in 'Manufacture of tobacco products' (M4), 13.2% engaged in 'Manufacture of textiles' (M5) and 11.0% in 'Manufacture of food products' (M2). These four activities accounted of about 70% of the total manufacturing enterprises in the unincorporated sector.

### 3.3.9 Composition of trading sector

3.3.9.1 The total number of trading enterprises in the unincorporated non-agricultural sector during 2015-16 was 2.30 crore. These enterprises accounted for about 36% of the total unincorporated non-agricultural enterprises (excluding construction) in the country during the period. About 47% of these trading enterprises were located in rural areas. **Statement 2.2** gives the percentage distribution of trading enterprises and share of OAEs by activity category.

3.3.9.2 Out of the total number of trading enterprises, 86.9% enterprises were engaged in 'other retail trade' (T5) followed by 7.1% enterprises engaged in 'other wholesale trade' (T4) and 4.3% enterprises in 'maintenance and repair of motor vehicles and motor cycles (T2). The other two activity categories in trading namely, 'Wholesale and retail trade of motor vehicles and motor cycles' (T1) and 'Activities of commission agents' (T3) each had a share of about 1% in the total number of trading enterprises

**Statement 2.2: Percentage distribution of Trading enterprises and share(%) of OAEs by activity category**

| activity category | percentage of enterprises | | | | | |
|---|---|---|---|---|---|---|
| | rural | | urban | | rural + urban | |

*Reference: Table 6 of Appendix A*

3.3.9.3 At all-India level, about 85% of the trading enterprises were OAEs. The share of OAEs was about 94% among the rural trading enterprises and 76% in their urban counterparts. In case of 'Other retail trade (T5), the share of OAEs was 88%. In all the five trading activity categories OAEs had a major share.

### 3.3.10 Composition of Other Services Sector

3.3.10.1 About 33% of the unincorporated non-agricultural enterprises (excluding construction) in the country during 2015-16 were engaged in 'other services' activities. Out of the estimated 2.07 crore 'other services' enterprises in the unincorporated non-agricultural sector, about 49% were located in the rural areas. **Statement 2.3** gives the percentage distribution of 'other services' enterprises and share of OAEs by activity category.

**Statement 2.3: Percentage distribution of Other Services enterprises and share of OAEs by activity category**

| activity category | percentage of enterprises | | | | | |

*S1: Accommodation, S2: Food service activities, S3: Land transport, S4: Water transport, S5: Warehousing and storage, S6: Support activities for transportation, postal and courier activities, S7:Information and Communication, S8: Financial service activities except insurance and pension funding, S9: Other financial activities, S10: Real estate activities, S11: Professional, Scientific and Technical activities, S12: Administrative and support service activities, S13: Education, S14: Human Health and Social work, S15: Other community, social and personal service activities, S:Other services(Total)*

*Reference: Table 6 of Appendix A*

3.3.10.2 Out of the total number of 'other services' enterprises 26.9 were engaged in 'Other community, social and personal service activities' (S15) and 26% were in 'Land transport' (S3) and another 14.4% enterprises were engaged in 'Food Services' (S2) activities.

3.3.10.3 About 83% of the 'other services' enterprises were OAEs. The share of OAEs among the 'other services' enterprises was 88.3% in rural areas and 76.9% in the urban areas. OAEs had a major share in all activity categories of 'other services' enterprises except for 'Accommodation services (S1), Warehousing and storage (S5) and Support activities for transportation, postal and courier activities (S6). While about 86% of the enterprises engaged in 'Accommodation services' were establishments, the other two activity categories had nearly 60% each of their enterprises run as establishments. The details are in Statement 2.3.

## 3.3.11 Unincorporated Non-agricultural Enterprises in Major States

3.3.11.1 **Statement 3.0** presents the percentage distribution of number of enterprises and share of OAEs by State for each sector. The States are arranged in the descending order of number of enterprises. The 22 major States accounted for more than 98% of the total estimated number of enterprises in the country. Uttar Pradesh reported the highest share in the number of enterprises (14.2%) followed by West Bengal (14.0%). In the rural sector, West Bengal (17.4%) topped among States with highest share in the number of enterprises followed by Uttar Pradesh (14.9%). In the urban sector Uttar Pradesh (13.4%) followed by Tamil Nadu (10.9%) had the highest share in estimated number of enterprises. Even though Uttar Pradesh and West Bengal had an almost equal share in the total number of enterprises, Uttar Pradesh had higher number of *establishments* than West Bengal. The top 5 states namely Uttar Pradesh, West Bengal, Tamil Nadu, Maharashtra and Karnataka accounted for nearly one-half of the total estimated number of unincorporated non-agricultural enterprises (excluding construction) in the country during the survey period.

3.3.11.2 Among the major States, share of OAEs was found to be highest in West Bengal (90.1%) and lowest in Delhi (57.7%). In the rural areas, Telangana (96%) and Kerala (77.7%) respectively were the states that had highest and lowest share of OAEs. Whereas, among urban enterprises, Andhra Pradesh had the highest share of OAEs (83.7%) and Delhi had the lowest share of OAEs (57.4%). Details are in Statement 3

**Statement 3.0: Percentage distribution of enterprises and share of OAEs by State and sector**

| State | rural | | urban | | rural + urban | |

*Reference: Table 7 of Appendix A*

3.3.11.3 **Statement 3.1** gives the percentage distribution of enterprises by broad activity category for major States. At all India level, about 31% of the enterprises was in manufacturing, 36% was in trading and the remaining 33% was in 'other services'.

3.3.11.4 In the states of Assam, Uttarakhand, Haryana and Delhi, only less than one-fifth of the total number of enterprises were in manufacturing sector whereas, in states like West Bengal, Telangana, Gujarat, Tamil Nadu and Jammu & Kashmir the share of manufacturing enterprises was about 33% or more. In case of West Bengal, about 47% of its unincorporated non-agricultural enterprises were in manufacturing

3.3.11.5 In 10 out of the 22 major states, the share of trading enterprises was about 40% or more, where the share was as high as 55% in case of Assam. The lowest share of trading enterprises was present in Telangana and West Bengal with only one-fourth of the total number of enterprises pursued trading as their major activity.

3.3.11.6 In 11 out of the 22 major States, at least one-third of the enterprises were in 'other services' activities. The share of 'other services' enterprises were highest in Kerala (45.9%) and least in Jammu & Kashmir (25.2%).

**Statement 3.1: Percentage distribution of enterprises by broad activity category for major States**

*Reference: Table 7 of Appendix A*

3.3.11.7 **Statement 3.2** gives the percentage distribution of unincorporated non-agricultural enterprises by State for each broad activity category. About 21% of the manufacturing enterprises were in West Bengal. The top 5 states in terms of number of manufacturing enterprises, namely, West Bengal, Uttar Pradesh, Tamil Nadu, Karnataka and Maharashtra accounted for about 54% of the manufacturing enterprises at all India level. Whereas, the bottom 5 states namely Uttarakhand, Himachal Pradesh, Delhi, Haryana and Chhattisgarh accounted for only less than 4% of the total manufacturing enterprises.

3.3.11.8 About 17% of the trading enterprises in the unincorporated non-agricultural sector in India were located in Uttar Pradesh. West Bengal (9.8%) followed by Maharashtra (8.2%) were

the other two states with next highest share in the number of trading enterprises at all India level. The bottom 3 states namely, Himachal Pradesh, Uttarakhand and Jammu & Kashmir accounted for less than 3% of the trading enterprises in the country.

3.3.11.9 About one half of the 'other services' enterprises in the Unincorporated Non-agricultural sector in India were located in five states namely, Uttar Pradesh, West Bengal, Tamil Nadu, Maharashtra and Andhra Pradesh. The five states with least number of 'other services' enterprises, namely, Uttarakhand, Himachal Pradesh, Jammu & Kashmir, Chhattisgarh and Delhi had a combined share of about 5% in the total number of 'other services' enterprises in the country.

**all includes non-captive electricity generation and transmission also*

*Reference: Table 7 of Appendix A*

3.3.11.10 **Statement 3.2** also gives the percentage of rural enterprises by State for each broad activity category. At all India level, 51.3% of the unincorporated non-agricultural enterprises were located in rural areas. The share of rural enterprises was about 58% in manufacturing, 47% in trading and 49% in 'other services'.

3.3.11.11 In Himachal Pradesh, about 80% of the enterprises were located in rural areas. Jharkhand, Odisha, Assam and Bihar were the other major States where the share of rural enterprises was about 70% or more.

**Figure 2: Percentage of rural enterprises in major States**

## 3.4 Estimated number of Workers

3.4.1 The survey collected detailed information on the workers engaged by the unincorporated non-agricultural enterprises. As per the definition used for the survey, *a worker is understood a person working within the premises of the enterprise*. This definition includes working owners, persons who are in the payroll of the enterprise, unpaid family members who help in the entrepreneurial activities and other helpers and apprentices. However, in case of SHGs, active members of SHGs were not treated as workers for this survey.

3.4.2 During 2015-16, about 11.13 crore workers were employed in unincorporated non-agricultural enterprises (excluding construction) in the country. Among the workers, 6.14 crore (55%) worked in urban areas and 4.99 crore (45%) worked in rural areas.

**Statement 4.0: Estimated number of workers ('000) by enterprise types and sector for each broad activity category**

**all-India**

| broad activity category | number of workers (in '000) | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| | rural | | | urban | | | rural + urban | | |
| | OAE | estt. | all | OAE | estt. | all | OAE | estt. | all |
| (1) | (2) | (3) | (4) | (5) | (6) | (7) | (8) | (9) | (10) |
| manufacturing | 14154 | 4501 | 18656 | 8515 | 8870 | 17386 | 22670 | 13372 | 36041 |

*Reference: Table 41 of Appendix A*

** Non-captive electricity generation and transmission*

3.4.3 In comparison with the results obtained from the NSS 67th round (July 2010 – June 2011) survey on the same subject, the number of workers in unincorporated non-agricultural enterprises

(excluding construction) has increased by 3% over the period. There was a decline of 1% in the number of workers in OAEs. The 3% overall growth is due to a substantial increase in the workers engaged by establishments, as evident from **Statement 4.1**.

3.4.4 Strictly speaking, however, the figures of workers obtained from these two rounds are not comparable due to difference in coverage. Moreover, the active members of SHGs, which were treated as working owners (and therefore workers) in NSS 67th round, were not considered as workers in NSS 73rd round. Comparing with the adjusted worker figures of NSS 67th round (by excluding the active members of SHGs), the number of workers has increased by 6.7% over the five year period as shown in **Statement 4.1**.

