10	Elegant Microwels Pvt. Ltd.	Ms. Dhara Gupta	9325546946	dhara@elegantmicrowels.com

3.   At the outset the Chairman welcomed everyone present and expressed delight over the response of the prospective bidders for the instant case. To begin with the proceedings of the meeting the Chairman clarified the following points:-

(a)   At this juncture, all queries related to domain and technical issues would be discussed/ clarified.

(b)   No changes in RFP concerning with PQR, Scoring Criteria and that carry any additional financial implication would be advisable and feasible at this stage.

4.   T hereafter, queries/ points that were raised by the prospective bidders in the meeting and in their email were discussed. The summary of discussions and decisions/ clarifications thereof are as tabulated below:

Ser	Query	Ref of RFP (English Version)	Clarification
I	Why **bilingual** Web Application is required?	First bullet of the Objective at page 12	For effective implementation of Official Language Policy of Govt. of India, provision for **bilingual** Input/ Output Screens and reports **are** required. Hence, successful vendor has to develop the IIP web application keeping in view of the OL policy of the Government. If required, soft copy of NIC **bilingual** Directory will be provided by the ESD/Computer Centre to the successful vendor for the use IIP Web Application only.

II	a. Can we know database used by these source agencies for their application? b. Do we have to understand their existing Data structure OR are they going to provide us SQL (Query) to fetch data?	Serial No. 1 in the table under para 3.4: Integration with existing online portals of sources [at page 14].	a. Type of databases/ their data structure are not known at this stage. Successful Bidder has to identify it during SRS Phase. b. Both possibilities are there.
III	Do we know number of predefine formats we have to develop, as we have to import data from excel and ascii files.	Serial No. 2 in the table under para 3.4: Consolidated production figures without unit level information	It is not known at this stage. Successful Bidder has to identify it during SRS Phase
IV	How many forms we have to develop for data entry, will it be one or multiple	Serial No. 3 in the table under para 3.4: Collection of data directly from manufacturing agencies (4 agencies)	Multiple

V	Can we have details about database used by reviewing agencies for their application		Already replied at Serial No. II.
VI	Can we get exemption from 5CR eligibility required.	Serial No. 8 : Turnover at page 9.	No, please.
V	Can EMD be exempted as we do have NSIC and MSME Certification	Para XIV of Section-7: EMD at page No. 46	Yes. It is clearly mentioned in Para- XIV (i).
VI	Location of System Study	Item No. 1 of Broad Activities at page 12.	Mainly, System study of the project will be carried out in Delhi along with web based/telephonic consultation with source agencies located outside Delhi. ESD(MoSPI) will coordinate with all source agencies for providing required information to the vendor for carrying out the System Study.

VII	The volume of System Study is large. It cannot be completed in the given time i.e. 2 Weeks. It must be at least 4 Weeks.	Item No. 1 (SRS Submission with the period of 2 Weeks) of Milestone at page 13.	Agreed. Now, Vendor may submit SRS with in a period of 4 Weeks. Project completion period will be 5 months and 15 days. AMC period will start after Go-live of the project.
VIII	SMS integration	Email/SMS Module page No. 26	While developing this module, CERT-In guidelines need to be followed by the vendor.
IX	Pl let us know whether development of IIP Web Application will be carried out on-site or off-site.		On-site. Location of the site is Computer Centre (MoSPI), East Block-10, R. K. Puram, New Delhi-66.
X	Who will provide hardware for development activities?		Computer Centre (MoSPI) will provide.
XI	Please clarify whether 6500 factories means total factories or 6500 factories of each agency.	Item 1 (integration with existing online portals) at page 14	6500 factories here refers to the total across the 3 source agencies (i.e. DIPP, Tea Board and Directorate of Sugar & Vegetable Oil) and DSEO) pertaining to production, cumulative production in FY, value of production and installed capacity.

XII	Please clarify whether API of existing online portals will be provided or not.	Item 1 (integration with existing online portals) at page 14	APIs will be provided by the Source agency. In case APIs are not provided by source agency or not compatible with the IIP Web Application, APIs will also be developed by the Vendor.
XIII	What do you mean by rider sand correction file?	Item (i) at page 17	Data entered by the manufacturing units/source agencies will be validated through certain pre-defined checks at various stages and confirmations /authentication shall be sought from the respective manufacturing unit/source agency for items with high variation in data along with clarifications/ corrections (if any) for the same.
XIV	Give more clarity on this point means what is NIC 4, 3 etc.	Item (ii) at page 17	Indices are compiled at various level of aggregation as per their industrial classification (NIC). As we move up from NIC 5 digit to 4 digit to 3 digit to 2 digit etc indices are aggregated at each level.

XV	Give more clarity on this point means three database	Item (iii) at page 17: Preparation and updation of three database........	Compilation of IIP of a certain month is accompanied with revisions in the previous month and previous third month's data. Therefore, separate database need to be maintained for all 3 months viz. the Quick Estimate, the first revision and the final revision.
XVI	What type of MIS Reports? Any format of MIS Reports will be provided. Please explain in detail.	Item (ii)(C) at page 18: MIS Report	It will be provided by the ESD,MoSPI during System Study Phase.
XVII	Please give more details on Training Module	Page 19: Training Module	It is already given in the RFP. Training module is meant to assist various users (manufacturing units/ source agencies/ESD) to understand how to do data entry, validation, index compilation, report generation etc through the IIP web-application. More details will be explained during System Study Phase.

XVIII	Request for change in PQR and Scoring Criteria	Page 9 (PQR) and 34 (Scoring Criteria)	The Qualification of the Bidder and Scoring criteria is fair & transparent and is based on the recommendation of the Committee and approval of competent authority. It can not be changed.
XIX	CMMI Level should be for Software Development	Sl. No. 3 of the Table 2 at Page:33-34(Quality Certification)	Agreed. It is already mentioned with ISO 9001:2008 and skipped with CMMI Level. Hence it is typographical error. Corrigendum will be issued accordingly

5.   T o conclude, the Chairman thanked all the representatives for such wide participation and further emphasized that, suggestions for change in qualification criteria/ scoring criteria and suggestions that would carry additional financial implication is not possible at this stage. The clarifications discussed during the meeting would be published as corrigendum to RFP at both websites https://eprocure.gov.in and www.mospi.gov.in.

6.   There being no further points, the meeting was closed with thanks.

(Mridula Roy)
Deputy Director(CC)
/ Member Secretary (TC)
