The Office will arrange for a 2 days' familiarization workshop for the supervisory personnel of the Contractor at the office premises of the local DP Centers.

29.2 The entry and verification work of a FSU must be done by two different Data Entry Operators. To ensure this, all the Data Entry Operators should be given unique ID and password for SW use, so that DPD is in a position to identify who have entered/verified data. The Contractor should maintain relevant office record for this purpose.

29.3 The Contractor will make suitable arrangements up to the satisfaction of the DPD authorities for a computer-virus-free hardware environment where data entry will be carried on.

29.4 The entered and verified data will be subject to a random checking at the DPCs by the Authorized Officer(s) of DDG(DPD), to verify that the exact content of the filled-in schedule has been captured in the data. A random sample of 0.5% of the filled-in schedules will be checked. Entire output of submitted in a lot shall be rejected and returned back to the Contractor for rectification, if more than 1% of the data fields shows mismatch with the filled-in schedule.

29.5 The rejected lot must be corrected within 15 days from the date of communication, failing which a penalty of 10% will be imposed on the total bill raised for this part of the job.

29.6 There will be inspection by the officers of DPD at the premises of the Data Entry Unit where the work will be carried out, to check the overall quality of performance.

29.7 Payments to the Contractor would be strictly on certification by the Authorized Officer(s) of DDG(DPD), that quality of data entry has been checked and found satisfactory as per the norm stated above, on the bill preferred by the Contractor.

30. GENERAL CONDITIONS OF CONTRACT:

30.1 On acceptance of the tender, the successful tenderer should see that each worker is issued with proper identify card. Any change of workers should be intimated to the DDG(DPD) in writing.