**Statement 4.1: Estimated number of workers in NSS 67th round and NSS 73rd round**

**all - India**

| NSS round/ year | number of workers (000) | | |
|---|---|---|---|
| | OAE | estt. | all |
| (1) | (2) | (3) | (4) |
| 2015-16 (NSS 73rd round) | 69084 (62.1%) | 42187 (37.9%) | **111271 (100%)** |
| 2010-11 (NSS 67th round) | 69764 (64.6%) | 38215 (35.4%) | **107979 (100%)** |
| 2010-11 (NSS 67th round) Adjusted* | 66067 (63.4%) | 38183 (36.6%) | **104250 (100%)** |
| Growth rate (%) | -1.0% | 10.4% | **3.0%** |
| Growth rate (%) adjusted* | 4.6% | 10.5% | **6.7%** |

*Reference: Table 41 of Appendix A and NSS Report No.546 of 67th round*

**excluding active members of SHG*

3.4.5 **Statement 4.2** gives the changes in number of workers by broad industry groups. For all the broad industry groups, except for the financial sector (where both the coverage as well as definition of worker due to the exclusion of active members of SHG are different) and for non-captive electricity generation and transmission (for which estimates were not available in NSS 67th round), the estimates from the NSS 73rd round are exactly comparable with those of NSS 67th round. Accordingly, growth rates in number of workers, excluding these two groups, are also provided as the measure of growth in the number of workers in the unincorporated non-financial non-agricultural enterprises.

**Statement 4.2: Changes in number of workers in NSS 73rd round (2015 -16) over NSS 67th round (2010- 11)**

**all-India**

| industrial groups | number of workers (000) | | | | | | growth rate (%) | | |

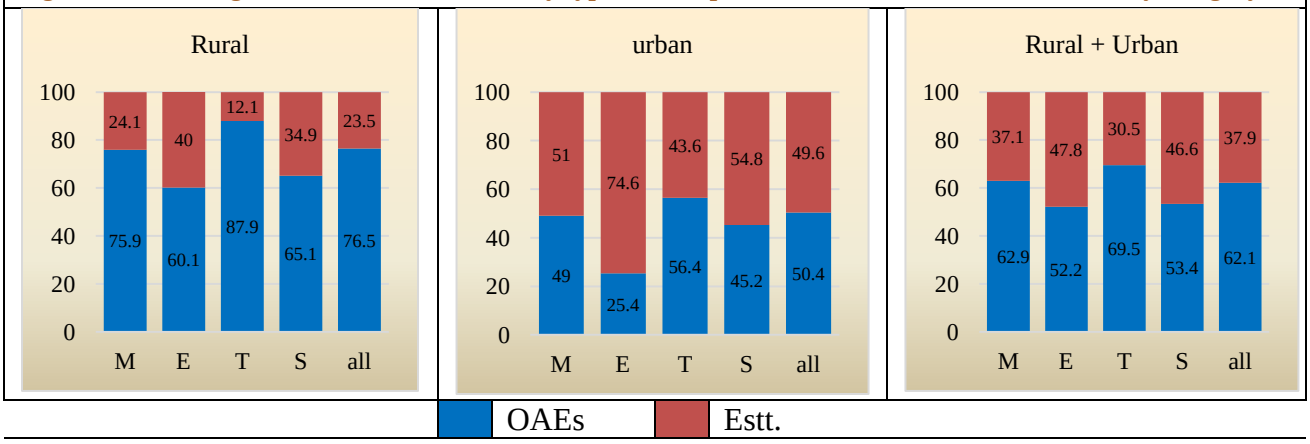
*Reference: Table 41 of Appendix A and NSS Report No.546 of 67th round*

3.4.6 **Statement 4.3** gives the percentage distribution of number of workers and percentage for OAE workers over broad industrial groups. Own Account Enterprises (OAEs) contributed about 62% of the workers in the unincorporated non-agricultural sector (excluding construction) in India during 2015-16. The share of OAE workers was about 77% in the rural areas and 50% in the urban areas. At all-India level, about 70% of the workers in trading sector was from OAEs. The share of OAE workers was 63% in manufacturing.

3.4.7 At all-India level about 32% of the workers in the unincorporated non-agricultural sector (excluding construction) were employed in manufacturing activities. Trading enterprises accounted for nearly 35% of the workers and the other services sector accounted for the remaining 33% of the workers. In the 'other services' enterprises, *Food and Accommodation activitie*s and *Transport and Communications activities* each employed about 7% of the total workers in the unincorporated non-agricultural sector.

3.4.8 In the rural sector, manufacturing enterprises accounted for about 37% of the workers and trading enterprises had a share of about 32% of the workers. Whereas, in the urban sector, 28% of the workers were in manufacturing activities and 37% of them were in trading activities.

**Statement 4.3: Percentage distribution of number of workers over broad industrial sectors and share of OAE workers**



**all-India**

| industrial sector | percentage of workers | | | | | |

**Figure 3: Percentage distribution of workers by type of enterprise for each sector and broad activity category**

M: manufacturing, E: non-captive electricity generation and transmission, T: trading, S: other services

### 3.4.9 Composition of workers in manufacturing sector

3.4.9.1 Out of the estimated 3.6 crore workers in the manufacturing enterprises, about 52% were located in rural areas. The percentage distribution of workers in the manufacturing enterprises by detailed activity category for each sector is given in **Statement 5.1**. The Statement also gives the percentage of OAE workers in each of the activity category.

3.4.9.2 At all-India level, OAEs accounted for about 63% of the workers in manufacturing enterprises. The share of OAEs workers was about 76% among the rural manufacturing enterprises and 49% in their urban counterparts. In case of enterprises engaged in 'manufacture of tobacco products' (M4), about 97% of the workers were from OAEs. For 10 out of the 25 activity categories in manufacturing, OAEs had a major share in number of workers. These 10

activity categories accounted for about 79% of the total workers engaged in manufacturing activities.

**Statement 5.1: Percentage distribution of workers in Manufacturing enterprises and share of OAE workers by activity category**

| activity category | percentage of workers | | | | | |
|---|---|---|---|---|---|---|
| | rural | | urban | | rural + urban | |

*M1: Cotton ginning, cleaning and bailing, M2: Manufacture of food products, M3: Manufacture of beverages, M4: Manufacture of tobacco products, M5: Manufacture of textiles, M6: Manufacture of wearing apparel, M7: Manufacture of leather and related products, M8: Manufacture of wood and products of wood and cork, except furniture; manufacture of articles of straw and plaiting materials, M9: Manufacture of paper and paper products, M10: Printing and reproduction of recorded media, M11: Manufacture of coke and refined petroleum products, M12: Manufacture of chemicals and chemical products, M13: Manufacture of pharmaceuticals, medicinal chemical and botanical products, M14: Manufacture of rubber and plastics products, M15: Manufacture of other non-metallic mineral products, M16: Manufacture of basic metals, M17: Manufacture of fabricated metal products, except machinery and equipment, M18: Manufacture of computer, electronic and optical products, M19: Manufacture of electrical equipment, M20: Manufacture of machinery and equipment n.e.c., M21: Manufacture of motor vehicles, trailers and semi-trailers, M22: Manufacture of other transport equipment, M23: Manufacture of furniture, M24: Other manufacturing, M25: Repair and installation of machinery and equipment, M: Manufacturing activities (Total)*

*Reference: Table 41 of Appendix A*

3.4.9.3 out of the total number of workers in manufacturing enterprises, 21.8% were employed in 'Manufacture of wearing apparel' (M6) followed by 13.8% workers in 'Manufacture of textiles' (M5), 13.2% engaged in 'Manufacture of food products' (M2) and 11.0% in 'Manufacture of tobacco products' (M4). These four activities accounted of about 60% of the total workers of the manufacturing enterprises in the unincorporated sector.

### 3.4.10 Composition of workers in trading sector

3.4.10.1 The 3.9 crore workers in trading activities accounted for about 35% of the total workers in the unincorporated non-agricultural sector (excluding construction) during 2015-16. About 41% of these workers were employed by trading enterprises located in rural areas. **Statement 5.2** gives the percentage distribution of workers in trading enterprises and share of OAE workers by activity category.

3.4.10.2 out of the total number of workers employed in trading enterprises, 82.7% workers were employed in 'other retail trade' (T5) followed by 10.1% workers employed in 'other wholesale trade' (T4) and 4.9% workers in 'maintenance and repair of motor vehicles and motor cycles (T2). 'Wholesale and retail trade of motor vehicles and motor cycles' (T1) accounted for 1.5% of the total workers in the trading sector whereas the 'Activities of commission agents' (T3) had a share of about 1% in the total number of workers employed in trading enterprises during 2015-16.

3.4.10.3 At all-India level, OAEs accounted for about 69% of the workers employed in trading activities. The share of OAE workers was about 88% among the rural trading enterprises and 56% in their urban counterparts. In 'other retail trade (T5), the share of OAE workers was about 76%. In all other four trading activity categories, the major share of workers was in establishments.

**Statement 5.2: Percentage distribution of workers in Trading enterprises and share of OAE workers by activity category**

| activity category | percentage of workers | | | | | |
|---|---|---|---|---|---|---|
| | rural | | urban | | rural + urban | |
| | share in total (%) | % of OAE workers | share in total (%) | % of OAE workers | share in total (%) | % of OAE workers |
| (1) | (2) | (3) | (4) | (5) | (6) | (7) |
| T1 | 0.57 | 46.05 | 2.23 | 28.93 | 1.54 | 31.57 |

*T1: Wholesale and retail trade of motor vehicles and motor cycles, T2: Maintenance and repair of motor vehicles and motor cycles , and repair, T3: Activities of commission agents, T4: Other wholesale trade, T5: Other retail trade, T: Trading activities (Total)*

*Reference: Table 41 of Appendix A*

### 3.4.11 Composition of workers in 'other services' sector

3.4.11.1 About 33% of the workers of unincorporated non-agricultural enterprises (excluding construction) in the country during 2015-16 were employed by enterprises engaged in 'other services' activities. Out of these estimated 3.65 crore 'other services' workers, about 42% were located in the rural areas. **Statement 5.3** gives the percentage distribution of workers in 'other services' enterprises and percentage of OAE workers by activity category

3.4.11.2 Out of the total number of workers in 'other services' enterprises 22.2% were engaged in 'Other community, social and personal service activities' (S15) and 18.9% were in 'Food Services' activities (S2) and another 18.1% workers were employed in 'Land transport' (S3) activities.

**Statement 5.3: Percentage distribution of workers in Other Services enterprises and share of OAE workers s by activity category**

| activity category | percentage of workers | | | | | |
|---|---|---|---|---|---|---|
| | rural | | urban | | rural + urban | |
| | share in total (%) | % of OAE workers | share in total (%) | % of OAE workers | share in total (%) | % of OAE workers |

| **S** | **100** | **65.07** | **100** | **45.20** | **100** | **53.45** |

*S1: Accommodation, S2: Food service activities, S3: Land transport, S4: Water transport, S5: Warehousing and storage, S6: Support activities for transportation, postal and courier activities, S7:Information and Communication, S8: Financial service activities except insurance and pension funding, S9: Other financial activities, S10: Real estate activities, S11: Professional, Scientific and Technical activities, S12: Administrative and support service activities, S13: Education, S14: Human Health and Social work, S15: Other community, social and personal service activities, S:Other services(Total)*

*Reference: Table 41 of Appendix A*

3.4.11.3 About 53% of the workers in 'other services' enterprises were from OAEs. The share of OAE workers among the 'other services' enterprises was 65.1% in rural areas and 45.2% in the urban areas. In case of 6 activity categories in 'other services' which had a cumulative share of about 63% in the number of workers, the major share of workers was coming from OAEs.

