

IRRIGATION

Statistics of area irrigated by different sources and area irrigated under different crops are presented under this section.

Table 8.1(A) & (B)

This table presents data regarding net area irrigated by different sources. If two or more crops on a given piece of land are irrigated in the same year from the same source, the area is counted only once.

Table 8.2(A) & (B)

This table provides data for total irrigated area under various crops which represents gross irrigated area and includes area irrigated under more than one crop during the same year. Area irrigated more than once in a harvest season is counted only once.
