Quarterly Bulletin on Employment and Unemployment Indicators

1. Introduction

1.1 Periodic Labour Force Survey (PLFS) of NSO

1.1.1 Considering the importance of availability of labour force data at more frequent time intervals, National Statistical Office (NSO) launched Periodic Labour Force Survey (PLFS) in April 2017. On the basis of PLFS, Quarterly Bulletins are brought out, corresponding to different quarters of the survey period, giving estimates of labour force indicators, viz., Labour Force Participation Rate (LFPR), Worker Population Ratio (WPR), Unemployment Rate (UR), distribution of workers by broad status in employment and industry of work in the Current Weekly Status (CWS) for the urban areas. Thirteen Quarterly Bulletins corresponding to the quarter ending December 2018 to the quarter ending December 2021 have already been released.

Besides the Quarterly Bulletins, Annual Reports are brought out covering both rural and urban areas giving estimates of all important parameters of employment and unemployment in both usual status (ps+ss) and current weekly status (CWS). Four Annual Reports¹ corresponding to the periods July 2017 - June 2018, July 2018 - June 2019, July 2019 - June 2020 and July 2020 - June 2021 have also been released.

This Bulletin for the quarter ending March 2022 is the fourteenth in the series.

1.2 Indicators presented in this Bulletin

1.2.1 In this Bulletin indicators of employment and unemployment in current weekly status (CWS) are presented for the urban areas separately for the periods:

- January – March 2021
- April – June 2021
- July – September 2021
- October – December 2021
- January – March 2022

¹The 'Concepts and Definitions', 'Sample Design and Estimation Procedure' and Schedule of PLFS (Schedule 10.4) (first visit and revisit) may be perused as Chapter Two, Appendix D and Appendix E, respectively in the Annual Report, PLFS, 2020-21, which is accessible at www.mospi.gov.in.

1.3 PLFS fieldwork during COVID-19 pandemic:

During the major waves of COVID-19 pandemic in 2020 and 2021, the field work was suspended in most parts of the country for short durations each time as per local situations, and was subsequently resumed with COVID-19 related restrictions. This, therefore, had a spill-over effect in completion of pending field work during subsequent Quarters. However, with extra efforts by the field staff, the pendency of field work could be gradually reduced.

In cases where field work of canvassing the Schedules in respect of the pending samples were undertaken later, the information was collected with respect to the actual reference period which would have been adopted had there been no pandemic. Thus, there was no break in the flow of information collected for any Quarter except that informants were approached at a later date due to the unavoidable situation.

The field work for collection of information in respect of the FSUs allotted for the Quarter January - March, 2022 was completed by 04.04.2022 for the first visit samples and by 31.03.2022 for revisit samples.

Since June 2020, canvassing of revisit schedules are being undertaken in telephonic mode as per actual reference periods of the samples. The telephonic mode was adopted in order to minimize the physical interaction with informants so as to contain spread of COVID-19 virus and to cope up with pandemic related restrictions. For about 95.31 % of the revisit Schedules allotted for the period January-March, 2022, information was collected over telephone.

These aspects may be kept in mind while using the estimates of PLFS for the concerned quarters.

2. Key findings

2.1 Labour Force Participation Rate (LFPR) in current weekly status

2.1.1 Labour force refers to the part of the population which supplies or offers to supply labour for pursuing economic activities for the production of goods and services and therefore, includes both ‘employed’ and ‘unemployed’ persons. Labour Force Participation Rate (LFPR) is defined as the percentage of population in the labour force. Labour force according to *current weekly status* (CWS) is the number of persons either employed or unemployed on an average in a week of 7 days preceding the date of survey. In Statement 1, estimates of LFPR in CWS are presented.

Statement 1: Labour Force Participation Rate (in per cent) in CWS in urban areas			
survey period	male ^{\$}	female	all-India person ^{\$}
(1)	(2)	(3)	(4)
age: 15-29 years			
January – March 2021	57.2	18.3	38.4
April – June 2021	57.4	17.2	38.2
July – September 2021	57.2	17.2	38.0

2.2 Worker Population Ratio (WPR) in current weekly status

2.2.1 Worker Population Ratio (WPR) is defined as the percentage of workers in the population. The workforce measured in CWS gives the average picture of the workforce in a short period of one week during the survey period. The estimate of workforce in the CWS provides the number of persons who worked for at least 1 hour on any day during the 7 days preceding the date of survey. In Statement 2, estimates of WPR in current weekly status are presented.

Statement 2: Worker Population Ratio (in per cent) in CWS in urban areas			
survey period	male ^{\$}	female	all-India person ^{\$}
(1)	(2)	(3)	(4)
age: 15-29 years

2.3 Distribution of workers in current weekly status by broad status in employment

2.3.1 The workers in current weekly status are classified into three broad categories according to their status in employment. These broad categories are: (i) *self-employed*, (ii) *regular wage/salaried employee* and (iii) *casual labour*. Within the category of *self-employed* two sub-categories have been made as follows: (i) *own account worker and employer* combined together and (ii) *unpaid helper in household enterprises*. In Statement 3, distribution of the workers of age 15 years and above in CWS by status in employment are presented. It may be noted that self-employed persons who did not work either due to sickness or due to other reasons though they had self-employment work are included in column 4 of this Statement. Thus, the estimates given in column 4 may be higher than the sum of the estimates in column 2 and column 3.