Among these, about three-fourth of the workers in '*Other community, social and personal service activities' (S15) and 'Land transport activities' (S3),* which together accounted for about 40% of the total workers, *were from OAEs.* In case of *'Education services' (S13),* which has a share of about 17% in the total number of workers, 85% of the workers were employed by establishments.

### 3.4.12 Workers of Unincorporated Non-agricultural Enterprises in Major States

3.4.12.1 Percentage distribution of workers and percentage of OAE workers by state for each sector is given in **Statement 6.0** in descending order of share of total workers at all-India level. The 22 major States accounted for about 99% of the total number of workers in the unincorporated non-agricultural sector in the country. Uttar Pradesh had the highest share (14.9%) in the total number of workers at all-India level. West Bengal (12.2%) and Tamil Nadu (8.7%) were the two states reporting the next highest shares in the total number of workers. As in the case of estimated number of enterprises, the top 5 states namely Uttar Pradesh, West Bengal, Tamil Nadu, Maharashtra and Karnataka accounted for nearly 50% of the total estimated number of workers engaged in this sector during 2015-16.

3.4.12.2 Uttar Pradesh also had the highest share in the number of workers both in the rural sector (16.7%) and the urban sector (13.4%). West Bengal (16.4%) followed by Bihar (6.6%) were the other two States that had next highest share in the number of workers in the rural areas. In urban areas, Tamil Nadu (11.3%) and Maharashtra (10.1%) followed Uttar Pradesh in terms of share of workers.

3.4.12.3 About 62% of the workers in the 22 major States belonged to OAEs. The share of OAE workers in these major States was about 77% in rural areas and 51% in urban areas. In all major States except for Delhi, Haryana and Kerala, OAEs contributed the major share in workers. In States like West Bengal, Bihar, Odisha and Jharkhand about three-fourth of the workers were from OAEs. About 70% of the workers in Delhi belonged to establishments. In rural areas, OAE workers had the major share in all the 22 major States where as in urban areas establishments contributed the major share of workers in 10 out of the 22 major States.

3.4.12.4 **Statement 6.1** gives the percentage distribution of workers by broad activity category for different States. At all-India level, about 32% of the workers were in manufacturing sector, 35% in trading sector and about 33% were in the 'other services' sector.

**Statement 6.0: Percentage distribution of workers and share of workers in OAEs by State and sector**

| State | percentage of workers | | | | | |
|---|---|---|---|---|---|---|
| | rural | | urban | | rural + urban | |
| | share in total (%) | % of OAE workers | share in total (%) | % of OAE workers | share in total (%) | % of OAE workers |
| (1) | (2) | (3) | (4) | (5) | (6) | (7) |
| Uttar Pradesh | 16.70 | 76.19 | 13.37 | 60.94 | 14.86 | 68.62 |
| West Bengal | 16.36 | 82.49 | 8.79 | 59.75 | 12.18 | 73.44 |
| Tamil Nadu | 5.48 | 64.15 | 11.32 | 46.72 | 8.70 | 51.64 |
| Maharashtra | 5.85 | 78.09 | 10.11 | 42.68 | 8.20 | 54.00 |
| Karnataka | 5.30 | 75.16 | 7.33 | 43.50 | 6.42 | 55.22 |
| Gujarat | 3.24 | 73.02 | 7.34 | 51.69 | 5.50 | 57.31 |
| Andhra Pradesh | 5.90 | 73.37 | 4.36 | 58.29 | 5.05 | 66.19 |
| Bihar | 6.64 | 84.55 | 3.25 | 55.51 | 4.77 | 73.62 |
| Madhya Pradesh | 4.43 | 79.78 | 4.42 | 52.69 | 4.43 | 64.85 |
| Rajasthan | 3.96 | 73.50 | 4.36 | 53.60 | 4.18 | 62.05 |
| Kerala | 3.68 | 52.65 | 4.32 | 43.60 | 4.04 | 47.30 |
| Telangana | 3.13 | 86.37 | 4.02 | 53.79 | 3.62 | 66.41 |
| Odisha | 4.74 | 83.18 | 1.57 | 54.43 | 2.99 | 74.87 |
| Jharkhand | 3.67 | 81.26 | 1.10 | 60.74 | 2.25 | 75.75 |
| Punjab | 1.66 | 72.61 | 2.69 | 45.06 | 2.23 | 54.27 |
| Delhi | 0.02 | 71.35 | 3.73 | 29.60 | 2.07 | 29.82 |
| Haryana | 1.33 | 57.69 | 2.03 | 38.66 | 1.72 | 45.26 |
| Assam | 2.33 | 71.19 | 1.06 | 43.35 | 1.63 | 61.16 |
| Chhattisgarh | 1.82 | 85.80 | 1.27 | 52.00 | 1.52 | 70.16 |
| Jammu & Kashmir | 0.91 | 74.35 | 1.03 | 48.26 | 0.98 | 59.17 |
| Uttarakhand | 0.64 | 69.55 | 0.56 | 55.21 | 0.59 | 62.12 |
| Himachal Pradesh | 0.95 | 63.89 | 0.28 | 38.32 | 0.58 | 57.11 |
| **total** | **98.74** | **76.50** | **98.31** | **50.55** | **98.50** | **62.21** |
| **remaining States & UTs** | **1.26** | **72.44** | **1.69** | **42.60** | **1.50** | **53.85** |
| **all-India** | **100** | **76.45** | **100** | **50.42** | **100** | **62.09** |

*Reference: Table 42 of Appendix A*

3.4.12.5 In States like Uttarakhand, Assam, Himachal Pradesh, Haryana, Kerala, Bihar and Chhattisgarh, less than one-fourth of the workers in the unincorporated non-agricultural sector were employed in manufacturing enterprises. In West Bengal, more than half of the workers were in manufacturing. Gujarat (43.2%), Telangana (37.1%) and Tamil Nadu (35.2%) were the other three States where more than one-third of the workers belonged to manufacturing sector.

3.4.12.6 In Assam about a half of the workers in the unincorporated non-agricultural sector were employed in trading activities whereas the share of workers in the trading enterprises was only 24% in West Bengal.

3.4.12.7 In 12 out of the 22 major States, at least one-third of the workers were in 'other services' activities. The share of workers in the 'other services' enterprises were highest in Himachal Pradesh (50.0%) and least in West Bengal (24.5%).

**Statement 6.1: Percentage distribution of workers by broad activity category for major States**

*Reference: Table 42 of Appendix A*

3.4.12.8 **Statement 6.2** gives the percentage distribution of workers in the unincorporated non-agricultural enterprises by State for each broad activity category. About 19% of the workers in manufacturing enterprises were in West Bengal. The top 5 states in terms of number workers in manufacturing enterprises, namely, West Bengal, Uttar Pradesh, Tamil Nadu, Gujarat and Maharashtra accounted for about 56% of the workers engaged in manufacturing activities at all India level. Whereas, the bottom 5 states namely Uttarakhand, Himachal Pradesh, Jammu & Kashmir, Assam and Haryana accounted for only less than 4% of the total workers in unincorporated manufacturing sector of the country.

3.4.12.9 About 17% of the workers engaged in trading activities in the unincorporated non-agricultural sector in India were located in Uttar Pradesh. Maharashtra (9.1%) followed by West Bengal (8.5%) were the other two states with next highest share in the number of workers trading enterprises at all India level. The bottom 3 states namely, Himachal Pradesh, Uttarakhand and Jammu & Kashmir accounted for less than 3% of the workers engaged in trading activities in the country.

3.4.12.10 About 32% of the workers in 'other services' enterprises of the Unincorporated Non-agricultural sector in India were located in three states namely, Uttar Pradesh, Tamil Nadu and West Bengal. Uttarakhand, Jammu & Kashmir and Himachal Pradesh were the three states with least number of workers engaged in 'other services' activities, together accounting for only less than 3% of the workers belonging to that sector in all-India level.

**Statement 6.2: Percentage distribution of workers and share of rural workers by States for broad activity categories**

**all includes non-captive electricity generation and transmission also*

*Reference: Table 42 of Appendix A*

3.4.12.11 **Statement 6.2** also gives the percentage of rural workers in each broad activity category over major States. At all India level, 44.8% of the workers employed in unincorporated non-agricultural enterprises were located in rural areas. The share of rural workers was about 52% in manufacturing, 41% in trading and 42% in 'other services'.

3.4.11.12 In Himachal Pradesh, about 75% of the workers were located in rural areas. Jharkhand, Odisha, were the other major States where the share of rural workers was more than 70%. In Delhi only less than 1% of the workers in unincorporated non-agricultural enterprises were located in rural areas.

## 3.5 Type of ownership of enterprises

3.5.1 The type of ownership of unincorporated non-agricultural enterprises can provide useful insights in understanding their operational and economic characteristics. The specific ownership categories covered by the survey were proprietary, partnership, Self Help Group (SHG) and Trusts. In case of proprietary enterprises, information was separately recorded based on the gender (including transgender) of the proprietor. However, separate tabulation was done for male and female proprietorship only.

**Statement 7.0: Percentage distribution of number of enterprises by type of ownership for each sector and enterprise type**

**all-India**

| type of ownership | | percentage of enterprises | | | | | | | | |

**proprietary all including transgender also*

*Reference: Table 8 of Appendix A*

3.5.2 **Statement 7.0** gives the percentage distribution of estimated number of enterprises by type of ownership for each sector and enterprise. Proprietary enterprises (i.e. enterprises wholly owned by a single individual) had the highest share (96%) in the unincorporated non-agricultural enterprises in the country. The dominance of proprietary enterprises was almost same (94% to 97%) across all sectors and enterprise types. Only 2% of the estimated number of enterprises was run as partnerships at all-India level. Another 1.8% was owned by Self Help Groups (SHG).

Partnership enterprises reported a comparatively higher share (about 4%) among establishments in both rural and urban sectors. SHGs had reported a share of about 3% in the rural sector. At all-India level, other ownership categories (including trusts) had only a very small presence (0.2%) which was mainly restricted to establishments.

3.5.3 **Statement 7.1** gives the percentage distribution of enterprises by type of ownership for different industry groups. About 98% of enterprises engaged in manufacturing and trading activities were proprietary enterprises (i.e. enterprises owned by a single household). Among the broad industry groups of 'other services' sector, the share of proprietary enterprises was about 99% in 'transport and communication'. Only 11% of the financial enterprises were proprietary. SHGs, by definition restricted to financial enterprises, had a share of 88% in the ownership type of this activity.

