NATIONAL SAMPLE SURVEY ORGANISATION

THIRTY FOURTH ROUND : JULY 1979 - JUNE 1980

TABLES WITH NOTES ON OWN ACCOUNT TRADING ENTERPRISES AND NON-DIRECTORY TRADING ESTABLISHMENTS COVERING SOME MAJOR ASPECTS (EMPLOYMENT, EXPENDITURE, VALUE ADDED ETC.)

S E C T I O N O N E

I N T R O D U C T I O N

1.1 A survey on small scale enterprises in trade, hotels, restaurants, transport, storage & warehousing and service sector was carried out by the National Sample Survey Organisation in the thirty fourth round of its survey from 1st July 1979 to 30th June 1980 as a follow-up of the first Economic Census which was conducted by the Central Statistical Organisation during the last quarter of 1977 in which some broad information about non-agricultural enterprises of the country were collected.

1.2 The survey in the 34th round of the NSS covered the entire geographical area of the Indian Union except Sikkim, Andaman & Nicobar Islands, Lakshadweep, Dadra & Nagar Haveli and the rural area of Nagaland. Rural areas of tehsils Pal and Samri of district Surguja and tehsils Bijapur, Dantewara, Konta and Narayanpur of district Bastar of Madhya Pradesh, tehsils Rajura, Sironcha and Godh-Chiroli of district Chandrapur and tehsil Melghat of district Amravati of Maharashtra and Ladakh and Kargil districts of Jammu & Kashmir were also not covered.

1.3 The Governments of all the States and Union Territories except Chandigarh participated in the survey by canvassing samples at least of equal size as the central sample in the respective States and Union Territories.

kcr.

1.4 In the Economic Census enterprises were classified into two groups namely, (i) own account enterprises (OAE) i.e., enterprises having no hired worker and (ii) establishments i.e., enterprises having at least one hired worker. Establishments having hired workers were further classified into two categories namely, (a) non-directory establishments (NDE) i.e., establishments with total number of workers including household worker(s), if any, 5 or less and annual output/turnover/receipt less than Rs.1,00,000 and (b) directory establishments (DE) i.e., establishments with 6 or more workers including household worker(s), if any, and/or annual output/turnover/receipt Rs.1,00,000 or more. The survey conducted by the NSSO in the thirty fourth round was restricted to non-directory establishments and own account enterprises in trade, hotel & restaurant, transport, storage & warehousing and service sector. The enquiry for the directory establishments was covered by a separate survey conducted by the C.S.O. during October 1979 to September 1980. Government and public sector enterprises and those operated for less than 30 days (15 days for seasonal enterprises) which need not be a continuous period, during the last 365 days were kept out of the purview of the survey.

1.5 The basic design for the survey was a two-stage stratified one with enumeration block (EB) formed during the Economic Census as the first stage units (f.s.us) and enterprises as the ultimate units of enumeration. In each sample f.s.u., a sample of own account enterprises and non-directory establishments in trade, hotel and restaurants, transport, storage & warehousing and service sector was selected for the detailed enquiry.

1.6 The activities in trade are covered by NIC major groups 60 to 64 (wholesale trade); 65 to 68 (retail trade) and NIC groups 821 (purchase and sale agents and brokers) and 822 (auctioneers). In addition a few specified activities of free collection for sale of forest and other miscellaneous goods under agricultural

industry (NIC Division 0) were also covered in the survey as trading activity. Site approach was followed to identify the trading enterprises. However the trading enterprises having no fixed location like hawkers etc. were identified through household approach.

1.7 This report is based on data collected in the trade sector through schedule 2.41B in the central sample. It gives number of enterprises and some major aspects viz. estimated employment, fixed assets, working capital, outstanding loan, expenditure, earnings, value added and profit by states/union territories and all-India separately by rural and urban sectors. Another report covering detailed aspects of trading enterprises/establishments is being brought out separately. Section Two gives concepts and definitions used in the survey and Section Three gives summary results of the survey. Appendix - I gives statistical tables. A note on sample design and estimation procedure is given in Appendix - II. Appendix - III gives description of NIC groups a/ covered under trade and Appendix - IV gives the facsimile of the enquiry schedule.

kcr.

SECTION TWO

CONCEPTS AND DEFINITIONS

2.0 Some of the important concepts and definitions followed in the survey are given below :

2.1 Enterprise : An enterprise is an undertaking engaged in production and/or distribution of some goods and/or services not for the sole purpose of domestic consumption and carried out by members of the household/institutional body and/or hiring outside labour. An enterprise might be owned and operated by a single household or by several households jointly (on a partnership basis) or by an institutional body.

2.2 Own-Account Enterprise : An enterprise which is operated without any hired worker on a fairly regular basis was called an own account enterprise.