Statement 3: Percentage distribution of persons (of age 15 years and above) working according to CWS by broad status in employment in urban areas

survey period	status in employment					all
	own account worker, employer	helper in household enterprise	self employed	regular wage/salaried employees	casual labour

2.4 Distribution of workers in current weekly status by broad industry of work

2.4.1 Three broad industries of work which have been considered here are agriculture sector (NIC-2008 codes 01-03), secondary sector including mining and quarrying (NIC-2008 codes 05-43) and tertiary sector (NIC-2008 codes 45-99). Distribution of workers of age 15 years and above in CWS, in these three broad industries of work are in Statement 4.

Statement 4: Percentage distribution of workers (of age 15 years and above) in CWS by broad industry of work in urban areas

s: includes Transgender

2.5 Unemployment Rate (UR) in current weekly status

2.5.1 *Unemployment rate* (UR) is defined as the percentage of unemployed persons in the *labour force*. The estimates of unemployed in CWS give an average picture of unemployment in a short period of 7 days during the survey period. According to the *current weekly status* (CWS) approach, a person was considered as unemployed in a week if he/she did not work even for 1 hour on any day during the reference week but sought or was available for work at least for 1 hour on any day during the reference week. In Statement 5, estimates of Unemployment Rate in CWS for the periods are presented.

Statement 5: Unemployment Rate (in per cent) in current weekly status in urban areas			
survey period	male ^{\$}	female	all-India person ^{\$}
(1)	(2)	(3)	(4)
age: 15-29 years			
January – March 2021	20.9	29.5	22.9
April – June 2021	24.0	31.0	25.5

3. Sample Size

3.1 Sample Size in urban areas in each of the survey period January – March 2021, April – June 2021, July – September 2021, October-December 2021 and January – March 2022: In urban areas, a rotational panel sampling design was used and in this rotational panel scheme each selected household in urban areas is visited four times – one with first visit schedule and other three with revisit schedule. In the Table below, the sample size in terms of FSUs (Urban Frame Survey blocks), households and persons in urban areas is given, separately for each of the survey period January – March 2021, April – June 2021, July – September 2021, October-December 2021 and January – March 2022. It may be noted that in each of these periods, besides the first visit sample (25 per cent of total sample size), samples in respect to three revisits (75 per cent of total sample size) were also surveyed.

Table : Sample size in urban areas in each of the Survey period January – March 2021, April – June 2021, July – September 2021, October-December 2021 and January – March 2022			
survey period	FSU (UFS blocks [#])	household	person
January – March 2021	5,601	44,000	1,72,484
April – June 2021	5,619	43,892	1,70,187
July- September 2021	5,676	44,272	1,71,405
October- December 2021	5,691	44,553	1,72,944
January – March 2022	5,714	44,778	1,73,091

[#]: Urban Frame Survey (UFS) blocks

3.2 Considering low sample sizes for giving estimates at different levels of disaggregation, the tables are presented in respect of Andhra Pradesh, Assam, Bihar, Chhattisgarh, Gujarat, Haryana, Himachal Pradesh, Jammu & Kashmir, Jharkhand, Karnataka, Kerala, Madhya Pradesh, Maharashtra, Odisha, Punjab, Rajasthan, Tamil Nadu, Telangana, Uttarakhand, Uttar Pradesh, West Bengal and Delhi. It may be noted that the figures for Jammu & Kashmir for quarters prior to July – September, 2021 included Ladakh while those corresponding to the quarters July – September, 2021, October-December 2021 and January-March 2022 do not include Ladakh.

FEEDBACK FORM

1. **Name** (optional):

2. **email id** (optional) :

3. **Your field of Work:** (please tick (✓) the relevant)

- (a) Govt Sector (b) Corporate Sector (c) Research (d) Civil Services
(e) NGO (f) Education (g) Art & Culture (h) Media
(i) Business (j) Student

4. Please mention the report/publication you are commenting on:

CONTENT

5. How useful/relevant is the Quarterly Bulletin for your professional interests [please tick (✓) the relevant]

- (a) very useful (b) Moderately Useful (c) not at all useful

6. How useful/relevant is the Quarterly Bulletin for your personal interests [please tick (✓) the relevant]

- (a) very useful (b) Moderately Useful (c) not at all useful

PRESENTATION

7. How do you find style of presentation of information of the Quarterly Bulletin? [please tick (✓) the relevant]

- (a) Excellent (b) Very Good (c) fair (d) not good at all

ACCESSIBILITY

8. How easy was it to access the Quarterly Bulletin?

- (a) Very easy (b) Moderately easy (c) difficult

9. ADDITIONAL COMMENTS

Please note: These comments may be used for internal and external promotional purposes but will not be attributed to the person making them, unless explicitly agreed to this in writing. (please add extra sheet if required)

Thank you for completing our feedback form!

Please send your valuable feedback to