3.5.4 Among the manufacturing enterprises, about 45% enterprises were female headed proprietary enterprises. The share of female proprietorship was 8.7% in trading and 'Food and Accommodation' activities.

**Statement 7.1: Percentage distribution of enterprises by type of ownership for various industrial sectors**

*Reference: Table 8 of Appendix A*

3.5.5 The percentage distribution of number of unincorporated non-agricultural enterprises by type of ownership for major States is given in **Statement 8.0.** In all the major States, except for Andhra Pradesh, proprietary enterprises had a share of more than 90%. The share of female headed proprietary enterprises was highest in Telangana (37.3%) and lowest in Bihar (4.9%). In case of Self Help Groups (SHGs), Andhra Pradesh had reported the highest share (10.9%), followed by Odisha (5.4%) and Telangana (5%). Among the 22 major states, negligible presence of SHGs was seen in 8 States.

**Statement 8.0: Percentage distribution of number of enterprises by type of ownership for major States.**

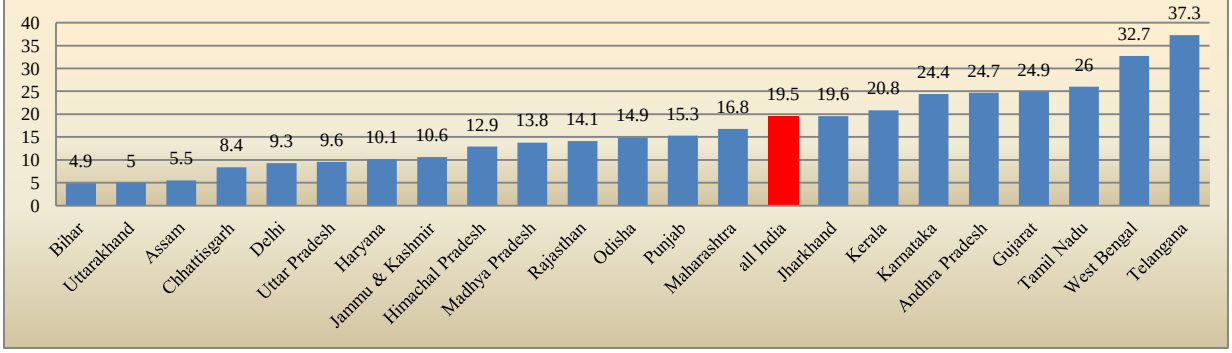
*Reference: Table 9 of Appendix A*

3.5.6 There is considerable variation in the percentages of male and female proprietorship, which together accounted for over 96% of the enterprises at all India level. The female proprietorship had a share of about 20% at all-India level which ranges from 5% in case of Bihar to 37% in case of Telangana. **Statement 8.1** gives the percentages of female headed proprietary enterprises by broad activity category for major States.

3.5.7 In case of manufacturing enterprises, ownership of 45% of the enterprises was female headed proprietary. Among the major States, the female proprietorship in manufacturing enterprises was highest in Telangana (74.0%). West Bengal (59.9%), Karnataka (55.3%), Kerala (51.3%), Tamil Nadu (51.1%) and Gujarat (50.2%) were the other major States where more than half of the manufacturing enterprises were run as female headed proprietary enterprises. Delhi had the lowest share (7.9%) of female headed proprietary enterprises in manufacturing



**Statement 8.1: Share of female headed proprietary enterprises by broad activity category for major States**

3.5.8 At all-India level, only 8.7% of the trading enterprises were proprietary enterprises headed by females. Among the major States, Andhra Pradesh had the highest share (23.4%) of female headed proprietary enterprises in trading. In all major States except for Tamil Nadu (15.7%), Telangana (12.6%), Kerala (12.5%) and Karnataka (11.2%), the share of female headed proprietary enterprises in trading was less than 10%.

**Figure 5: Percentage of female headed proprietary enterprises in major States**

3.5.9 The share of female headed proprietary enterprises in 'other services' sector was 7.4% at all-India level. The share was highest in Delhi (14.4%) followed by Punjab (11.8%), Gujarat

(11.4%) and Kerala (11.3%). The share of female headed proprietary enterprises in 'other services' was least in Bihar (1.2%)

## 3.6 Nature of operation

3.6.1 The unincorporated non-agricultural sector in the country is characterised by the main presence of household based proprietary and partnership enterprises as discussed in Section 3.5 of this chapter. The informal character of such enterprises can be visible in their nature of operation also. A small portion of these enterprises operate only in seasons depending on the availability of raw materials, demand for the products/services they are producing.

3.6.2 Enterprises may operate more or less throughout the year or in seasons or intermittently throughout the year. Accordingly, they are, respectively, termed as perennial, seasonal and casual enterprises. Percentage distribution of enterprises by nature of operation in this sense for each broad industry group is presented in **Statement 9.0**.

3.6.3 At all-India level, 98.3% of the total estimated number of enterprises were perennial in nature while 1.3% was seasonal enterprises and the remaining 0.4% were casual enterprises. 2.6% of the rural enterprises were non-perennial compared to only 0.8% of the urban enterprises.

3.6.4 In manufacturing, 97.3% of the enterprises operated more or less throughout the year and another 2% operated as seasonal enterprises. Among the trading enterprises, 98.6% were perennial and 1.2% was seasonal enterprises. Among the broad industry groups in 'Other services', The share of perennial enterprises was 98.6% in 'Food and accommodation activities', 99% in 'Transportation and communication' 99.1% in 'Real estate and business activities' and 99.3% in 'Financial activities'.

**Table 9.0: Percentage distribution of enterprises by nature of operation for selected industry groups**

**Figure 6: Percentage distribution of enterprises by nature of operation in India for each activity category:**

## 3.7 Number of months operated

3.7.1 **Statement 10.0** gives the distribution of unincorporated non-agricultural enterprises by number of months operated during last 365 days. About 93% of the enterprises had worked for more than 9 months during the last 365 days while about 2% of the enterprises had operated for less than a quarter of the same period. In the urban areas and the combined sector, the distribution of enterprises over months of operation is more or less the same for OAEs and establishments. However, in the rural areas, while about 92% of OAEs operated for more than 9 months, the proportion was about 88% for establishments.

**Statement 10.0: Percentage distribution of enterprises by number of months operated during the last 365 days for each sector and type of enterprise**

## 3.8 Number of working hours

3.8.1 Percentage distribution of unincorporated non-agricultural enterprises by working hours in a normal day during the reference month by sector and type of enterprise is shown in **Statement 11.0**. It is seen that about 65% of all unincorporated non-agricultural enterprises had worked 8 hours or more in a normal day. In urban area about 74% of unincorporated non-agricultural enterprises worked 8 hours or more in a day while in rural area, nearly 56% of them worked 8 hours or more a day. Only about 5% of unincorporated non-agricultural enterprises had worked less than 4 hours in a normal day. The share of enterprises that worked less than 4 hours was about 6% in rural areas and 4% in urban areas. Among OAEs, percentage of unincorporated non-agricultural enterprises having worked for 8 hours or more was about 69% in urban areas and nearly 53% in the rural areas. About 7% of OAEs in the rural areas and 6% in the urban areas had worked for less than 4 hours in a day. In case of establishments, about 81% of enterprises in the rural areas and 91% of enterprises in the urban areas had worked 8 hours or more in a day. The percentage of establishments that had worked for less than 4 hours was below 1% both in the rural and urban sector.

**Statement 11.0: Percentage distribution of enterprises by working hours in a normal day during the reference month for each sector and type of enterprise**

**all-India**

3.8.2 Percentage distribution of manufacturing enterprises by working hours in a normal day during the reference month is shown in **Statement 11.1**. About 45% of all manufacturing

enterprises had worked 8 hours or more in a normal day. The share was about 36% in rural areas and nearly 58% in urban areas. Among OAES, about 32% of enterprises in rural areas and nearly 46% in urban areas had worked for 8 hours or more in a day. The corresponding share for establishments was nearly 84% in rural areas and 94% in urban areas. In case of manufacturing OAEs, about 7% of the enterprises worked for less than 4 hours a day across all sectors, whereas only less than 1% of the manufacturing establishments had worked for less than 4 hours in a normal working day.

3.8.3 **Statement 11.2** shows the percentage distribution of trading enterprises by working hours in a normal day during the reference month. It is seen that about 82% of all trading enterprises had worked 8 hours or more in a normal day. In urban area 88% of trading enterprises worked 8 hours or more in a day while in rural area, 76% of them worked 8 hours or more a day. The percentage of trading OAEs that had worked for 8 hours or more was about 75% in rural areas and 86% in urban areas. In case of trading establishments, nearly 88% of enterprises in rural areas and 95% of the enterprises in the urban areas had worked for 8 hours or more in a normal working day of the reference month. Only less 1% of the trading enterprises worked for less than 4 hours a day across all sectors and enterprise type.

**Statement 11.2: Percentage distribution of trading enterprises by working hours in a normal day during the reference month for each sector and type of enterprise**

3.8.4 Percentage distribution of 'other services' enterprise by working hours in a normal day during the reference month, for rural, urban and combined sector is shown in **Statement 11.3**. It

is seen that about 64% of all 'other services' enterprises had worked 8 hours or more in a normal day. The percentage of other services enterprises that had worked for 8 hours or more was 57% and 70% respectively in the rural and urban areas. About 12% other services enterprises in the rural areas and 8% enterprises in the urban areas had worked less than 4 hours only. Among OAEs, about 55% have worked for 8 hours or more and another 14% had worked for less than 4 hours in the rural areas. The corresponding share for rural establishments engaged in other services activities was about 74% and 1% respectively. In the urban areas, 66% of other services OAEs and 84% of other services establishments had operated for 8 hours or more in a normal working day. The share of other services enterprises in the urban areas that worked for less than 4 hours was about 10% for OAEs and 1% for establishments.

## 3.9 Location of Enterprise

3.9.1 One of the main characteristics of the unincorporated sector enterprises in the country is the presence of units which do not have any fixed location of operation. These include those enterprises which function as street vendors or as part of a mobile market. **Statement 12.0** gives the percentage distribution of estimated number of enterprises by location.

3.9.2 About 87% of the unincorporated non-agricultural enterprises in the country during 2015 -16 were had operated from a fixed location either within the households (about 44%) or outside the households (about 43%). The percentage of enterprises operating from a fixed location was about 86% in rural areas and 88% in urban areas.

3.9.3 During the period, nearly half of the Own Account Enterprises (OAEs) were operating on the premises of the households that owned them. While about 31% of OAEs had a permanent structure located outside the household premises, about 15% did not have any fixed location. In case of establishments, only about 4% enterprises operated without a fixed location. While 77% of the establishments were in a permanent structure located outside the households, nearly 17% were located within the household premises.