2.3 Establishment : An enterprise with at least one hired worker on a fairly regular basis was called an establishment. An establishment with six or more workers (including both household and hired) and/or with annual output/turnover/receipt Rs. 1,00,000 or more was termed a directory establishment. On the other hand, an establishment with less than six workers (including both household and hired) and annual output/turnover/receipt less than Rs. 1,00,000 was termed a non-directory establishment.

2.4 Trading enterprises : Trading was defined as an act of purchase of goods and their disposal by way of sale without any intermediate physical transformation of goods. The activities of intermediaries who did not actually purchase or sell goods but only arranged purchase and sale of goods and earned a remuneration by way of brokerage and commission were also covered in the trade schedule. Separate and distinct trading units of manufacturing concerns like sales shops of Delhi Cloth Mills, Bombay Dyeing, Bata Shoe etc. were also covered in the trade schedule.

Distributive agencies who undertook trading activity on commission basis were also included. Also the enterprises engaged in activities of (a) free collection for sale of honey (under NIC group 025 or 027), (b) free collection for sale of forest products like gathering of fodder, grass, etc., gathering of wild fruits and leaves and other forest products not elsewhere classified (under NIC groups 052, 053, 054 and 059), (c) free hunting, trapping and game propagation for commercial purposes (under NIC group 040), (d) free collection for sale of prawns, crabs and oysters (under NIC groups 060, 061, 063 and 069) and (e) free collection for sale of waste-paper, rags, ash, coal etc. (under NIC group X10) were covered in the survey as trading enterprises provided such enterprises engaged at-least one hired worker for the purpose. In short, enterprises engaged in activities covered by NIC major groups 60 to 68 (wholesale and retail trade), NIC groups 821 (purchase and sale agents and brokers), 822 (auctioneering), 025, 040, 052 - 061, 063, 069 and X10 were treated as trading enterprises. Sale of agricultural produce and manufactured products directly by the producer; agency activities of intermediaries in stock exchange, insurance, real estate, state lotteries and other financial matters and hiring out business of durable goods were not treated as trading activity.

2.5 Mixed activity : For enterprises persuing activities relating to any other sector in addition to trading, the trading part was treated as a separate enterprise if it could be distinguished in terms of employment, expenses, earnings etc. But if the activities could not be distinguished from one another, the whole enterprise was treated as trading enterprise only when the trading part was considered as major activity. Major activity was determined on the basis of approximate value of output/receipt/ turnover of different activities persued. In the obsence of such information, net revenue derived or the number of persons engaged in different activities or the time spent on different activities, whichever information was available was used to decide the major activity. In case of mixed activity of manufacturing and trade such as handloom weavers, sweetmeat shops etc., by convention manufacturing was taken as the major activity when information on trading part could not be separated out. Pan shop was treated as a trading enterprise.

kcr.

2.6 Nature of trade : Trading enterprises were classified into 5 types as given below :

(i) Wholesale trade : In the wholesale trading enterprise, goods are generally broght from the producer and sold to the / ~~between~~ the producer and the retailer. A wholesaler sells his goods to other wholesalers or users in bulk for further processing in manufacturing enterprise or sells in bulk to commercial, institutional, professional or other consumers.

(ii) Retail trade : In the retail trade, goods are brought from the wholesalers or dealers and sold to consumers. The retail trader is an intermediary between a wholesaler and consumers or users.

(iii) Wholesale and retail : Trading enterprises performing both wholesale and retail trading activity were classified under 'wholesale and retail'.

(iv) Commission agents : Brokers and commission agents in the trading activity who did not directly buy or sell goods but only arranged buying and selling on behalf of other concern and earned a remuneration by way of brokerage or commission were classified under 'commission agents'.

(v) Others : Enterprises performing any other trading activity were classified under 'others'.

2.7 Ownership : Each enterprise was categorised under any one of the following types of ownership :

(i) Proprietory : Type of ownership was said to be proprietory where an individual was the sole owner of the enterprise. Such enterprises were further divided into two as :

(a) Household : If the enterprise was located in the house where the owner of the enterprise resided or if the enterprise activity was carried on without any fixed premises, then the enterprise was called household enterprise. All partnership enterprises without any fixed premises were, however, also considered as 'household enterprises'.

/ retailer. A wholesaler is generally regarded as an intermediary between

(b) Others : All other enterprises were treated as 'others'.

(ii) Partnership : Where there were two or more owners of the enterprise on a partnership basis, with or without formal registration, type of ownership of the enterprise was considered as partnership.

(iii) Private limited : When the enterprise was owned by a private limited company of corporate sector, type of ownership was private limited.

(iv) Public limited : When the enterprise was owned by a public limited company of the corporate sector, type of ownership was public limited.

(v) Co-operative Society : When the enterprise was owned by a co-operative society, type of ownership was categorised as co-operative society.