**Statement 12.0: Percentage distribution of enterprises by type of location for sector and enterprise type**

*Reference: Table 16 of Appendix A*

3.9.4 **Statement 12.1** shows the percentage distribution of manufacturing enterprises by type of location. About 97% manufacturing enterprises carried out their activities at a fixed location either within the household premises or outside and about 3% operated their business without any fixed location. About 72% of the enterprises were located within the household premises. This percentage was about 81% for OAEs and 23% for establishments. Less than 1% of the manufacturing enterprises operated in the open air without any structure but had a fixed location. The enterprises operating outside household premises without fixed location had the characteristics of street vendors i.e. those who operate on the streets or as part of a mobile market. In case of manufacturing enterprises, this percentage was less in the case of establishments (1%) as compared to OAEs (3%). About 99% establishments working in the manufacturing sector had fixed location compared to 97% of OAEs.

*Reference: Table 16 of Appendix A*

3.9.5 In the rural areas 97% of the enterprises had a fixed location (80% within the household premises and about 17% outside). The share of enterprises with fixed location was 98% (about 61% within household premises and 37% outside) for enterprises in the urban areas.

3.9.6 Statement **12.2** gives the percentage distribution of trading enterprises by type of location. About 88% trading enterprises ran their business at fixed location either within the household premises or outside and about 12% operated their business without any fixed location. Around 2% of the trading enterprises operated in the open air without any structure but had a fixed location. In case of trading enterprises, the percentage of enterprises operating outside household premises without fixed location was 1% for establishments and 15% for OAEs.

**Statement 12.2: Percentage distribution of trading enterprises by type of location for sector and enterprise type**

*Reference: Table 16 of Appendix A*

3.9.7 **Statement 12.3** shows the percentage distribution of 'other services' enterprises by type of location. It has been observed that about 75% enterprises run the business at fixed location either within the household premises or outside and about 25% operated their business without any fixed location. About 4% of 'other service' enterprises operated in the open air without any structure but had a fixed location. The 'other services' enterprises operating outside household premises without fixed location have the characteristics of street vendors i.e. those who operate on the streets or as part of a mobile market. This percentage was less for establishments (9%) than for OAEs (28%). About 91% of establishments had fixed location compared to 72% for OAEs.

*Reference: Table 16 of Appendix A*

3.9.8 The percentage distribution of enterprises by type of location in respect of the 22 major States is presented in **Statement 13.0**. The proportion of enterprises that operated within the household premises was highest in Telangana (72.9%) in the rural areas and in Rajasthan (44.7%) in the urban areas. For the enterprises operating from outside household premises with fixed location, the proportion is highest in Delhi (65.5%) in rural areas and in Assam (83.0%) among urban areas. The proportion of enterprises that did not have any fixed location of operation was highest for Gujarat in both rural (23.7%) and urban (21.2) areas.

3.9.9 The **Statement 13.1** gives the percentage distribution of manufacturing enterprises by type of location for major States. In respect of manufacturing enterprises located within the household premises, the proportion was highest for Telangana (92.2%) in rural areas and West Bengal (74.9%) in the urban areas. Proportion of rural manufacturing enterprises operated having a fixed location outside the household premises was highest for Delhi (59.9%) whereas, Assam (81.0%) had the highest share of urban manufacturing enterprises with a fixed location outside the household premises. The share of manufacturing enterprises among the major States that did not have a fixed location was highest for Uttarakhand (6.0%) in rural areas and Odisha (7.3%) in the urban areas.

**Statement 13.1: Percentage distribution of manufacturing enterprises by location and sector for major States**

*Reference: Table 17 of Appendix A*

3.9.10 The percentage distribution of trading enterprises by type of location is given in **Statement 13.2** in respect of 22 major States. Chhattisgarh (66.1%) in rural areas and Uttar Pradesh (32.2%) in urban areas had the highest proportion of trading enterprises that functioned from a location within the household premises of its owner/major partner. In respect of trading enterprises that had a fixed location outside the household premises, the proportion was highest for Kerala (85.3%) in rural areas and for Jammu & Kashmir (92.3%) in urban areas. West Bengal (26.6%) had the highest proportion of trading enterprises in rural areas that operated outside the household premises and without a fixed location, whereas for urban areas, proportion was highest for Andhra Pradesh (18.5%).

**Statement 13.2: Percentage distribution of trading enterprises by location and sector for major States**

| State | percentage of enterprises located | | | | | | | |

3.9.11 The percentage distribution of *other services* enterprises by type of location for the major States is given in **Statement 13.3.** If the enterprises located within household premises are considered, the proportion was the highest in Madhya Pradesh (59.8%) in rural areas and in Rajasthan (46.2%) in urban areas. For the enterprises with fixed location operating from outside household premises, the proportion is highest in Delhi (83.1%) in rural areas and in Assam (71.5%) in urban areas. For the enterprises operating from outside household premises and without fixed location, the proportion is highest in West Bengal (41.8%) in rural areas and in Gujarat (44.4%) among urban areas.

**Statement 13.3: Percentage distribution of other services enterprises by location and sector for major States**

| State | percentage of enterprises located | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | rural | | | | urban | | | |
| | within household premises | outside household premises | | all | within house-hold premises | outside household premises | | all |

## 3.10 Maintenance of accounts

3.10.1 As explained in Section 3.3, about 84% of the estimated number of unincorporated non-agricultural enterprises (excluding construction) in the country during 2015-16 was Own Account Enterprises (OAEs). Further, nearly 44% of the enterprises were units that operated in the household premises of their owners/ partners. In this context, information on the maintenance of usable accounts in the unincorporated sector is worth looking into.

3.10.2 **Statement 14.0** gives percentage of unincorporated non-agricultural enterprises that maintained written accounts. At all-India level, about 88% of unincorporated non-agricultural enterprises did not maintain any sort of accounts. The proportion of enterprises that did not

maintain accounts was nearly 93% in case of OAEs and 64% in case of establishments. About 8% of the enterprises in the rural areas and 16% of enterprises in the urban areas maintained some kind of usable accounts. However, a mere 0.1% of enterprises provided the information from their book of accounts at all-India level. The proportion of enterprises that provided information from books of accounts was 0.1% for OAEs and 0.3% for establishments.

**Statement 14.0: Percentage distribution of enterprises maintaining accounts by sector and type of enterprise**

**all-India**

| maintenance of accounts | | percentage of enterprises | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| | | rural | | | urban | | | rural + urban | | |
| | | OAE | estt. | all | OAE | estt. | all | OAE | estt. | all |
| (1) | | (2) | (3) | (4) | (5) | (6) | (7) | (8) | (9) | (10) |
| accounts usually maintained | data recorded from books of accounts | 0.2 | 0.3 | 0.2 | 0 | 0.3 | 0.1 | 0.1 | 0.3 | 0.1 |

*Reference: Table 18 of Appendix A*

3.10.3 The percentage of manufacturing enterprises that maintained written accounts is given in **Statement 14.1**. About 94% of manufacturing enterprises did not maintain any sorts of accounts. This proportion was nearly 98% for OAEs and 75% for establishments. Only about 3% of manufacturing enterprises in rural areas and nearly 9% of manufacturing enterprises in urban areas maintained some kind of usable accounts. Only 0.2% of the establishments provided information from the books of accounts. Among OAEs, the proportion of enterprises that provided information from book of accounts was much smaller.

**Statement 14.1: Percentage distribution of manufacturing enterprises maintaining accounts by sector and type of enterprise**

**all-India**

| maintenance of accounts | | percentage of enterprises | | | | | | | | |

*Reference: Table 18 of Appendix A*

3.10.4 The percentage of trading enterprises that maintained written accounts is presented in **Statement 14.2**. About 85% of trading enterprises did not maintain any sort of accounts. At all-India level, about 9% of the trading OAEs and 48% of the trading establishments maintained some kind of accounts. At all-India level, 0.3% of the establishments provided information from

their books of accounts. The proportion of trading enterprises that maintained accounts was about 8% in the rural areas and 22% in the urban areas.

**Statement 14.2: Percentage distribution of trading enterprises maintaining accounts by sector and type of enterprise**

**all-India**

| maintenance of accounts | | percentage of enterprises | | | | | | | | |

*Reference: Table 18 of Appendix A*

3.10.5 **Statement 14.3** gives the percentage of 'other services' enterprises that maintained written accounts. At all-India level about 86% of 'other services' enterprises were not maintaining any sort of accounts. The proportion was nearly 90% in case of OAEs and and about 67% for establishments. The proportion of other services enterprises that maintained accounts was about 14% in the rural areas and 15% in the urban areas.

**Statement 14.3: Percentage distribution of other services enterprises maintaining accounts by sector and type of enterprise**

**all-India**

| maintenance of accounts | | percentage of enterprises | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| | | rural | | | urban | | | rural + urban | | |
| | | OAE | estt. | all | OAE | estt. | all | OAE | estt. | all |
| (1) | | (2) | (3) | (4) | (5) | (6) | (7) | (8) | (9) | (10) |

*Reference: Table 18 of Appendix A*

3.10.6 **Statement 14.4** presents a comparative picture of percentage distribution of enterprise by maintenance of accounts for each broad activity category and type of enterprise. It can be observed that in case of OAEs, incidence of not maintaining usable books of accounts is extremely high in all three broad activity categories; nearly 98% in manufacturing, 91% in trading and 90% in other services. The scenario is slightly improved in case of establishments; about 75% in manufacturing, 52% in trading and 67% in other services. Even though about a half of the trading establishments maintained some books of accounts, only 0.3% of them provided information from such accounts. Similarly for manufacturing and 'other services' establishments,

percentage of enterprises providing information from the book of accounts were only 0.2% and 0.3% respectively.

**Statement 14.4: Percentage distribution of enterprises maintaining accounts for each activity category by sector and type of enterprise**

**all-India**

| maintenance of accounts | | percentage of enterprises | | | | | | | | |

## 3.11 Social group of owner

3.11.1 Information on the social group of the owner / major partner of unincorporated non-agricultural enterprises operating as proprietary and partnership basis was collected during the survey. About 66% of unincorporated non-agricultural proprietary/partnership enterprises were owned by persons belonging to the backward sections (i.e. Scheduled Tribes (ST), Scheduled Castes (SC) and Other Backward Classes (OBC).) This proportion was 69% in case of OAEs and 52% for establishments. Further, nearly 74% of the proprietary / partnership enterprises in rural areas and 59% of those in the urban areas were owned by persons belonging to these three socially backward sections. Details are in **Statement 15.0.**

**Statement 15.0: Percentage distribution of proprietary and partnership enterprises by social group of their owner / major partner for each sector and enterprise type**

**all-India**

| social group of owner /major partner | percentage of enterprises | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|

*Reference: Table 10 of Appendix A*

3.11.2 **Statement 15.1** shows that persons belonging to the socially backward sections together owned about 71% of the manufacturing enterprises which were run as either proprietary or partnership basis. This proportion was 73% for OAEs and 57% for establishments. About 75% of

the enterprises in the rural areas and 65% of the enterprises in the urban areas were run by socially backward sections.