(vi) Registered and unregistered institutions : An enterprise with institutional ownership, registered under public trust or Society's Act, was termed a registered institution. An enterprise with ownership neither proprietory nor partnership but rather institutional without being a public limited or private limited company or co-operative society and not registered under Society's Act was termed as unregistered institution.

2.8 Employment : Total employment meant average number of persons per working day during last month who participated in or for the enterprise including both hired employees and not-hired workers. Participation covered all types of direct involvement in enterprise activity including both part time and full time employees. The word 'average' meant the modal value of the number of persons i.e. the number which occurred most frequently during last month.

2.9 Hired employees and not hired workers : All participants participating in the enterprise were broadly classified into two categories viz. 'hired' and 'not hired'. Apprentices paid or unpaid were treated as hired employees. Hired employees viz. persons employed in the enterprise and receiving regular wage or salary were further classified into two groups viz. hired workers and other hired employees. Hired workers were hired employees who performed, more or less on regular basis, any activity directly connected with the enterprise process which included darwans, sweepers, cleaners and attendants. Paid family workers performing any of the above activities were treated as hired workers. Clerical, supervisory and managerial staff were not included under hired workers. They alongwith receptionists, telephone operators were categorised as other hired employees. Persons not receiving regular wage/salary were treated as not hired workers.

2.10 Fixed assets : Value of all fixed assets as on date of survey, owned by the enterprise was considered. Assets acquired on hire purchase was also considered as owned. Value of fixed assets meant the money value those could fetch if those were sold in the market in the same condition.

2.11 Working capital : Total value of goods and materials and stores of the enterprise as on date of survey plus total amount receivable by the enterprise on date of survey on account of goods sold on credit minus amount payable by the enterprise as on date of survey on account of purchase of goods on credit was considered as working capital.

2.12 Outstanding loan : Cash loans only taken from various agencies were considered. The balance of loan (excluding interest) which was still outstanding on the date of survey was considered as outstanding loan.

2.13 Emoluments : Salaries, wages and allowances; any ex-gratia payments made; bonus paid; value of benefits to individuals like food, beverage, clothing and lodging provided free of charge or at subsidised rate as net cost to the employer; expenses to provide

certain amenities and schemes of welfare for the employees like canteens, sports, club, dispensaries etc; employer's contribution to social security and other payments such as contribution to provident fund, pension, gratuity etc. as well as social security charges such as employer's contribution to employee's state insurance, compensation for work injuries, unemployment befefits etc. for hired employees as well as not-hired workers were included under total emoluments.

2.14 Rent on assets not owned : Total rent payable by the enterprise for hired assets for the reference period was treated as rent on assets not owned/rent on fixed assets.

2.15 Interest paid : Interest payable for the reference period for current loan and also outstanding loans taken prior to the reference period for the enterprise was treated as interest paid.

2.16 Total expenses : This included value of purchase (cash and credit purchases only excluding barter transactions) of all commodities as well as home grown production acquired for trade during reference period; value of packing materials and other stores consumed for the enterprise activity; expenses for repair and maintenance of fixed assets undertaken during reference period and other operational expenses such as electricity charges, expenditure on local rates, taxes, advertising charges, transport charges, stationery, postage and telephone charges etc. Rent, interest and emoluments to employees were not included under 'total expenses/total input.'

2.17 Total receipts : Value of all commodities sold by the trading enterprise (cash and credit sales only excluding barter transactions) during the reference period; imputed value of goods withdrawn by the enterprise for home consumption or for purposes other than trading activity and any other receipts of the enterprise were included under total receipts.

2.18 Value added : Value added was total receipts less total expenses.

kcr.

2.19 Profit : Total emoluments to employees, rent on assets not owned and interest paid when subtracted from value added gave profit.

2.20 Reference period : The reference period for employment was the last month. For items like total expenses, rent, interest, total emoluments, total receipts, reference period was both last month as well as last year. The reference period for fixed assets, working capital and outstanding loan was the date of survey. For enterprises maintaining regular books of accounts, information for the last accounting year was collected. However, for enterprises not maintainin regular books of accounts, information for last 365 days ending on the day preceding the date of enquiry was collected. In this report, estimated figures of total emoluments, rent on fixed assets, interest, expenses of enterprises, total receipts, value added and profit represent annual figures.

---

kcr.

S E C T I O N T H R E E

SUMMARY RESULTS

3.1 Sample Size : Table 1 below presents the sample sizes separately for the rural and urban sectors by trade class and enterprise type - own-account enterprise (OAE) and non-directory establishment (NDE) at the all-India level. These sample sizes are relevant for the estimates presented in Tables 2 to 4 of this section.

Table 1 : Number of sample enumeration blocks and enterprises surveyed by sector, trade class and enterprise type, all-India (1979-80)

[number of sample enumeration blocks : (a) rural - 6661; (b) urban - 10662]

trade class (NIC major group)	no.of sample enterprises			
	rural		urban	
	OAE	NDE	OAE	NDE
(1)	(2)	(3)	(4)	(5)
1. wholesale trade (60 - 64)	207	187	858	821
2. retail trade (65 - 68)	15048	5100	23954	15893
3. purchase and sale agents, brokers and auctioneers (82)	131	140	707	1173
4. free collection for sale (02-06, X10) a/	-	84	-	233
5. total	15386	5511	25519	18120

3.2 Aggregate estimates in all the tables of this section are given in hundreds (00). Totals may differ marginally from the figures obtained by adding the corresponding individual figures because of rounding errors.

a/ OAEs engaged in 'free collection for sale' were out of survey coverage.

kcr.

3.3 Number of enterprises and value added : Table 2 below presents (a) estimated number of trading enterprises, (b) their percentages over sector-wise total and (c) average annual value (Rs.) added per enterprise by sector, enterprise type and trade class.

(i) Out of about 60 lakh enterprises in the country, 36 lakh (60%) were located in the rural and the rest 24 lakh (40%) in the urban areas against 1981 census population of about 77% in the rural and 23% in the urban areas.

(ii) Out of these 60 lakh enterprises about 56 lakh (93%) were OAEs and the residual 4 lakh (7%) were NDEs. The pattern was similar in both the rural and urban sectors. Percentage of OAEs were 95 in the rural and 91 in the urban sector. Thus it is seen that more than 90% of the enterprises were operated without having any hired worker on more or less regular basis. That is, trading business were mostly run using the household members only.

(iii) About 96% of the enterprises were engaged in retail trade, 2% in wholesale trade, and residural 2% were agents, brokers etc. It is observed from the Appendix tables that 81% of retail traders in the rural areas and 61% in the urban areas were engaged in trade of food, food articles, beverages, tobacco and intoxicants (NIC major group 65). Among the wholesale traders, 70% in the rural and 56% in the urban areas were engaged in trade of food, texile etc. (NIC major group 60). Thus it is evident that trading in food and food articles were most dominant among the traders.

cr.

2. retail trade	33075	1532	34608	20431	2054	22485	53506	3586	57092
3. agent, broker etc.	277	44	321	585	119	704	863	163	1025
4. free collection for sale	-	27	27	-	26	26	-	54	54
5. total	33890	1694	35583	21497	2269	23766	55386	3963	59349
(b) percentage of enterprises over sector total									
1. wholesale trade	1.5	0.3	1.8	2.0	0.3	2.3	1.7	0.3	2.0
2. retail trade	93.0	4.3	97.3	86.0	8.6	94.6	90.2	6.0	96.2
3. agent, broker etc.	0.8	0.1	0.9	2.5	0.5	3.0	1.5	0.3	1.7
4. free collection for sale	-	0.1	0.1	-	0.1	0.1	-	0.1	0.1
5. total	95.2	4.8	100.0	90.5	9.5	100.0	93.3	6.7	100.0
(c) Average annual value added in Rs.(00) per enterprise									
1. wholesale trade	38	52	40	969	97	858	480	71	423
2. retail trade	21	54	23	44	77	47	30	68	32
3. agent, broker etc.	18	68	25	153	173	156	109	145	115
4. free collection for sale	-	30	30	-	39	39	-	34	34
5. combined	22	54	23	68	83	69	39	70	42

(iv) There were about 1 lakh enterprises engaged in purchase and sale agency, brokerage and auctioneering - about 32 thousand in rural and 70 thousand in urban areas, mostly OAE in both the sectors.

kcr.

(v) Activities, of free collection of forest produces, prawns etc., coal, ash etc. for sale are usually restricted to individuals. Running such activity employing hired worker is a rare occurance. Such NDEs were only about 27 hundred in the rural and 26 hundred in the urban areas.

(vi) Total value added annually through trading activity was estimated as around Rupees 2500 crores out of which share of rural and urban sectors was 33% and 67% against 60% and 40% of number of enterprises respectively. Number of wholesale traders was only 2% but its share in the annual value added was more than 20%. Contribution to value added was 88% from the OAEs and 12% from the NDEs.

(vii) Annual value added per enterprise was about Rs.4200/-. The figure was about Rs.2300/- for the rural and Rs.6900/- for the urban areas. In general value added per NDE was more than that per OAE except for wholesale trade in urban areas where value added per enterprise was about Rs. 1 lakh for OAEs against Rs. 10 thousand for NDEs. Value added per enterprise for wholesale trade was about 13 times that for retail trade. Also this figure for agent, broker etc. was about 3.5 times that for retail trade.