**Statement 15.1: Percentage distribution of proprietary and partnership manufacturing enterprises by social group of their owner / major partner for each sector and enterprise type**

**all-India**

| social group of owner /major partner | percentage of enterprises | | | | | | | | |

*Reference: Table 10 of Appendix A*

3.11.3 **Statement 15.2** shows that among the trading enterprises which were run on proprietary or partnership basis, about 62% trading enterprises were owned by persons belonging to Scheduled Tribes (ST), Scheduled Castes (SC) and Other Backward Classes (OBC). This proportion was 65% for trading OAEs and 43% for trading establishments at all-India level. The proportion of proprietary/partnership trading enterprises owned by the backward sections was about 72% in rural areas and 53% in urban areas.

**Statement 15.2: Percentage distribution of proprietary and partnership trading enterprises by social group of their owner / major partner for each sector and enterprise type**

*Reference: Table 10 of Appendix A*

3.11.4 The percentage distribution for other services proprietary/ partnership enterprises by the social group of their owner/ major partner is given in **Statement 15.3**. About 67% of these enterprises were owned by persons belonging to Scheduled Tribes (ST), Scheduled Castes (SC) and Other Backward Classes (OBC). This proportion was 69% for OAEs and 56% for establishments. Further, 74% of other services proprietary/ partnership enterprises in the rural areas and 61% of those in the urban areas were run by persons belonging to these socially backward sections.

**Statement 15.3: Percentage distribution of proprietary and partnership other services enterprises by social group of their owner / major partner for each sector and enterprise type**

**all-India**

| social group of owner /major partner | percentage of enterprises | | | | | | | | |

*Reference: Table 10 of Appendix A*

3.11.5 **Statement 15.4** presents a comparative picture of percentage distribution of proprietary and partnership enterprises by social group of their owner / major partner for each broad activity category and type of enterprise. The social Group 'Other Backward Classes (OBC), owned nearly half of the proprietary/ partnership enterprises across all activity category and enterprise type except for the establishments in trading where nearly 55% were owned by the social group 'Others'. Among the social groups, the ownership share was the least for Scheduled Tribes (STs) which was less than 5% across enterprise types and broad activity categories, followed by Scheduled Castes (SCs). The ownership share of the social group 'others' among establishments were higher than their ownership share among OAEs in each of the three broad activity categories. Whereas, the other three socially backward sections, the ownership share in OAEs were higher than that in establishments across activity categories.

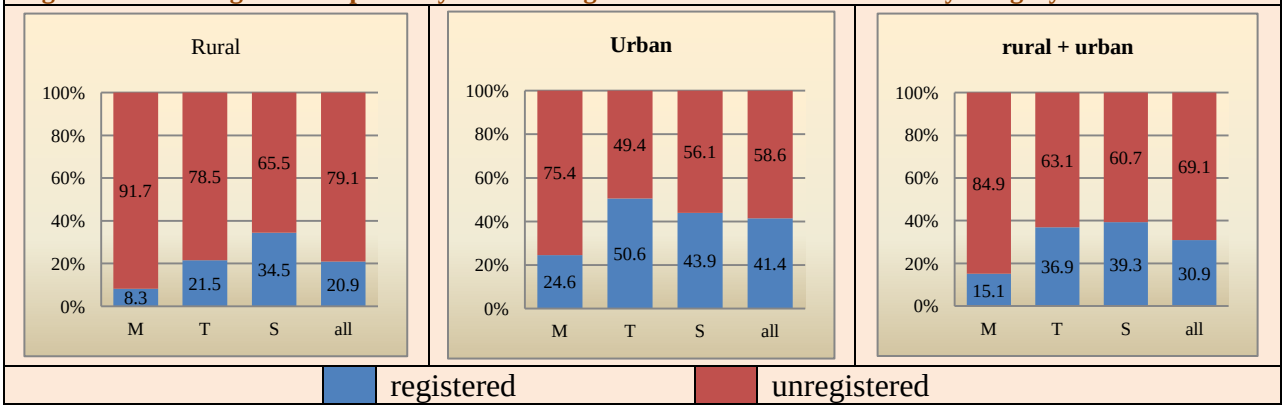
**Figure 7: Percentage distribution of proprietary and partnership of manufacturing enterprises by social group of their owner / partner in India**

## 3.12 Status of registration



3.12.1 Information about the status of registration of enterprises under various industry specific agencies or authorities like State Directorate of Industries, Khadi and Village Industries Commission, Development Commissioner of Handicraft/ handlooms, various commodity Boards, DGFT, Pollution Control Board, EPF Organisation, Sale Tax etc, was collected in the survey. About 31% of the unincorporated non-agricultural enterprises at all-India level registered under any of these acts/ authorities. The percentage of registration was higher (41.4%) in the urban areas compared to the rural areas (21%). Among the broad activity categories, manufacturing sector and other services sector respectively had the highest (84.9%) and lowest share (61%) of unregistered enterprises at all-India level. The details are in **Statement 16.0** below.

**Statement 16.0: Percentage of enterprises by status of registration for each broad activity category all-India**

| broad activity category | rural | | urban | | rural + urban | |
|---|---|---|---|---|---|---|
| | registered | unregistered | registered | unregistered | registered | unregistered |
| (1) | (2) | (3) | (4) | (5) | (6) | (7) |
| manufacturing | 8.3 | 91.7 | 24.6 | 75.4 | 15.1 | 84.9 |
| trade | 21.5 | 78.5 | 50.6 | 49.4 | 36.9 | 63.1 |
| other services | 34.5 | 65.5 | 43.9 | 56.1 | 39.3 | 60.7 |
| **all** | **20.9** | **79.1** | **41.4** | **58.6** | **30.9** | **69.1** |

*Reference: Table 20 of Appendix A*

**Figure 9: Percentage of enterprises by status of registration for each broad activity category in India**

3.12.2 **Statement 16.1** presents percentage of enterprises by status of registration for each activity category. In the rural manufacturing sector, the activity category 'Manufacture of transport equipment (M22) had the largest share of registered enterprises (76.4%) followed by Manufacture of coke and refined petroleum products (M11) and Cotton ginning, cleaning and baling (M1) respectively with 60.3% and 51.6% registered enterprises among them. Among the manufacturing enterprises in the urban areas, Manufacture of machinery and equipment n.e.c (M20) had the highest share or registered enterprises (87.1%). Manufacture of motor vehicles, trailers and semi-trailers (M 21) with 82.8% registered enterprises, 'Printing and reproduction of recorded media' (M10) and 'Manufacture of coke and refined petroleum products' (M11) each with 70.2% registered enterprises were the other activity categories in the urban manufacturing enterprises that reported next highest percentage of registered enterprises.

3.12.3 Among the trading enterprises, 'trade of motor vehicles and motor cycles' (T1) was the activity that reported highest share of registered enterprises both in the rural (35.4%) and urban (67.7%) areas. *Other retail trade* (T5) and *repair and maintenance of motor vehicles and motor cycles* (T2) each with nearly one-fifth of the enterprises registered under some acts were the other two activities in the rural areas that reported next highest share of registered enterprises among them. The share of registered enterprises among the urban trading enterprises was better with nearly a half or more of the enterprises in each activity had some registration. Details are in **Statement 16.2**

**Statement 16.2: Percentage distribution of trading enterprises by status of registration for each activity category and sector**

3.12.5 **Statement 16.4** presents percentage of registered enterprises in each broad activity category for major States. All activity categories taken together, Kerala (60.3%), Uttarakhand (58.2%) and Jammu & Kashmir (55.9%) were the top three States in respect of proportion of registered enterprises. Jharkhand (9.9%), followed by Bihar (13.4%) and Odisha (15.0%) were the bottom three major States in terms of registered enterprises.

3.12.6 Among the manufacturing enterprises Uttarakhand (40.3%) and Jharkhand (0.9%) are the states that respectively had the highest and the lowest share of registered enterprises among them. Jammu & Kashmir (72.9%) had the highest proportion of registered trading enterprises by status of registration for each State/ UT. Among other services enterprises, Kerala and Karnataka had the highest proportion of registered enterprises (67.0%) and the lowest proportion of registered enterprises was reported by Bihar (17.9%).

## 3.13 Specific problems faced in operation

3.13.1 The informal nature of the unincorporated non-agricultural enterprises with respect to their formation as well as their functioning might expose them to a number of problems. Hence, the understanding of problems faced by these enterprises is crucial for focused policy formulation for the sector.

3.13.2 The survey collected detailed information on the type of problems faced by the enterprises during their daily operation. If the enterprise reported that it has faced some problem during the last 365 days, the enterprise was further asked to report maximum of two most severe problems it faced, based on a list of eight different kinds of problems specified in the schedule. If the enterprise faced some kind of problems which was not specified in the schedule, it was reported against 'others'.

3.13.3 **Statement 17.0** gives the percentage of unincorporated non-agricultural enterprises reporting specific problems faced. About 61% of all unincorporated non-agricultural enterprises in the country did not report any problem during their operation.

**Statement 17.0: Incidence of specific problems faced by enterprises for each sector and enterprise type**

**all-India**

*Reference: Table 24 of Appendix A*

*percentage may not add up to 100 as an enterprise can report more than one problem.

3.13.4 Taking all enterprises together, shrinking/ fall in demand (16.8%) and non-recovery of financial dues (9.5%) were the two main problems faced by the unincorporated non-agricultural enterprises. Non-availability/ high cost of credit were highlighted by 8.3% of the enterprises and erratic power supply/ power cuts was a major problem for 4% of the enterprises. These problems had more or less the same incidence across sectors and enterprise types. However, the percentage of enterprises that reported some kind of problems was comparatively higher in rural

areas (about 43%) than in urban areas (about 36%). About 7% to 8% of the establishments across all sectors *reported erratic power supply/ power cuts* as an important problem.

3.13.5 **Statement 17.1** presents the percentage of manufacturing enterprises reporting specific problems faced during their operation. About 59% of all manufacturing enterprises did not report any problem. *Shrinking or fall of demand* (17.6%) and *non-availability/ high cost of credit* (6.9%) were the two main problems faced by manufacturing enterprises. In respect of manufacturing OAEs, *shrinking or fall of demand* (17.9%) and *non-availability/ high cost of credit* (6.8%) were the two main problems reported by maximum number of enterprises whereas among manufacturing establishments *shrinking or fall of demand* (16.1%) and *erratic power supply/ power cuts* (11.5%) were the two main problems faced by maximum number of enterprises.