3.4 Economic Census : This survey being a follow up of 1977 Economic Census (EC), the estimated number of trading enterprises obtained in the survey is compared below with the corresponding EC figure. 1980 EC figures are also presented in col.(4) of Table 3. OAEs were not covered in 1977 EC. Also 1977 EC results are presented for all the enterprises having at least one hired worker, that is, NDE + DE. Directory establishments (DE) were not surveyed in the NSS but a list of DEs were collected at the listing stage. Therefore NSS estimates of NDE + DE are obtained using the listing schedule.

kcr.

Table 3 : Estimated number of trading establishments (NDE+DE) obtained in NSS compared with 1977 Economic census figure.

sector	number of establishments in (00) (NDE + DE)		
	NSS (1979-80)	Economic Census (1977)	Economic Census (1980) a/
(1)	(2)	(3)	(4)
rural	2766	2140	2754
urban	5891	4447	7307
total	8657	6587	10061

a/ excluding Assam

Strict comparison of NSS estimates with the EC figures are not valid because public sector enterprises and those operated for less than 30 days (15 days for seasonal enterprises) during last 365 days preceding the date of survey were out of coverage in the NSS but such enterprises were counted in the EC. Also change of reference period - 1977 and 1980 for EC and 1979-80 for NSS - has to be considered.

3.5 Employment : Table 4 below presents employment particulars in trading enterprises by sector, enterprise type and trade class. Out of about 90 lakh persons engaged in trading enterprises, 52 lakh (57%) were in rural areas and the rest 38 lakh (43%) in the urban areas. About 89% of the persons employed in trading were engaged in OAEs, that is, in their own household enterprises. Average number of persons per NDE was about double than that per OAE. Over-all employment per enterprise was 1.5. The average figures were of the same order for both the sectors.

kcr.

Table 4 : Estimated employment and their percentage and number of persons employed per trading enterprise by sector, enterprise type and trade class, all-India (1979-80)

5. combined	1.4	2.5	1.5	1.5	2.6	1.6	1.4	2.6	1.5

kcr.

3.6 Ownership type : Table 5 presents number of enterprises and their employment particulars by sector and ownership type. Out of about 60 lakh enterprises, ownership type was proprietory for about 57 lakh (96%) of them. It seems that partnership business is not popular in India. In the urban areas about 5% of the enterprises were partnership but in the rural areas it was only 1%. Place of co-operatives in the trading activity is only marginal. There were only about 17 thousand enterprises under co-operative ownership in the trading activity against the total of 60 lakh trading enterprises. Average employment per enterprise was 2.6 for the partnership against 1.5 for the proprietory enterprises and 1.9 for the co-operatives. In short, the trading activity in the country is a monopoly of private proprietory ownership.

Table 5 : Estimated number and percentage of enterprises and employment particulars by sector and ownership type, all-India (1979-80)

APPENDIX - I : STATISTICAL TABLES

List of tables

table number	description of table	page number	
		rural	urban
(1)	(2)	(3)	(4)
Table (0)	Number of sample enumeration blocks and number of trading enterprises surveyed by rural and urban sectors and by states and all-India.	- 19 -	
Table (1)	Estimated number of enterprises and total employment by type of enterprise and by NIC major group by states and all-India.	20-35	207-238
Table (2)	Estimated number of enterprises and total employment by type of ownership and NIC major group by states and all-India.	36-71	239-278
Table (3)	Estimated number of enterprises and total employment by type of ownership and enterprise type by states and all-India.	72-98	279-306
Table (4)	Per enterprise estimates of selected items by type of ownership by states and all-India.	99-125	307-334
Table (5)	Per enterprise estimates of selected items by NIC major group separately for enterprise type by states and all-India.	126-206	335-456

Note : 1. In tables(1),(2)&(5), estimates are also presented for NIC groups having cell frequency (number of sample enterprises) 50 or more for at least one cell (type of enterprise/type of ownership).

2. In table(2), columns giving total figures of all types of ownership taken together could not be presented due to shortage of space. However, those are directly available at NIC major group level from table(1).

3. In tables(1)&(2), estimates against NIC major group 66 may not agree to the total of estimates against NIC groups 660 & 661 as there were some inadmissible codes in the tables at 3-digit level against this major group which were treated to be under this major group keeping NIC major group estimates unchanged. The similar reason is also applicable to Table(5).

APPENDIX - II

SAMPLE DESIGN AND ESTIMATION PROCEDURE

1. Basic design : The sample design in both rural and urban areas was a stratified two stage one, with enumeration blocks (EBs) of 1977 economic census being the first stage units and enterprises in the sample EBs being the second stage units.

2. Stratification : There are 73 regions all over India (excluding areas not covered by NSS). These regions were formed within a state/union territory except in Gujarat by grouping contiguous districts of similar agricultural profile. In Gujarat, regions were formed by grouping contiguous tehsils taking into consideration the concentration of tribal population and dry areas of the state. Each district was treated as a stratum except in Gujarat where parts of a district belonging to different regions were treated as different strata.

3. Sampling frame : The enumeration blocks (EB) formed during 1977 Economic Census (EC), showing the number of DE and NDE for the different industries for each EB, were used as sampling frame for the selection of EBs, the first stage units of sampling. However, due to non-availability of EC frame, UFS frame was used as the sampling frame for the urban areas of Nagaland and 1971 census list of villages was used as sampling frame for rural areas of Chandigarh.

4. Sub-stratum : All the EBs in each district/stratum were divided into 2 sub-strata. Sub-stratum 1 consisted of all EBs having at least one DE and/or NDE in any of the 4 industries namely, (i) trade, (ii) hotel and restaurant, (iii) transport and (iv) storage and warehousing. Residual EBs constituted sub-stratum 2. However, in rural areas of Gujarat, 3 sub-strata were formed by sub-dividing sub-stratum 2 in two parts, viz. EBs not having any DE or NDE in any of the 4 industries specified above but containing at least one DE and/or NDE in any of the remaining industries covered by the Economic Census constituted sub-stratum 2; and the residual EBs constituted sub-stratum 3.

kcr.

5. Allocation : The total number of sample enumeration blocks for the state/union territory was fixed on the basis of the number of investigators available for the survey in the state/union territory. The total number of sample EBs in a state or union territory was first allocated to the rural and urban sectors of the districts in proportion to total number of directory and non-directory establishments in the four industries (viz. trade, hotel and restaurant, transport and storage and warehousing) in the respective districts and sectors. District-wise sample size was then distributed between sub-stratum 1 and 2 approximately in the ratio 5 : 1, separately for the rural and urban sectors.

6. Selection of EBs : Sample EBs were selected from sub-stratum 1 with probability proportional to total number of DE + NDE under the industries namely, (i) trade, (ii) hotel and restaurant, (iii) transport, and (iv) storage and warehousing with replacement. From sub-stratum 2, sample EBs were selected at random.

7. Sub-division of EBs : Normally each sample EB was completely surveyed. But where the EB population exceeded 1,000 or number of DE + NDE exceeded 200, the EB was sub-divided into two or more sub-blocks of nearly equal population or DE + NDE content and the survey was confined to one of the sub-blocks selected at random.

8. Sampling of enterprises : There were 11 schedules of enquiry for the different enterprises under survey coverage as :

	schedule type	enterprise type
1.	2.31B	mechanised passenger & goods transport - NDE & OAE
2.	2.32B	non-mechanised passenger & goods transport - NDE & OAE
3.	2.33B	services incidental to transport - NDE & OAE
4.	2.34B	storage & warehousing - NDE & OAE
5.	2.41B	trade - NDE & OAE
6.	2.42B	hotel & restaurant - NDE & OAE
7.	2.51B	OAE in service sector

kcr.

schedule type		enterprise type
8.	2.52B	other recognised educational non-directory establishment
9.	2.53B	non-govt. medical and health non-directory establishment
10.	2.54B	community & non-commercial cultural non-directory establishment
11.	2.55B	non-directory establishment in service sector other than education, medical, health, community & non-commercial cultural services

In each sample EB, all the OAEs eligible for sch. 2.51B were surveyed. Also in each EB, a maximum of 12 NDEs were surveyed. Further in each EB 3 OAEs other than OAEs, eligible for sch. 2.51B were surveyed. In EBs having no eligible NDE, 5 OAEs were surveyed.

NDE : When total number of NDE eligible for survey exceeded 12 in an EB, 12 sample NDEs were distributed over different schedule types as follows. First, one NDE was alloted to each schedule type. Next, one more was allotted to each schedule type in the priority order of schedules 2.31B, 2.32B, 2.33B, 2.34B, 2.52B, 2.53B, 2.54B, 2.55B, 2.41B and 2.42B until the total number of sample NDEs became 12. This procedure was repeated as many times as warranted to arrive at 12 sample NDEs. Circular systematic sample of NDEs was selected independently from each schedule type.

OAE : A circular systematic sample of 3 or 5 OAEs, as required, was selected taking all the schedule types (excepting schedule 2.51B) together. Sample OAEs eligible for schedule 2.41B were surveyed for the trade survey.

9. Sample size : At all-India level in the Central sample, 6661 rural and 10662 urban EBs were surveyed.

kcr.