3.13.6 **Statement 17.2** gives the percentage of trading enterprises reporting specific problems faced during their day-to-day operations**. A**bout 57% of trading enterprises did not report any problem. *Shrinking / fall in demand* was reported as an important problem by 17.5% of trading enterprises. *Non-recovery of financial dues* (14.1%) and *non-availability / high cost of credit* (10.7%) are the other two main problems reported most frequently by the trading enterprises. Among the rural trading enterprises, *non-recovery of financial dues* (19.8%) was the most frequently reported problem followed by *shrinking /fall in demand* (15.8%) and *non-availability/ high cost of credit* (13.6%). As in the combined sector, the most frequently reported problem among the urban trading enterprises also were *shrinking / fall in demand* (19.1%), *non-recovery of financial dues* (9.0%) and *non-availability/ high cost of credit* (8.2%).

**Statement 17.2: Trading enterprises: Incidence of specific problem faced, by sector and enterprise type**

## 3.14 MSMEs among Unincorporated Non-agricultural Enterprises

3.14.1 NSS 73rd round survey kept provision to classify enterprises as micro, small or medium (MSME) based on the original value of plant and machinery for manufacturing enterprises and original value of equipment for services enterprises as collected in the newly included block 10.1 of the Schedule. The '*original value'* was the price at which the enterprise acquired the plant and machinery/ equipment.

3.14.2 **Statement 18.0** gives the percentage distribution of enterprises by their MSME status. At all-India level, 99.99% of the unincorporated non-agricultural enterprises under coverage of the survey were found to be MSMEs, in which 99.46% were *micro* enterprises. Among the manufacturing and trading enterprises, almost 100% of the enterprises were MSMEs. The share of *small* enterprises was only 0.3% in manufacturing and 0.5% in trading and the remaining were *micro* enterprises. In case of '*other services'*, about 99.2% were micro and 0.8% were small enterprises. Other services had a very small percentage (0.02%) of medium enterprises also.

**Statement 18.0: Percentage distribution of enterprises by MSME status for each broad activity category**

**all-India**

| broad activity category | percentage of enterprises | | | | | |
|---|---|---|---|---|---|---|
| | MSME | | | | non-MSME | all (incl. nr) |
| | micro | small | medium | MSME total | | |

**including non-captive electricity generation and transmission*

*Reference: Table 22 of Appendix A*

3.14.3 **Statement 18.1** gives the percentage distribution of enterprises by their MSME status for major states. More than 99.9% of the enterprises in all the major States were MSMEs. Delhi (1.2%), Haryana (1.7%), Himachal Pradesh (1.6%) and Madhya Pradesh (1.2%) were the only States that had at least 1 % *small* enterprises among their unincorporated non-agricultural enterprises.

**Statement 18.1: Percentage distribution of enterprises by MSME status for major States**

**all-India**

| State | percentage of enterprises | | | | | |

## 3.15 Enterprises undertaking some work under contract

3.15.1 The enterprises in the unincorporated sector are found to be dominated by small household based units. In certain categories of the unincorporated non-agricultural enterprises, the units might engage in the production process to fulfill the orders taken from some bigger enterprise units with which they have entered some contract. In such cases certain conditions on the sale of product, mode of payment, supply of raw material etc. are put by the contractor or master unit.

3.15.2 The percentage of enterprises working under some such contract for different broad industry groups is given in **Statement 19.0**. Only about 10% of unincorporated non-agricultural enterprises had undertaken at least some work on contract basis. 'Undertaking some work under contract' is a characteristic generally observed with manufacturing activity, where 31.1% of the enterprises were found to have done some work under contract. About 34% manufacturing enterprises in rural areas and 28% manufacturing enterprises in urban areas had undertaken some contract work. In general, among the manufacturing category, the proportion of enterprises undertaking some contract work was higher for OAEs than their establishment counterparts. The

percentage of enterprises undertaking some work under contract was very low in case of trading and other services enterprises.

**Statement 19.0: Percentage of enterprises undertaking some contract work by enterprise type and sector for and industry groups**

**all-India**

| industry group | percentage of enterprises | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| | rural | | | urban | | | rural + urban | | |
| | OAE | estt. | all | OAE | estt. | all | OAE | estt. | all |
| (1) | (2) | (3) | (4) | (5) | (6) | (7) | (8) | (9) | (10) |
| manufacturing | 35.0 | 16.0 | 33.5 | 28.7 | 24.6 | 27.8 | 32.7 | 21.9 | 31.1 |
| trade | 0.1 | 0.4 | 0.1 | 0.2 | 0.3 | 0.2 | 0.1 | 0.4 | 0.2 |
| food and Accommodation | 0.7 | 1.6 | 0.8 | 1.0 | 2.0 | 1.3 | 0.9 | 1.9 | 1.1 |

| professional and business services | 1.3 | 3.0 | 1.5 | 1.4 | 2.7 | 1.7 | 1.4 | 2.8 | 1.6 |
| financial enterprises | 0.0 | 0.0 | 0.0 | 0.1 | 2.5 | 0.4 | 0.0 | 1.8 | 0.1 |
| rest of the services activities | 0.5 | 2.4 | 0.7 | 1.0 | 1.5 | 1.1 | 0.8 | 1.8 | 0.9 |
| **all** | **12.6** | **6.3** | **12.1** | **8.1** | **7.4** | **7.9** | **10.6** | **7.1** | **10.1** |

*Reference: Table 26 of Appendix A*

3.15.3 As seen from **Statement 19.0** above, 'undertaking contract work' is a characteristic more observed in manufacturing enterprises in the unincorporated sector than trading or other services activities. Hence, the incidence of contract work over detailed activity categories under manufacturing is worth looking into. **Statement 19.1** presents the percentage of manufacturing enterprises undertaking some contract work by enterprise type and sector for each detailed activity category.

3.15.4 About 84% of the enterprises engaged in *Manufacture of tobacco products* (M4) were undertaking some contract work. *Manufacture of textiles* (M5), *Manufacture of machinery and equipment n.e.c.* (M20) and *Manufacture of rubber and plastics products* (M14), with more than half of their enterprises undertaking some work contract, were the other activities with high share of enterprises undertaking some contract work. The share of such enterprises was very small in case of *Cotton ginning, cleaning and bailing (M1*) and *Manufacture of food products (M3).*

**Statement 19.1: Percentage of manufacturing enterprises undertaking some contract work by enterprise type and sector and activity category**

*Reference: Table 26 of Appendix A*

3.15.5 **Statement 19.2** gives the percentage of enterprises undertaking some contract work in the 22 major States by enterprise type and sector. Among the major States, West Bengal had the highest percentage share (31.5%) of enterprises doing some work under contract. Telangana (20.2%), Tamil Nadu (11.6%) and Jharkhand (10.1%) are the other major States where percentage of enterprises undertaking some contract work is equal or more than the all-India average. In these States that showed a comparatively higher percentage of enterprises undertaking some contract work, more enterprises in OAE undertook some work under contract than those in establishments. Also enterprises in the rural areas had a higher share of enterprises undertaking some contract work than their counterparts in urban areas. Himachal Pradesh

(0.4%), Rajasthan (0.5%) and Haryana (1.4%) were the bottom three major States in terms of percentage of enterprises undertaking some work under contract.

*Reference: Table 27 of Appendix A*

3.15.6 **Statement 19.3** gives the percentage of manufacturing enterprises undertaking some contract work. In West Bengal, nearly 65% of the manufacturing enterprises were doing some work under contract. The share was about 67% in case of manufacturing OAEs and 45% in case of manufacturing establishments. Telangana (45.2%), Delhi (37.0%), Tamil Nadu (32.5%), Jharkhand (31.1%) were the other major States that reported comparatively higher percentage of enterprises undertaking some contract work.

3.15.7 In the rural areas, 65.7% enterprises in West Bengal and 61.0% of manufacturing enterprises in Telangana undertook some contract work. The top three major States in terms of urban manufacturing enterprises undertaking some contract work were West Bengal (62.8%), Delhi (37.2%) and Uttar Pradesh (34.9% ).

**Statement 19.3: Percentage of manufacturing enterprises undertaking some contract work by enterprise type and sector for major States**

*Reference: Table 27 of Appendix A*

3.15.8 State-wise figures of enterprises undertaking some contract work are not discussed separately for trade and other services activities as the incidence of 'contract' is very low. However, the corresponding estimates are available in the detailed tables (Table 27 of Appendix A).

## 3.16 Toilet Facility at Workplace

3.16.1 NSS 73rd round survey has collected information on the availability and access to toilet facility at workplace among the unincorporated non-agricultural enterprises (excluding construction). Question was asked first to ascertain the availability of toilet facility. If the enterprise reported the availability of toilet facility, its usability and ownership was further probed.

3.16.2 **Statement 20.0** presents the percentage distribution of enterprises by access to toilet facility at workplace for each broad activity category, enterprise type and sector. At all-India

level, 46.1% enterprises did not have any toilet facility at workplace. The OAEs had a higher percentage share of enterprises without any toilet facility (48.1%) than establishments (35.7%). In the rural areas, 55.1% of the enterprises were without any toilet facility. Percentage of such enterprises in urban areas was 36.7%.

**Statement 20.0: Percentage distribution of enterprises by access to toilet facility for each sector, broad activity category, sector and enterprise type**

**all-India**

| sector | Broad activity category | percentage of enterprises | | | | | | | | | | | |

*Reference: Table 38 of Appendix A*

* all includes non-captive electricity generation and transmission also

3.16.3 **Statement 20.1** gives the percentage distribution of enterprises by access to toilet facility for major States. Odisha had the highest percentage of enterprises (85.6%) without access to any toilet facility followed by Jharkhand (77.6%) and Bihar (63.0%). Enterprises having no access to toilet facility were least in Delhi (18.0%) followed by Telangana (25.7%) and West Bengal (31.5%). Telangana also had the highest percentage of enterprises that owned a toilet in usable condition (66.0%).

3.16.4 Since the unincorporated non-agricultural enterprises under the coverage of the survey was dominated by household based proprietary and partnership enterprises and also due to the presence of units that function without having any fixed location, the information on the location of enterprises (i.e, fixed location within or outside the household premises, no fixed location etc.) can be an important factor while understanding the estimates on access to toilet facility. The

detailed tables (Table 38 of Appendix A) present the estimates on access to toilet facility also by the location of enterprise.

**Statement 20.1: Percentage distribution of enterprises by access to toilet facility for major States**

| State | percentage distribution of enterprises by access to toilet facility | | | | |

## 3.17 Provision for Solid and Liquid Waste Management by the enterprises

3.17.1 The NSS 73rd round survey collected information on the provision for solid and liquid waste management by the enterprises. **Statement 21.0** provides the percentage distribution of enterprises by provision for solid and liquid waste management for each broad activity category and sector.

3.17.2 About one-fifth of the enterprises at all-India level did not generate any type of solid waste as part of their operation. About 35% of the enterprises had provision for solid waste management and the remaining 45% did not have any provision for solid waste management.

3.17.3 About 21% of the enterprises in the rural areas and 20% enterprises in the urban areas did not generate any solid waste. Nearly 60% of the rural enterprises did not have any provision for solid waste management. However, the corresponding share was about 30% in the urban enterprises.