Estimation Procedure

10. Notations : The following notations are used for obtaining various estimates.

r	:	subscript for region
s	:	subscript for district/stratum
s_1	:	subscript for sub-stratum 1 of sth district/stratum
s_2	:	subscript for sub-stratum 2 of s-th district/stratum
s_3	:	subscript for sub-stratum 3 of s-th district/stratum (for Gujarat - rural areas only)
t_1	:	subscript for non-directory establishments (NDE), canvassed in schedule 2.41B
t_2	:	subscript for own-account enterprises (OAE) canvassed in schedule 2.41B
i_1	:	subscript for sample enumeration block (EB)/sub-block in sub-stratum 1
i_2	:	subscript for sample enumeration block (EB)/sub-block in sub-stratum 2
i_3	:	subscript for sample enumeration block (EB)/sub-block in sub-stratum 3 (for Gujarat - rural areas only)
j	:	subscript for enterprise/establishment
z	:	size of an EB
Z	:	total size of a district/stratum
D	:	number of sub-blocks actually formed in an EB
n	:	number of EBs surveyed
K	:	number of districts/strata in a region

$H_{s_1 i_1 t_1} / H_{s_2 i_2 t_1}$ = total no. of NDEs of sch. type 2.41B(trade) listed in the i-th sample block of sub-stratum 1/sub-stratum 2

$h_{s_1 i_1 t_1} / h_{s_2 i_2 t_1}$ = no. of NDEs of sch. type 2.41B(trade) surveyed in the i-th sample block of sub-stratum 1/sub-stratum 2

$L_{s_1 i_1 t_2} / L_{s_2 i_2 t_2}$ = total number of OAEs other than OAEs eligible for schedule 2.51B listed in the i-th sample block of sub-stratum 1/ sub-stratum 2

kcr.

$I_{s_1 i_1 t_2} / I_{s_2 i_2 t_2}$ = total number of OAEs other than OAEs eligible for schedule 2.51B surveyed in the i-th sample block of sub-stratum 1/sub-stratum 2

11. The estimation procedure adopted for schedule 2.41B is described below. In the following, Y stands for the estimate of the state total of the characteristic y based on the whole sample. To obtain Y, the estimates of Y_{s1} and Y_{s2} of the characteristic y for sub-stratum 1 and sub-stratum 2 respectively are to be prepared.

$$Y_{s_1} = \frac{Z_{s_1}}{n_{s_1}} \sum_{i_1=1}^{n_{s_1}} \frac{D_{s_1 i_1}}{Z_{s_1 i_1}} \left(Y_{s_1 i_1 t_1} + Y_{s_1 i_1 t_2} \right)$$

and $$Y_{s_2} = \frac{Z_{s_2}}{n_{s_2}} \sum_{i_2=1}^{n_{s_2}} D_{s_2 i_2} \left(Y_{s_2 i_2 t_1} + Y_{s_2 i_2 t_2} \right)$$

where $$Y_{s_1 i_1 t_1} = \frac{H_{s_1 i_1 t_1}}{h_{s_1 i_1 t_1}} \sum_{j=1}^{h_{s_1 i_1 t_1}} y_{s_1 i_1 t_1 j} \quad ;$$

$$Y_{s_1 i_1 t_2} = \frac{L_{s_1 i_1 t_2}}{I_{s_1 i_1 t_2}} \sum_{j=1}^{s_1 i_1 t_2} y_{s_1 i_1 t_2 j} \quad ;$$

$$Y_{s_2 i_2 t_1} = \frac{H_{s_2 i_2 t_1}}{h_{s_2 i_2 t_1}} \sum_{j=1}^{h_{s_2 i_2 t_1}} y_{s_2 i_2 t_1 j}$$

and $$Y_{s_2 i_2 t_2} = \frac{L_{s_2 i_2 t_2}}{I_{s_2 i_2 t_2}} \sum_{j=1}^{I_{s_2 i_2 t_2}} y_{s_2 i_2 t_2 j} \quad .$$

..... Contd/-

kcr.

Then, $Y_s = Y_{s_1} + Y_{s_2}$

and $$Y = \sum_{r} \sum_{s=1}^{K} Y_s .$$

It may be noted that values of H and h relate to the schedule 2.41B only but the values of L and l are for all the OAE (other than schedule 2.51B) schedules combined.

12. For Gujarat (rural areas only),

$$Y_s = Y_{s_1} + Y_{s_2} + Y_{s_3}$$

and $$Y = \sum_{r} \sum_{s=1}^{K} Y_s .$$

The value of Y_{s_3} is to be obtained using the relation for Y_{s_2} given in para 11.

13. Estimates of Ratios : Estimates of ratios of two characteristics are given by the ratio of the estimates of aggregates of the items appearing in the numerator and the denominator of the ratio. First the aggregates of the two characteristics are to be estimated at the level required and the ratios are to be computed at the final stage as $R = \frac{Y}{X}$, where R, X and Y are the estimates of the ratio and aggregates of two characters x and y respectively.

kcr.