3.17.4 Among the broad activity categories, about 90% of the manufacturing enterprises generated some kind of solid waste as part of their operation. The percentage of solid waste generating enterprises was 85% in trading and 65% in other services category. At all-India level, about 52% of the manufacturing enterprises and 46% of the trading enterprises and nearly 36% of the enterprises in other services did not have any provision for solid waste management.

**Statement 21.0 Percentage distribution of enterprises by provision for solid and liquid waste management for each broad activity category and sector**

**all-India**

| sector | broad activity category | percentage of enterprises by provision for solid waste management | | | | percentage of enterprises by provision for liquid waste management | | | |

*Reference: Table 39 and 40 of Appendix A*

3.17.5 About three-fourth of the enterprises at all-India level did not generate any liquid waste during their operation. The percentage of such enterprises was about 81% among manufacturing enterprises, 78% among trading and nearly 65% among other services enterprises. There was little rural-urban variation.

3.17.6 Nearly 1% of the unincorporated non-agricultural enterprises had some provision for liquid waste management at their place of operation. Nearly one-fourth of the enterprises did not have any provision for liquid waste management at their place of operation. They either disposed of the liquid waste in the usual waste water discharge or discharged it on the road/nalla/river.

3.17.7 **Statement 21.1** gives the percentage distributions of enterprises by provision for solid and liquid waste management for major states.

3.17.8 Among the major States Delhi had the highest share of enterprises that generated some kind of solid waste (91.8%) during their operation followed by Jammu & Kashmir (91.7%) and Chhattisgarh (89.5%). However, about 80% of the enterprises in Delhi had provision for solid waste management. Among the major States Bihar (70.4%) followed by Jharkhand (68.7%) and Chhattisgarh (67.2%) were the top three states with highest percentage of enterprises that did not have any provision for solid waste management.

**Statement 21.1 Percentage distribution of enterprises by provision for solid and liquid waste management for major states**

| state | percentage of enterprises by provision for solid waste management | | | percentage of enterprises by provision for liquid waste management | | |
|---|---|---|---|---|---|---|
| | has provision | no provision | not generating solid waste | has provision | no provision | not generating liquid waste |
| (1) | (2) | (3) | (4) | (5) | (6) | (7) |
| Andhra Pradesh | 39.7 | 34.5 | 25.8 | 1.0 | 34.8 | 64.2 |

| Tamil Nadu | 57.2 | 30.0 | 12.8 | 1.0 | 23.7 | 75.3 |
| Telangana | 49.2 | 35.1 | 15.7 | 0.8 | 16.0 | 83.2 |
| Uttar Pradesh | 26.8 | 56.7 | 16.5 | 0.5 | 29.6 | 69.8 |
| Uttarakhand | 44.4 | 40.6 | 15.0 | 1.2 | 25.1 | 73.7 |
| West Bengal | 21.1 | 60.5 | 18.4 | 0.3 | 24.7 | 74.9 |
| **all-India** | **35.1** | **44.8** | **20.1** | **1.1** | **24.0** | **74.9** |

*Reference: Table 39 and 40 of Appendix A*

3.17.9 About 87% of the enterprises in Gujarat did not generate any liquid waste during their operation. Telangana (83.2%) and Maharashtra (82.6%) were the states with next highest percentage of enterprises that did not generate any liquid waste.

3.17.10 Delhi had the highest percentage of enterprises (45.8%) that generated liquid waste during their operation followed by Bihar (38.3%) and Andhra Pradesh (35.8%). As in the all-India level, there were only a small percentage of enterprises within each major State that had some provision for liquid waste management. Percentage of such enterprises was comparatively high in Gujarat (3.5%), Kerala (2.9%), Assam (2.6%) and Delhi (2.4%).

## 3.18 Enterprises Pursuing Mixed Activities

3.18.1 **Statement 22.0** presents the percentage of unincorporated non-agricultural enterprises pursuing mixed activity by sector and type of enterprise. About 3% of unincorporated non-agricultural enterprises pursued mixed activity. The corresponding share was 2.5% among rural enterprises and 3.3% among urban enterprises. Comparatively more enterprises in other services pursued mixed activities than enterprises in manufacturing or trading.

**Statement 22.0: Percentage distribution of enterprises pursuing mixed activity by type of enterprise for each sector and broad activity category** **all-India**

| broad activity category | percentage of enterprises pursuing mixed activity | | | percentage of enterprises pursuing mixed activity | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|

*Reference: Table 32 of Appendix A*

## 3.19 Enterprises receiving assistance

3.19.1 **Statement 23.0** gives the percentage of unincorporated non-agricultural enterprises receiving government assistance separately by type of assistance received. Kinds of assistance include financial loans, subsidies, machines/equipment, skill development, marketing, raw materials and others. Provision was made in the schedule for recording information on two such kinds of assistances received based on their relative importance. Only about 2% of unincorporated non-agricultural enterprises had reported receiving any assistance from government. About 1% of unincorporated non-agricultural enterprises received assistance from the government in the form of financial loans. The percentage of unincorporated non-agricultural enterprises did not receive any assistance from government is marginally higher in urban areas (99%) than in rural areas (98%).

3.19.2 **Statement 23.1** shows that 99% manufacturing enterprises had not received any assistance from the government. This percentage is 98.9% in urban and 99.0% in rural areas.

Compared to OAEs, share of enterprises that received assistance was slightly more among establishments. While 2.4% of the establishments received some assistance the share was only 0.8% among OAEs.

3.19.4 **Statement 23.3** presents the percentage of 'other services' enterprises receiving assistance from government separately by type of assistance received. It has been observed that

96.5% 'other services' enterprises had not received any assistance from the government in combined sector. The share of OAEs that had reported receiving some assistance (3.8%) was more than the share of establishments received assistance (1.9%). While almost 5% of the rural OAEs received financial assistance from government, the share was 2.4% among rural establishments.

## 3.20 Use of information and communication technology (ICT)

3.20.1 Unlike in NSS 67th round, the Information on the use of *Information and Communication Technology* (ICT) for the activities of the enterprises was collected in two different blocks of *Schedule 2.34*. Information on the use of computer and internet for the activities of the enterprise was collected in block 2 (item 218 and item 219) from all the enterprises under coverage. Additionally, a detailed block on the ICT use (block 14) was collected from all enterprises with more than 10 workers which had reported either the use of computer or internet against item 218 and 219 of block 2.

3.20.2 For the purpose of the survey, a computer referred to a desktop, laptop (portable computers such as *notebook*, *netbook*, etc.) or a tablet (or similar hand held computer). It did not include equipment with some embedded computing abilities such as mobile cellular phones, personal digital assistants (PDA) or TV sets and devices with telephony as their primary function such as smart phones.

3.20.3 The use of internet was recorded irrespective of the device used for connection Access could be via a fixed or mobile network. The personal use of the computer/internet by the proprietor/ major partner in respect of proprietary/ partnership enterprises was not considered for reporting against the use of ICT in the survey. Only the use of computer/ internet for the activities of the enterprise was considered for reporting for the purpose of assessing the use of ICT by enterprises.

3.20.4 **Statement 24.0** presents the percentage of unincorporated non-agricultural enterprises using computer and internet during last 365 days/last year by enterprise type for each sector and broad activity category. At all-India level, 5% of the enterprises had used computer and 4% of the enterprises used internet for entrepreneurial activities during the previous 365 days/year of their operation. Considerably more enterprises located in the urban areas were using computer and internet than their rural counterparts in general. Among the rural enterprises, nearly 2% used computer and 1% used internet, whereas, among the urban enterprises, about 8% used computer and nearly 7% used internet.

3.20.5 Among the establishments, while nearly 20% of the enterprises reported the use of computer, the corresponding share was only about 2% among OAEs. The use of internet was also higher among the establishments (about 16%) compared to OAEs (nearly 2%).

**Statement 24.0: Percentage of enterprises using computer and internet for their operation during the last 365 days/ last year by enterprise type for each sector and broad activity category**

*Reference: Table 36 of Appendix A and Report No.546 of NSS 67th round*

3.20.6 Among the broad activity categories, other services reported the highest proportion of enterprises reporting the use of computer (8.6%) followed by trade (4.5%) and manufacturing (1.7%). Similarly, internet use was also reported to be highest among other services (7.1%) and the least among manufacturing (1.3%). In all activity categories both in the rural and urban sector, the use of computer and internet was much more among establishments as compared to OAEs.

3.20.7 From the enterprises with more than 10 workers and having used computer and (or) internet during the previous 365 days of its operation, detailed information was collected on the

ICT infrastructure such as availability of web presence, LAN, extent of ICT use in terms of number of workers using computer/ internet regularly, etc.

3.20.8 **Statement 24.1** gives the percentage of ICT using enterprises (with more than 10 workers) by type of ICT infrastructure during the last 365 days. At all-India level, 46% of these enterprises had web presence. Among the broad activity categories, web presence was highest among trading enterprises (62.3%) followed by other services (49.3%) and manufacturing (26.4%).

3.20.9 About 27% of the ICT using enterprises (with more than 10 workers) were having Local Area Network (LAN) at the workplace. The percentage was highest among other services enterprises (35.3%) followed by trading (18.8%) and manufacturing (13.2%).

3.20.10 At all-India level, about 22% of the workers of the ICT using enterprises (with more than 10 workers) reported using computer regularly during the previous 365 days of their operation. The share was highest among 'other services' enterprises (24.6%) followed by trading (17.9%) and manufacturing (13.1%). The regular use of internet for the activities of enterprises was reported by about 18% of the workers of these enterprises. As in case of computer use, the percentage was highest among other services enterprises (20.3%) followed by trading (15.2%) and manufacturing (9.6%).

**Statement 24.1: Percentage of ICT using enterprises* by type of ICT infrastructure**

| sector | broad activity category | percentage of enterprises having | | percentage of workers | |
|---|---|---|---|---|---|
| | | web presence | LAN | using computer | using internet |
| (1) | (2) | (3) | (4) | (5) | (6) |

*Reference: Table 43 of Appendix A*

## 3.21 Precision of Estimates

3.21.1 Relative Standard Errors (RSEs) of estimated number of unincorporated non-agricultural enterprises and estimated number of workers categorized by broad activity/sector at all-India level are given in **Statement 25.0** to show the reliability of estimates. The estimates generated for the broad activity category 'non-captive electricity generation and transmission' are based on a sample size of only 19 at all-India level, which is very much insufficient to generate reliable estimates at all-India level. Barring this activity, RSEs for estimated number of enterprises for all broad activity categories in all sectors are less than 5% at all-India level. It may be further noted that excluding manufacturing establishments and trading enterprises (both establishments and all) of the urban sector and trading establishments of the combined sector, the RSEs for estimated number of workers are also less than 5% at all-India level. The data users are advised to use the estimates with caution particularly in cases where RSEs of estimates are high (say, more than 15% or so).

**Statement 25.0: RSEs of estimated number of enterprises and workers for each broad activity category by enterprise type and sector**

**all-India**