APPENDIX - III

DESCRIPTION OF N I C GROUPS COVERED UNDER TRADE

major group	group a/	description
(1)	(2)	(3)
02	025/027	Rearing of bees and production of honey and wax
04	040	Hunting, trapping and game propagation for commercial purposes (other than for sport)
05	052	Production of fuel (including charcoal by burning) by exploitation of forests
	053	Gathering of fodder by exploitation of forest
	054	Gathering of uncultivated materials such as gums resins, lac, barks, herbs, wild fruits and leaves by exploitation of forests
	059	Other forest products not elsewhere classified such as munjh
06	060	Ocean, sea and coastal fishing
	061	Inland water fishing
	063	Collection of pearls, conches, shells, sponge and other sea products
	069	Fishing and allied activities not elsewhere classified
X1	X10	Activities not adequately defined (other than those in XO : Persons without any affiliation to any particular industry (including fresh entrants to labour force))
60		WHOLESALE TRADE IN FOOD, TEXTILES, LIVE ANIMALS, BEVERAGES AND INTOXICANTS
	600	Wholesale trade in cereals and pulses
	601	Wholesale trade in foodstuffs other than cereals and pulses

a/ The NIC groups under major groups 02, 04, 05, 06 and X10 do not cover all the activities as given in the description above but cover only the activities of free collection for sale under the respective groups.

.....contd./-

kcr.

major group	group	description
(1)	(2)	(3)
	602	Wholesale trade in textiles and textile products, like all kinds of fabric garments, shirtings, suitings, hosiery goods, etc.
	603	Wholesale trade in beverages other than intoxicants, e.g. aerated water.
	604	Wholesale trade in intoxicants like wines and liquors including bottling
	605	Wholesale trade in intoxicants like opium, ganja, etc.
	606	Wholesale trade in tobacco and tobacco products
	607	Wholesale trade in animals
	608	Wholesale trade in straw and fodder
61		WHOLESALE TRADE IN FUEL, CHEMICALS, PERFUMERY, CERAMICS, GLASS
	610	Wholesale trade in medicines and chemicals
	611	Wholesale trade in fuel and lighting products
	612	Wholesale trade in toilets, perfumery and cosmetics
	613	Wholesale trade in metal, porcelain and glass utensils crockery and chinaware
62		WHOLESALE TRADE IN WOOD, PAPER, OTHER FABRICS AND SKIN AND INEDIBLE OILS
	620	Wholesale trade in petrol, mobil oil and allied products
	621	Wholesale trade in wood, cane, bamboo, thatches, etc.
	622	Wholesale trade in paper and other stationery goods
	623	Wholesale trade in skin, leather and fur, etc.
63		WHOLESALE TRADE IN ALL TYPES OF MACHINERY, EQUIPMENT INCLUDING TRANSPORT AND ELECTRICAL EQUIPMENTS
	630	Wholesale trade in agricultural and industrial machinery, e.g. harvestors, threshers, sowing machines, etc.

kcr.

..... contd./-

major group	group	description
(1)	(2)	(3)
	631	Wholesale trade in electrical machinery and equipment
	632	Wholesale trade in transport and storage equipment
64		WHOLESALE TRADE IN MISCELLANEOUS MANUFACTURING
	640	Wholesale trade in furniture and fixtures
	641	Wholesale trade in rubber and rubber products
	642	Wholesale trade in household and equipment not elsewhere classified
	643	Wholesale trade in building materials
	644	Wholesale trade in clocks, eye-glasses and frames
	645	Wholesale trade in hardware and sanitary equipment
	646	Wholesale trade in scientific, medical and surgical instruments
	647	Wholesale trade in precious metals, stones and jewellery
	649	Wholesale trade in goods not elsewhere classified
65		RETAIL TRADE(RT) IN FOOD ARTICLES, BEVERAGES, TOBACCO AND INTOXICANTS
	650	Grain and grocery stores
	651	Vegetable and fruit selling
	652	Dealers in meat, fish and poultry
	653	Dealers in sweetmeat, bakery products, dairy products & eggs
	654	Pan, bidi and cigarette shops
	655	Dealers in aerated water, soft drinks and ice cream
	656	Wine and Liquor shops
	659	Retail trade in food and food articles, beverages, tobacco, and intoxicants not elsewhere classified

..... contd./-

kcr.

major group	group	description
(1)	(2)	(3)
66		RETAIL TRADE IN TEXTILES
	660	Dealers in textiles (non-ready made)
	661	Dealers in ready-made garments
67		RETAIL TRADE (RT) IN FUELS AND OTHER HOUSEHOLD UTILITIES AND DURABLES
	670	Dealers in firewood, coal and kerosene oil
	671	Utensil shops
	672	Fancy Stores (including crockery and glassware dealers)
	673	Dealers in electrical and electronic goods
	674	Furniture shops
	675	Jewellery marts
	676	Footwear shops
	679	Retail trade in fuel and other household utilities and durables not elsewhere classified
68		RETAIL TRADE IN OTHERS
	680	Medical shops
	681	Booksellers and stationers
	682	Dealers in building material
	683	Dealers in transport equipment
	684	Petrol filling stations
	689	Retail trade in others not elsewhere classified
82	821	Purchase and sale agents and brokers
	822	Auctioneering
